NEWTON.

—Bargains in Pianos, Farley, Newton.

—Miss Ella Parker is at Castine, Me.

—Miss E. P. Warren is at Derby line, Vt.

—Mr. J. L. Bailey is at New London, N. H.

—Mr. W. C. Hatch and family are at Brant Rock.

—Mr. E. D. Johnson is summering at Cottage City.

—Mr. and Mrs. Albert Allison are at Ludlow, Vt.

—Mr. and Mrs. T. O. Loveland are at Westmore, Vt.

—Mrs. J. T. Lodge is at the Cotochesell House, Wino.

—Mrs. M. T. Goddard is at Mt. Wachusett, Princeton.

—Dr. A. B. Jewell and family are at Kingston, N. H.

—Miss Grace Story is spending her vacation at Magnolia.

—Mr. E. W. Pope and family are sojourning at Nantasket.

—Mrs. W. E. Field is at the Crosby House, Oosterville.

—Misses C. P. and M. F. Jones are at Tamworth, N. H.

—Mrs. Irving Smith is at Tower's Hotel, Falmouth Heights.

—Mrs. Joseph N. Keller is at the Hallett House, Hyannisport.

—Mrs. A. M. Emery and H. L. Emery are at Wells River, Vt.

—Miss Mary A. Chaffin is at the Hesperus House, Magnolia.

—Miss Mabel Dyer is spending her vacation at Riverton, Ct.

—Rev. F. B. Hornbrooke and family are at York Village, Me.

—Miss Ellen Sampson returned from Rome, Me., August 1.

—Mrs. George B. Jones is at the Cotochesell House, Oosterville.

—Mrs. J. H. Sherburn is at the Hotel Nantucket, Nantucket.

—Mr. N. L. Ripley is at the Ridgewood, Kennebunk Beach, Me.

—Mrs. C. W. Loring is at the Ridgewood, Kennebunk Beach, Me.

—Mrs. A. M. Field is stopping at Tower's Hotel, Falmouth Heights.

—Mr. C. A. Haskell and family are at the Hotel Prescott, Lynn.

—Mr. H. S. Crowell is at the Norcross Hotel, Monument Beach.

—Mrs. Washington Warren of Nonantum street is at Chatham.

—Mrs. J. D. Barrows is among summer tourists at Greenboro, Vt.

—Congratulations for Mr. and Mrs. Herbert F. Bent. It is a boy.

—Mr. J. Wallace Goodrich is at the Cotochesell House, Wino.

—Mr. J. C. Brimblecom is away in New Hampshire on his vacation.

—Mrs. A. A. and children are at Cliff Cottage, North Scituate.

—Mr. Henry Tolman and family are at the Hotel Cutler, Cutler, Me.

—Mr. W. F. Hammett and family are at the Hallett House, Hyannisport.

—Mr. Arthur G. Jones and family are at the Hesperus House, Magnolia.

—Mr. W. C. Bates and family are at the Delphine House, East Gloucester.

—Mr. and Mrs. George F. Meacham are at the Broad Leaf Inn, Ripton, Vt.

—Mr. and Mrs. T. C. Parks are passing their vacation at Great Falls, N. H.

—Mr. C. J. Bailey and family are at the Norcross House, Monument Beach.

—Mr. and Mrs. C. H. Breck and family are at the Cotochesell House, Wino.

—Mr. G. H. Mandell and family are at the Prospect House, Meredith, N. H.

—Mr. John T. Langford and family are at the Wentworth, New Castle, N. H.

—Mr. and Mrs. E. D. Stephenson and Miss Grace Stevenson are at Tidouline, Pa.

—Mr. John Souther and Miss Souther leave this week for Sharon Springs, N. Y.

—Mrs. C. S. Johnson and youngest son have gone to Wells, N. H. for the month of August.

—Editor George H. Pratt of the Journal and family are away on a three weeks' vacation trip.

—Mr. E. P. Wright who has been visiting here, departed this week for his home in Denver, Col.

—Dr. Winslow has removed from Brackett's block to one of Dr. Stone's houses, 135 Vernon street.

—Mrs. Susan C. Rawson and Mr. and Mrs. George A. Rawson are at Lake Minnetonka, Minn.

—Mr. J. C. Darke has moved into the Jackson place on Waban Park, which he recently purchased.

—Rev. M. D. Babcock of Baltimore, Md., will preach in Eliot church next Sunday morning and evening.

—Dr. F. L. McIntosh, wife and daughter arrived at the Summit House, Mt. Washington, Wednesday evening.

—The electrician, H. E. Johnnot, has just completed the electric light wiring in Mr. Cole's residence at Woburn.

—Mr. and Mrs. E. H. Hames of Walnut Park, have returned from a visit at the Grand Union Hotel, Saratoga.

—City Treasurer and Mrs. Kenrick will spend the month at the Moosilauke, Breezy Point, White Mountains, N. H.

—Mr. B. L. Leeds and family are booked for September at The Moosilauke, Breezy Point, White Mountains, N. H.

—Mr. and Mrs. A. R. Bailey of Richardson street, are camping at Grafton, Me. with the A. M. C. for two weeks.

—Miss Blanche and Master Ward Raymond of Worcester are spending the week with their cousin, Miss S. Maude Bush.

—Mr. H. A. Flinn has returned from New York to enjoy a vacation trip, prior to assuming the duties of his new position.

—Thomas Costello of Co. K, the Newton company of the 32nd regiment, died recently in the Soldiers' Home at Togus, Me.

—Mr. James W. French and family are guests at the Tower's Hotel, Falmouth Heights, for the remainder of the season.

—The Waban Raquet Club plays the Wellesley Hills tennis cracks in the interclub series at Riverside tomorrow afternoon.

—Rev. Benj. R. Bulkeley of Concord, Mass., will preach at the Channing church next Sunday morning. Services at 10.30. All cordially invited.

—Mr. and Mrs. T. Aubrey Bryne of 21 Boyd street, are on an outing in New Hampshire, during their time between Plymouth and Colebrook.

—H. E. Johnnot, the electrician, has been awarded the contract for wiring Mr. Chas. F. Mason's new residence on Bailey Road, Watertown, for electric light.

—H. E. Chaplin, ticket clerk at the Newton station, goes to Provincetown Monday, and from there to his home in Shelburne Falls where he will pass his vacation.

—Arthur Hudson, son of Dr. Hudson, has returned from his three weeks' vacation, spent mostly in Newfield, Maine, farming, fishing and having a good time generally.

—Rev. Dillon Bronson, Dr. E. B. Hitchcock, Dr. Reid and Messrs. H. Leonard, and F. O. Barber left yesterday for Meddybemps, and No. Lubec, Me., on a two week's fishing trip.

—Mr. W. A. Alexander and family have returned from North Lubec, Me., where they spent three weeks in July and have now gone to Marblehead Neck for the remainder of the season.

—Mr. Geo. W. Bush has put on for depot work a new and handsome extension front brougham, made to his order by P. A. Murray. It gives a stylish air to the Newton, and promises to be a popular conveyance.

—Mr. J. L. Curtis was presented with a blue lodge charm of gold set with diamonds, by some of his Boston Masonic friends a few days ago. He is a member of Dalhousie lodge of this city and a prominent Odd Fellow at Woburn.

—Dr. Thomas F. Carroll of this city attended the picnic given by Alderman P. H. Donohue on the grounds of his beautiful estate in Draught Wednesday. Over 800 prominent Democrats from all sections of the state enjoyed his hospitality.

—The Waban Raquet Club played the Somerville club at Waltham Monday. In singles, A. J. Shaw of Somerville beat Paul Savage of Newton, 8-6, 6-1; and in doubles, Shaw and partner of Somerville beat Savage and partner, 6-2, 6-1.

—At the Methodist church on Sunday Rev. John C. Ferguson, president of Nankin University, China, will make the Communion address and administer the Sacrament of the Lord's Supper in the morning, and preach in the evening at 7.30.

—Dr. J. F. Frisbie has returned home from his two weeks' outing in Maine and New Hampshire. He has spent the larger part of his time around Lake Umbagog, N. H. The last few days of his stay was attending the Unitarian Grove meeting at Wells, N. H.

—Wm H. Hardy of Concord, N. H. was instantly killed on Monday, by being struck by an overhead bridge, while acting as brakeman on the Concord road. He was married about 10 days ago to Miss Louise Burbank, for the past three years a teacher in the Eliot school on Pearl street.

—The 32nd Regiment association, of which Col. Kingsbury is president, has accepted the invitation of Col. Stevenson, to hold their annual reunion at the Soldiers' Home at Togus, Me., of which he is commander. About 130 members have already signified their intention of going, and they leave for the summer Kennebunk, Aug. 13, and return the 17th.

—During the absence of the pastor, the pulpit of the Immanuel Baptist church will be supplied as follows: Aug. 7, Rev. Nelson E. Jones of Reading, Mass.; Aug. 14, Rev. A. S. Carman of Ann Arbor, Mich.; Aug. 28, Rev. O. F. Gregory, D. D., of Baltimore, Md.; Sept. 4, Rev. H. G. Safford of Newton.

—Complaints are general that the Charles river, for one or two above the Harvard bridge and extending above Watertown is in bad condition, and the stretch arising therefrom during the past few days has become almost unbearable. Some of the residents declare the fish have been killed, and the stench in the river. The odor about here, at times, is simply fearful.

—Mayor Hibbard put in at Newport, R. I. this week, and talked over the long distance telephone with City Clerk Kingsbury, inquiring after city matters. His party found such hot weather going up the Hudson river, that they decided to abandon their trip through Lake Champlain and the St. Lawrence, and turned round and put out to sea, where they found cooler and more comfortable weather. They were to leave Newport in a few hours and start out to sea again.

—A case of an overcrowded tenement was brought to the attention of the board of health last Saturday. It consisted of 6 rooms and an attic located in a wooden building on West street and was found to contain 21 people who lodged in five of the rooms, all rather small. The condition of the premises was decidedly unsavory. The agent of the board of health, Mr. W. S. French, gave orders for the removal of a sufficient number of the inmates to come with the tenement law, and 12 of the men were compelled to seek lodgings elsewhere.

—William Burns, 18 years of age, who was a Roxbury court for breaking and entering and larceny from houses in Roxbury and Brookline is wanted here for burglary, having been found with goods in his possession, stolen from the residence of Mr. H. P. Kenway, Fairmount Ave. Inspector Henthorn has been securing evidence in the case for the past two days, and will probably be arraigned before Judge Blaney to-day. The house was entered through a cellar window. Clothing and jewelry valued at \$150 was stolen of a portion valued at \$80 has been recovered.

—The courts of the Waban Raquet Club this city last Saturday afternoon. Noon and Hill of the Wellesley Hill Lawn Tennis Association beat Speare and Wales of the Newton Boat Club, 6-1, 6-3.

—Widley also won in singles, Hill 6-1, 8-6. In the latter match the two last sets were terribly contested. Speare got in some clever smashes and pretty strokes to the side lines. Dris into the net and out of court proved costly and Hill won by playing a steadier game. In the final set in the concluding game, deuce was called four times. It was won by a drive out of court having scored a vantage point by a drib to the side line which Speare was unable to return.

—A Ridgway's builder and employee engaged in the construction of the five new houses which he is erecting on Brighton Hill to the statement of a local architect within a recent issue of the GRAPHIC, who says that the design of the dwellings was taken from his house for which he has spent considerable time and money in preparing the plan. They claim that the general plan (Mr. Ridgway's houses was taken from ellings erected in Newtonville, and asserted the same plan, practically, was utilized by the writer's house or those of the design was specially prepared for him. They say that a number of houses like design were put up before the war's house was constructed and that they are now at least 12 houses following the same general plan in various parts of the city. The original plan dates back they say to a house erected in Newtonville long before the writer's house or those of the design was specially prepared for him. They say that a number of houses like design were put up before the war's house was constructed and that they are now at least 12 houses following the same general plan in various parts of the city. The original plan dates back they say to a house erected in Newtonville long before the writer's house or those of the design was specially prepared for him.

—Rev. Benj. R. Bulkeley of Concord, Mass., will preach at the Channing church next Sunday morning. Services at 10.30. All cordially invited.

—Mr. and Mrs. T. Aubrey Bryne of 21 Boyd street, are on an outing in New Hampshire, during their time between Plymouth and Colebrook.

—Off Harrison had quite an experience today with three fellows full of rum

and anxious for a fight. They got into a row it appears in one of Brackett's hay sheds and pummeled each other with such effect that the shirts were torn from their backs and their heads and faces badly marked and seared. He put two of the fellows under arrest, John Taylor of Brighton and Martin Timney of this city. Taylor is a strapping six-footer and has quite a reputation as a "slugger" in Brighton sporting circles. The officer had a twister on him and had his companion by the collar. Both men resisted and Taylor making the most opposition to proceeding to the station. He used his disengaged hand in attempts to hit the officer but was unsuccessful. He also tried to break away and practically fought every step of the way from the hay shed to the lock-up where he and his companion were finally landed in adjoining cells. McDonald, the other participant in the pugilistic encounter, kept around the square for a while, after the arrest of his companions, and talked considerable fight. He was advised by Officer Harrison to go home. He saw the wisdom of the suggestion and departed at once without offering any further remarks. Taylor and Timney were arraigned in court Tuesday for a disturbance.

Who Will Represent You in the Legislature?

(Boston Transcript.)

It is time for citizens in the different towns who desire to prevent the standard of Massachusetts legislators from sinking so low that the public will willingly believe the worst which can be said of them, to be bestirring themselves respecting the style of men who are to represent them next winter. No one need entertain any doubts as to this matter having already received attention from those who expect legislative authority and aid in promoting their schemes. What Massachusetts absolutely requires is a Legislature elected in defiance of projects except as they shall subsequently commend themselves to the judgment of our lawgivers. We want no more General Courts which shall sit in the State House to execute the bidding of private schemers. It follows, therefore, that corporation rule of the Legislature ought no longer to be tolerated. The pooling of corporate issues, and log-rolling by which one project is carried along on the back of another, are offenses against popular welfare, preventable by electing representatives and senators who can have no interest in thus perverting legislation, and are too high-minded to have their interest enlisted, after their election, in any other way than by legitimate argument and persuasion. Corporation influence is subtle, and seldom exerted directly. It too often finds expression through respectable citizens, who are made tools of by some large plans in their heads for individual aggrandizement. This year is going to be a rather hard year for electing the very best men to the Legislature, as there is so much politics in the air. The question most frequently put will be, "Who will this man or that man represent?" rather than "Is he so qualified to perform the duties devolving upon him in case he is elected, that there can be no mistake about the fitness of his selection?" In times of considerable political excitement, almost everything goes, in the result of candidates, provided certain party results are thereby attainable. And those who have private ends to gain always seize the opportunity thus offered. But it seems possible that competent and judicious men can be chosen to the Senate and House of Representatives, who will do the best thing for the Republican party with regards United States senator, and yet keep themselves free and untainted from such corruption influences as have been particularly conspicuous at recent sessions of our Legislature.

Senator Gilman's Position.

ALBANY STINGS, Vt., August 1, '92. To the Editor of the Newton Graphic:

In your paper of July 29, which reaches me this morning, I find a question propounded by "Y. Z. &," which appears pertinent to the matter of the writer's communication.

As I am referred to, and information is sought, which I may assume it is presumed I can give, I trespass on your courtesy in sending this answer:

I quote from Y. Z. &., "Speaker Barrett is after the office, (U. S. Senator), and it is reported in regard to the councillor nomination, that he has stated that he was pledged to Senator Gilman. Had not the Republicans of Newton better find out if this is true, and if so, why?"

Many Republicans beside myself would like to have this little matter cleared up before any nominations are made."

So far as I have any personal knowledge of the facts, they are these: Some months ago Speaker Barrett made the remark in my hearing, "both candidates for councillor, (referring to Mr. Leeson and myself,) are friends of mine, and I cannot take any part in any contest between them." Since which time I have not been aware that Mr. Barrett has given any expression of preference, either in conversation or editorial notices. I make this statement as a simple act of justice to Mr. Barrett, Newton's Representatives and myself, and hope it "clears up the little matter to the satisfaction of many Republicans."

Yours respectfully,
GORDHAM D. GILMAN.

Entire Exterminator.

The "Infallible Water Bug and Roach Exterminator" is the best thing in the market for the purpose, and when the manufacturers guarantee satisfaction or refund your money, there is no reason why you should not try it if you need anything of the kind. Go to Barnard & Co., 7 Temple Place, Boston, or leave an order with your druggist or grocer.

Butter.

M. C. Freeman & Co., of 76 Kneeland street, Boston, invites Newton people to call at their store for butter, cheese, eggs, tea, and coffee, and make a very liberal offer in their advertisement in another column. They sell the Diamond Creamery butter, and their store is nearly opposite the Boston & Albany depot.

Stranger. "I haven't much time to spend in Washington, but I'd like to see some of the nation's famous men."

Resident. "Take the Severn-street cars to the base-ball grounds. They're sure to be there."—Washington Star.

"Goodness gracious, child! That book isn't fit for you to read."

"It is just the thing for this wicked mamma. It is so delightfully wicked that it keeps the cold chills running over me all the time."—Indianapolis Journal.

A General Improvement Society Needed.

To the Editor of the Newton Graphic:

The Graphic of July 29th gives a report of the meeting held at the Nonantum club for the purpose of forming an Improvement Society at Nonantum. I am in hearty sympathy with every movement whose object is to improve our city, and I sincerely hope that every encouragement will be given our Nonantum friends to further their commendable efforts.

Among the speakers that addressed the meeting were Alderman Harbach and Mr. Avery L. Rand, representing the Newton Centre Improvement Association. Mr. Harbach is reported as saying "that credit is due to the Newton Centre Improvement Association for much of the beauty of Newton Centre as a place of residence, public parks, have been laid out, planted and improved, on important thoroughfares, etc., etc. Mr. Rand showed what had been accomplished in improving and beautifying Newton Centre by united action, and said, "the Newton Centre Association had always acted in conjunction with the City authorities, and to this fact is due much of its success." The words of these gentlemen cover two important points, first, united action, and what it can accomplish. Second, success when united action is employed in conjunction with the City authorities.

The great work accomplished at Newton Centre under conditions set forth, gives assurance that equal if not greater good can be accomplished by an Improvement Association that will represent the whole city. An Association at once careful of the interests of each section and each local society, but seeing the broad field that represents every section. Such an Association can formulate plans for improvements that will make our whole city more beautiful, more desirable as a place of residence, giving it a power to attract wealth, culture, and refinement. Beautiful as our city is, rightly called "The Garden City," favored as she is by nature, with hill, dale, plain, ponds and running brooks, she yet needs the hand of art to preserve her beauty, and to add thereto, she needs the fostering care of an Improvement Association with members drawn from every section, who love the city as a whole, and who will support every effort to advance her general interests. Such an Association would aid local associations in their good work, and supplement that work by planning improvements of which the local needs will form a part, and thus minister to the good of the whole city. We are in line of the improvements westward from Boston and should reap great benefits therefrom, as has the town of Brookline, but if we would attract to our city the most desirable residents, we must be alive to the demands of such residents. We cannot afford to let any section of our city deteriorate, every section must be improved, and a plan devised that when completed will make one city "The Garden City of the World," and bring joy and pride to all her people. Great work has been accomplished by our local Associations, great work will still be accomplished, but it should be harmonious, selfless work, and if they, acting in conjunction with the City authorities have realized such great benefits for their villages, so would the larger Association acting in like conjunction realize great benefits for the City as a whole, and at a great saving in cost, for concerted action is ever economical action.

Dr. Stearns in his address said, "Not only were Nonantum people interested in a Nonantum Society, but there was a strong sentiment of interest awakened in Newton, Newtonville and West Newton."

Self preservation is a law of nature. Everything that benefits Nonantum directly benefits the places he has named as well as the whole city. The North side of the city must stand or fall together, and a north side Improvement society is a necessity to save that section from falling. United action is needed, now if ever, but that action it seems to me should reach out beyond the North Side, and embrace the whole city, and one grand Association formed to care for the north, southeast and west sides, not forgetting the great undeveloped centre of our city that needs special care and attention, that the work to be done there be commenced at once.

If the Nonantum friends will organize on the basis of a general improvement society, I believe they will receive hearty support from every section of our city and reap for themselves equal advantages. If however they perfect a local organization, I trust a movement will be started at once to organize a Garden City Improvement Association to carry forward a great and needed work.

JOHN T. LANGF

NEWTON TARIFF REFORM CLUB.

The Tariff is a Tax.

Every person interested in the subject of the Tariff is cordially invited to take part in the discussions carried on in this column. Respectful consideration will be given to inquiries, criticisms, and communications of every kind whether coming from Tariff Reformers, Free Traders or High Protectionists. Address Secretary of the Tariff Reform Club, Newton Centre, Mass.

The Plutocratic Revolution.

The address of Brooks Adams before the New England Tariff Reform League, June 15, 1892, contained much that is of interest to thoughtful men, although many will probably be staggered by Mr. Adams' conclusions. Some extracts from the address are given below:

When I say that, in my opinion, tariff reform has passed beyond the stage of being solely an economic issue, I know I run the risk of being thought that worst of bores,—a crank; and yet I must at the outset frankly admit that, comparatively speaking, I care very little for the result economically, so thoroughly am I persuaded that the Republic will absorb the tariff. The longer the race, the greater difference between the horses at the end; and, the longer this process of selection goes on, the fewer will be the holders and the greater the mass of wealth in individual hands. At length, however, a time must come when it will be for the interest of the winners that this process of competition should stop; and it can be stopped by a combination among themselves, supposing they are strong enough to control legislation.

Apparently four years ago this point was reached for it, I think, when the McKinley tariff was nothing but a treaty made by the different industries among themselves to stop foreign competition, and that the last presidential election was carried by a combination of capitalists for the purpose of legislating in their own interests. But, side by side, by this movement, the large absorbers of competition, corresponding combinations have been made for the purpose of controlling domestic production, so that, what between the tariff and the trust, the capitalist class seems nearing the point where it may indubitably attain its object,—the power of unlimited taxation for private purposes.

If this view is at all sound, there is no disguising the fact that we are approaching something akin to a social revolution; for government by capital must necessarily be government by a minority, and government by a minority is a reversal of what we have had hitherto.

That government by capital must be government by a minority follows from the very process by which capitalists are made, which is by the failure of the many and the success of the few; and legislation on behalf of the few must be antagonistic to the many as legislation on behalf of monopolies is notoriously antagonistic to legislation on behalf of labor. It is always the old issue,—the struggle over the division of the margin of profit.

It is no answer to this reasoning to say that it is right for the minority to rule, if they have the brains and the power; we all know they will if they can; but the question before the people now is whether it is for their interest to let the minority get the power.

I suppose there is no one in the United States who sincerely believes that the McKinley Act could have been passed, had not its promoters invested great sums of money in certain critical States and districts; for without such an investment there would have been no Republican President, to say nothing of a Republican majority in Congress. Nor need I tell you that the ablest of the leaders were so convinced of the necessity of supervising elections that they were ready to revolutionize our whole parliamentary system in order to force through the federal election bill; and the only reason they failed was because the Eastern and Western divisions of capitalists quarrelled among themselves, the manufacturers refusing to pay the silver miners the price they asked for their votes. Not even to be able to count in a majority from the South were the moneyed interests of New York and Pennsylvania willing to contribute silver; and not because of this split, and for no other reason, that the bill was lost.

But I am convinced it has only been postponed, and that some such device is so necessary that it will be carried through so soon as those who need it find themselves in a position to do it; and, when that time comes, I anticipate that we shall enter on a stage of development very different from anything we have yet had in our history. It will be the stage of active repression.

Indeed, what else could any sane man expect? If capital combines to the purpose of taxing the whole community for its private emolument, the many who pay those taxes will instinctively combine to resist; and, should the Republicans carry the next election, I believe that they will combine in a much more formidable manner than they have hitherto done.

For these reasons, I think the defeat of Mr. Harrison is a matter of serious importance to all men of conservative instincts, who want to keep these two from coming into violent collision with each other; and the point of attack is obviously the tariff. The tariff is the key to the Republican position, for it is the bond which holds together the great moneyed combination which Mr. Depew himself says is the vital principle of the party.

Once readjust that, and the value of the government as a joint stock enterprise will be seriously impaired; that it is probable the present combination of shareholders will dissolve; and, consequently, the attempt of organized wealth to control elections by force bills, and such revolutionary contrivances, will be abandoned for the present.

The success of the Republicans, with their candidate and on their platform, means government by a plutocracy; and I do not believe that government by a plutocracy will be an improvement on what we have now.

I have nothing to say against Mr. Harrison, except that he represents, and very ably represents, the plutocracy. He has been renominated against the protests of all the professional politicians of his party, because he does represent the money power; and, the question is very squarely presented to the

American people whether or not they want organized wealth to rule over them,—for, if it comes in now, it will come in to stay. That means practically a strong government.

Fortunately for us who oppose this movement, we are represented by a man who seems to have been expressly developed to fight this battle for us. Not only does he inspire us with perfect confidence, but he is certain to do the work marked out before him by rational and conservative methods. Mr. Cleveland is at once the first of tariff reformers and the strongest champion of sound money, and it is because he is so well known to be independent of both the plutocrats and the socialists that I believe he has such a hold upon the good sense of the people.

STAND BY THE BABY.

A REPUBLICAN REMINDED OF HIS DUTY TO HIS PARTY.

[From the New York Times.]

"Bah! What vile oil that is! It isn't fit to rub into old boots. The idea of serving such stuff to a human being to eat on his cucumbers!"

Having said this, Mr. Jackson sat back in his chair and scowled.

"None of that, Jackson," spoke up Burnham, who was seated at the other side of the table. "You just come back here and take a dose of your own medicine!"

"What do you mean by that?" demanded Jackson.

"Why, you're a Republican!"

"Certainly I am."

"And stand up for the tariff like a little major?"

"Sure."

"Well, then, pour some of that oil on those cucumbers and down 'em, and mind that you smile while you're doing it. You can't expect to find pure olive oil in an ordinary restaurant when you are collecting a duty of 35 cents a gallon on every bit of olive oil that is consumed in the country."

"I have a right, being a tariff reformer to sit back and make faces at that bottle, but you haven't that right. It is not for you to wonder what's in the bottle. Let it be kerosene oil, whale oil, lard oil, cod liver oil, rattlesnake oil or goose grease—you must eat it. The tax of 35 cents a gallon is levied for the protection of some infant industry, and every good protectionist must stand by the baby, even if she does look badly and smell strong. Don't go back on the baby, Jackson, whatever you do."

"Besides, old man, it's nothing worse than cottonseed oil, after all. You can stand a little cottonseed oil on your cucumbers for the dear baby's sake, can't you? Come, now, just try one mouthful. Think what would become of the cotton seed oil industry if all the Republicans in the country should do what you are doing."

"You know, Jackson, that the intent in taxing olive oil is to make it so expensive that none but the rich can afford to use the pure article, so that those who have to practise economy must buy something composed almost exclusively of cottonseed oil. If this cottonseed oil men eat and have their way, probably they would put upon the statute books providing that no one should eat any other oil in salads than theirs, but they cannot have just what they want, and so they, like good citizens, are putting up with what the present law gives them."

"That is what I say, and me to eat this strong-smelling, gagging stuff. You say the law is all right. Now, be a man and help carry out the policy of your party, which you say you approve. Give your cucumbers a good seasoning in that oil and then eat them. Don't go back on the poor little cottonseed baby, Jackson."

What more Burnham would have said may only be conjectured, for just as he finished his last sentence Jackson started for the door. "I'm not mad, Burnham," he said, "but I do feel a bit squeamish." As Jackson passed out of the door a gentleman at an adjoining table leaned over toward Burnham and said, "That's the best speech on the tariff that I ever listened to."

The Testimonials.
Published in behalf of Hood's Sarsaparilla are not extravagant, are not "written up," nor are they from its employees. They are facts, and prove that Hood's Sarsaparilla possesses absolute merit and is worthy the full confidence of the people.

The Postmaster.
Winchester, Mass., says: I am personally acquainted with Mr. and Mrs. Carleton, and was astonished at the remarkable effects of your Sarsaparilla in curing their son, and its large sale is undoubtedly due to the fact that it is an honest medicine. I know of many others who have been cured by its use, and I do not think too much can be said in its praise. Yours truly,
Geo. P. Brown, P. M.

You Make No Mistake
in buying Hood's Sarsaparilla Blood Purifier at Billings' drug store.
Too bad that those afflicted with Kidney Complaints have not tried Hood's Kidney Cure. Sold by Billings, Upper Falls.

Children Cry for Pitcher's Castoria.
When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Gold Dollars for 90 Cents are Not For Sale. They are worth 100 cents. When all wool suits of clothes are offered for \$10 you don't believe that they are all wool, do you? Now the same thing applies to paint.

The Chilton Manuf. Co. don't manufacture gold dollars or wool suits, but they make a pure linseed oil paint, a certain amount of which is worth a gold dollar, and is not sold for 90 cents. The gold dollar is the standard of measure among the sellers of money. The pure linseed oil paint is the standard of measure among the sellers of paint. If you buy paint you want for your gold dollar its full value in quantity and quality, and you get it when you buy the Chilton Paint. It is what you may call a gold dollar paint. We have a color card for you. Boston or New York.

BOSTON AMUSEMENTS.

GLOBE THEATRE—Gorman's Minstrels will commence a week's engagement at the Globe Theatre, on Monday, Aug. 8. The company has provided Manager Stetson's special attraction of two previous occasions, and is said to be stronger than ever. For an afterpiece, James Gorman has written a charming operetta entitled "The Golden Ball." The story is weird and is based on a Siamese legend.

Children Cry for Pitcher's Castoria.

"Why does Miss S. address all her verses to the moon?"
"Well, I suppose it is because the man up there is the only one who can't run away."—Inter-Ocean.

"Mamma, I have cut the grass with the lawn mower, and now I want fifty cents."
"Why, I could have hired a man to cut it for twenty-five cents." "Yes, but it was twice as hard for me as it would have been for a man."—Chicago News.

Fred. "There seems to be a lot more fuss made of Miss A.'s singing than Miss K.'s, and I am sure Miss K. has by far the richer voice."
Jack. "Oh, yes, but Miss A. has by far the richer father."—Pick Me Up.

Laurel's Family Medicine moves the bowels each day. Most people need to use it.

Budyard Kipling—"Sometimes I think that people don't seem to like me personally very well, although, of course, they all admire my books. What do you suppose the reason is?"

Discreet Friend—"Don't like you, my boy?" Oh, that must be all in your 'I.'"

Gallant stranger. "You are in trouble, miss; permit me to help you."

Beauty in distress. "Go 'way, please!"

Gallant stranger. "All right; but I could fix it in a moment. I've had my suspenders give way lots of times. Here's a pin, anyhow."—Pittsburgh Bulletin.

ANDERSON TRANSCRIPT HAS BEEN CONSOLIDATED WITH THE GRAPHIC

A LOW TAX RATE.

The assessors have figured up the tax rate and the citizens will be pleasantly surprised to find that it is less than last year. This has been a year of extraordinary expenses, but in spite of these, city affairs have been so well managed, and the assessors have found such gratifying evidence of Newton's growth, that the rate is to be \$14.60 this year, a reduction of 40 cents from a year ago.

The assessors found an increase of taxable property of \$2,888,784, which is nearly three times the gain of previous years, the usual increase being about a million dollars. This is due in large measure to the many new buildings erected about the city, and also to the introduction of the block system of assessment, by which property that escaped the assessors has been added in; lastly, there has been a large gain in personal property.

The gain by wards shows that Ward One leads with a gain of \$707,800; Ward Six comes second with \$607,670; Ward Three, \$529,475; Ward Five, \$437,750; Ward Two, \$234,964; Ward Seven, \$218,000; and Ward Four comes last with \$163,125.

The total increase in real estate valuation is \$1,829,300, and in personal property \$1,050,484. There is also a gain in polls of 388, making the total number now 7,267.

The following table gives a summary of the real and personal property and the total valuation by wards:

Wards.	Real estate.	Personal property.	Total valuation.
1.....	\$3,166,925	\$1,278,300	\$4,445,225
2.....	4,791,700	890,150	5,681,850
3.....	4,616,000	1,345,350	5,961,350
4.....	3,439,425	991,425	4,430,850
5.....	3,371,175	486,025	3,857,200
6.....	5,889,800	2,858,510	8,748,310
7.....	4,567,900	2,314,700	6,882,600
Total..	\$29,842,975	\$10,538,969	\$40,381,944

The tax rate of Newton is much lower than most suburban towns and cities, some of them going as high as \$18, and while Newton does not pretend to be a tax dodger's paradise, like Cohasset, yet there are very few suburban towns which offer so many advantages to residents, in the way of fine streets and sidewalks, the best of schools, one of the largest free libraries outside of Boston, an abundant water supply, a system of sewerage that will soon embrace the whole city, the healthiest city in the commonwealth, handsome churches of every denomination, and other advantages quite too numerous to mention. It is not a rich man's town like Brookline, but he can offer every advantage that Brookline has, and according to testimony of real estate owners in that town, its assessors keep the rate a trifle lower than that of Newton by constant marking up the value of real estate. The great majority of Newton's population is composed of people in moderate circumstances, young and enterprising business men, who locate here to grow up with the city, and who do much to make Newton such a delightful place to live in.

THE Editor of The Atlantic, having observed the interest with which Miss Larcum's A New England Girlhood was received, asked Dr. Edward Everett Hale if he would bring together some of his memories of the same period in a series of papers on a New England boyhood, with special reference to the conditions of life in Boston in the early part of the second quarter of this century. The first article of this series is presented to the reader in the August number of the magazine. The paper is delightfully reminiscent, and will be widely read. The two chapters here given are entitled, "Tis Seventy Years Since" and "School Life," and Dr. Hale gives a good deal of information about early Boston in a very interesting way. The reader will be surprised at the great changes that have taken place since Dr. Hale was a boy at school. There were then no railroads running to Boston, and Dr. Hale's father was thought to be over-ambitious when he predicted in a public meeting that a railroad from Springfield would bring at least six persons a day to Boston. The Boston of that day was a small country town, and Beach street, so familiar to all Newtonians, was really the beach, and wharves lined it, where Dr. Hale and his boy friends used to play. School street was so named because the Boston Latin school was located there. The history of Boston as it was 70 years ago is presented in a very fascinating way, and these papers will cause great demand for the Atlantic.

It can scarcely be said that the project of elevating the railroad tracks grows in favor. Judging from the comments one hears, people like it less, the more they think about it, and almost any other way of getting rid of grade crossings would be preferable. On this account Mr. Langford's plan of moving the tracks is meeting with more and more favor, as that would do away with the necessity for any elevated tracks, and they could be sunk about the same as the tracks are in Brighton. Some are even still asking why not sink the tracks where they are, for at least half the distance required, and build the necessary bridges, if the railroad authorities do not wish to move the tracks. This would do away with a good deal of the noise. Of course, when the decision is once made, people will submit, as Americans have a habit of putting up with everything, even if they do not like it.

THE project of a Newton Improvement Society, embracing the whole city, is broached by Mr. Langford, in a letter in another column, and some of the many advantages of such a society are dwelt upon. In connection with the letter, the article from the Boston Herald what has been done in Brookline, will be of interest, especially as the westward march of improvement must sooner or later take in Newton. A city society could hasten the coming of such a desirable addition to our city, and the South street boulevard and the Carswell boulevard would be important aids to the development of the city.

THE Newton Republican Ward and city committee have decided to call the caucuses for Wednesday evening, Sept. 7, and to elect all delegates by written ballots. Chairman Gardner wants Republicans to organize and is confident of carrying the city by an increased Republican vote this fall, as it is presidential year. It has been decided to hold a number of campaign rallies and secure the best speakers attainable.

WATERTOWN people are complaining loudly over the water, which is furnished them by a private company. They say it is not fit to drink and that a water famine is threatened. They ought to come to Newton where the purest city water is furnished in abundance.

THERE are still said to be 300 unlicensed dogs in Newton, the Assessors finding over 1,300, and the City clerk having recorded only 1053, and Constable Laffie is looking after the owners. It is cheaper to pay the license before Mr. Laffie makes his visit.

SENATOR GILMAN has a letter in another column explaining his relations with Speaker Barrett, which will be of interest to our readers. It is well to have such things understood at the beginning, before any action is taken by the voters.

Waltham's tax rate is \$15.50 and Somerville's \$15. this year.

and other floor coverings, window shades and draperies, at the handsome new store of Warren F. Emerson, formerly Clark, Maynard & Co., 698 Main street, Waltham. The Newton electric cars pass the door, and it will pay anyone wanting these articles to ride over and see the attractive new stock. First class work is expected by all who know the high reputation of the old firm. Mr. Emerson takes charge of the carpet department and next door Mr. Maynard has a very attractive dry goods store, the business having grown so that a division was necessary. The stores are in the new Maynard block.

Mr. Bok has succeeded in unearthing a quantity of unpublished material by Henry Ward Beecher, which will shortly be published as a series of articles in The Ladies' Home Journal. The material is especially valuable since it deals with a range of topics both varied and timely, and will advance, for the first time in print, the great preacher's views on a number of such interesting questions as marriage, home government, woman in public and private life, politics, etc., etc. Mr. Bok has secured the co-operation of Mrs. Beecher and Professor Elinwood, Mr. Beecher's private reporter, in the editing of the material.

ROYAL BAKING POWDER
Absolutely Pure.
A cream of tartar baking powder, highest of all in leavening strength—Latest United States Government Food Report.
Royal Baking Powder Co., 106 Wall St., N. Y.

NEWTON UPPER FALLS.

—Planos for rent, Farley, Newton.

—Mr. Edward Fitzgerald is sojourning at Newport, R. I.

—Miss Amy Bakeman is visiting friends in Troy, N. Y.

—Miss Alice Nickerson returned this week from Dover.

—Miss Linda Nickerson has returned from Cottage City.

—Thomas Anderson has moved to Dudley's house in Needham.

—Miss Nellie Osborne is at Nantasket during the warm weather.

—Miss Mary Procter is spending her vacation in New York City.

—Miss Sarah Stuntz has returned from her stay at North Falmouth.

—Mr. Benj. Amesworth and family returned this week from the beach.

—Mr. G. A. Billings and family are at Narragansett Pier for a few weeks.

—The tearing down of the burnt fence on Cottage Hill is a vast improvement.

—Mr. John Cavanaugh of Lowell, formerly a resident here, was in town Sunday.

—Highland Commandery of Highlandville, Rocky Point, R. I., to-morrow.

—Henry Green of Pettes street has leased and moved to a farm in Needham.

—Mrs. Green and Miss Latilla Green have gone to Cottage City for the summer.

—The city are putting up a new picket fence on Eliot street along the J. B. Newell estate.

—Mr. James Daly has secured a position as drummer for Geo. Doherty & Co., grocers, Boston.

—Mr. and Mrs. A. B. Gullford from New Jersey are visiting Mr. and Mrs. Frank Fanning.

—A young son of Mrs. John Warren fell and broke his collar bone Tuesday. He is recovering.

—Geo. Parker of the Pettes Machine Works, has had to take a week off on account of his eyes.

—Dr. E. Thompson of Oak street returned this week from a brief vacation trip to Lake Sunapee, N. H.

—Worthington Holman is taking Mr. Hiltz's place as station agent at Eliot during the latter's vacation.

—John Spence intends to open a meat market in the block recently occupied by A. R. Griswold, West Newton.

—James Wilde entertained Jonathan Hunt of Olneyville, R. I., on Sunday, a former resident of this village.

—An excursion was run to Echo grove on Sunday, about thirty coming out in the rain. A free lunch was served.

—The cellar of Mr. Wm. Dyson's new house on Pennsylvania avenue has been commenced by Contractor Cahill.

—Mr. Lewis P. Everett, High street, is enjoying a vacation from his duties at the Broadway National Bank, Boston.

—Eddie O'Shaughnessy found a pocket book containing \$10 this week, which he returned to the owner, Mrs. Parento.

—Work has commenced on the construction of sheds for a new coal yard at Cook street, the work being under contract to Chas. Hale. It is understood that Melvin Gould will conduct the business.

—Officer O'Shaughnessy found a man on the platform under the Echo arch, Sunday, who had lost his hat and umbrella in the water and was about to go after them. O'Shaughnessy just in time, and after securing assistance got him up the steps.

—The annual picnic of St. Mary's parish will be held to-morrow at Parker's Grove, West Medway. A long list of games has been prepared, and the distribution of Sunday school premiums will be an interesting feature during the afternoon. Hale's band will furnish music for dancing. The cars leave at 9 and 12:35, returning from the grove at 6:30.

—Mr. William E. Clark, who is well known in this city, is very ill at the home of his daughter, Mrs. W. H. Pettes, Ann Arbor, Mich., so late advices state, and his recovery is very doubtful. Mr. Clark went West about one and a half years ago and has been stopping there since. He has for years been a prominent citizen of Upper Falls, and years ago was superintendent of the well known Clark & Co. store, and was interested in city affairs to a considerable extent, acting as assessor for a number of years, and also holding a position as one of Ward Five. His many friends in Newton will be pained to learn of his illness.

—Mr. Bernard Billings has recently accepted the agency for the World's Fair Trust Fund Transportation Co. of Chicago. The cost is less than \$600 from here, all expenses paid for the round trip. This company's certificates will be furnished with first-class transportation to and from Chicago, at such times during the continuance of the World's Fair as they may prefer, with transportation for self and baggage to and from depots and hotels, with six admissions to the World's Fair, with lunch on the grounds, and with first-class hotel accommodations. The officers and managing agents of this company are men of high position and known integrity.

—The Needham and Wellesley officers made a big haul last Sunday and ten men and three half barrels of ale were taken in hand by them. For years the Needham and Wellesley side has been a Paradise for the rum seller, who wanted gold and was willing to run a very little risk, for when once he became known to the floating population of the Falls he had only to fill his pockets with shelleys and dispense spirit from his team or pockets. A gang has been making money the past few Sundays close to the Needham and Wellesley line, and if pressed by Needham officers would take refuge in Wellesley and vice versa. Last Sunday three Wellesley men, two of them officers, with two teams, patrolled the vicinity all day, and in the afternoon they preyed upon the woods where they had escaped observation, during one of the latter showers too shelter in a shanty near new pond, where they were cornered with a lot of customers by the officers. The arrested ones are no out on bail, but it is apt to go hard with the sellers, who are Natick men.

—The Newton cricket eleven went to Lawrence, Rocky, and were defeated 1 to 11. The Merrimacs. The batting of Mose and Carter, together with Carter's at Britton's bowling, were the feature Score:

Cottolene

is a digestible, nutritious, vegetable cooking preparation for use in all kinds of shortening, such as bread, rolls, biscuits, cakes, cookies, and gingerbread, and for making every variety of pastry. Persons who have been unable hitherto to eat pies, tarts, and other similar food because of its indigestible qualities when prepared with lard, can now enjoy such delicacies without limit and without fear of disagreeable consequences.

Cottolene

is the best cooking material ever devised for frying anything and everything in the way of food, oysters, fish, meat, eggs, griddle cakes, doughnuts, croquettes, &c. There are imitations of Cottolene—get the genuine.

Made only by
K. FAIRBANK & CO.,
CHICAGO, and
Central Wharf Boston.

SULPHUR BITTERS

THE BEST
BLOOD PURIFIER
IN THE WORLD.

WHY SUFFER with that chronic disease? Do you want to die? Sulphur Bitters will cure you as it has thousands.

Why do you suffer with that

FOUL, OFFENSIVE BREATH?

You need not if you use Sulphur Bitters. They never fail to cure. Operatives who are closely confined in the mills and workshops; clerks who do not have sufficient exercise, and all who are confined in doors, should use Sulphur Bitters. They will not then be

WEAK AND SICKLY.

Is your Breath Impure? Your Stomach is out of order. Sulphur Bitters is the best medicine to take. Sulphur Bitters will build you up and make you

STRONG AND HEALTHY.

At the dawn of womanhood, Sulphur Bitters should be used.

Send 3-cent stamps to A. P. Ordway & Co., Boston, Mass., for best medical work published.

CHARLES E. HUDSON, Leominster, Mass.

AT BEDTIME I TAKE A PLEASANT HERE DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER.

My doctor says it acts gently on the stomach, liver, and kidneys, and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called

LANE'S MEDICINE

All druggists sell it at 50c. and \$1.00 per package. Buy one to-day. Lane's Family Medicine moves the bowels each day. In order to be healthy, this is necessary.

Strange Fate of a Large Family.

In the history of wealthy families nothing has been recorded more melancholy in character than the strange fate which has overtaken the widow of the founder of one of the most prosperous firms in Paris and her sons and daughters. M. Parisot, who started the famous drapery and general outfitting establishment of the "Belle Jardiniere," died some years ago, leaving a widow and two young daughters. Mme. Parisot, after a due period of mourning, married a M. Finance, by whom she had three sons—Paul, Charles and Emile. Afterward M. and Mme. Finance separated, the wife having charge of the children, five in number.

About five years ago the elder of the two girls died, and was followed to the grave by her sister in the year 1889. Their fortune, inherited from their father, M. Parisot, was left to their stepbrothers, the Finances. Hardly had Mme. Finance recovered from the shocks caused by the deaths of her daughters than her eldest son, Paul, was drowned in a shipwreck. This was too much for the mother, who retired to her villa at Neuilly and there died. There remained then but Charles and Emile Finance, the inheritors of a large fortune, but also of an undermining malady, which they knew full well would soon end their days.

They suffered, in fact, from blood poisoning, and while availing their doom led the lives of anchorites, and busied themselves in works of charity. Charles Finance died six weeks ago, and his brother Emile has just joined him in the tomb. Emile, who was only twenty-two years of age, has left 1,800,000 francs, or £72,000 sterling, to various charitable institutions. The remainder of his fortune he divides in bequests.—Paris Cor. London Telegraph.

Fresh Cucumbers Are Healthy.

"Cucumbers are a greatly maligned vegetable," said a man who insists upon having vegetables freshly picked every day from his own garden during the summer. "They are considered by the majority of persons to be unhealthy; whereas if eaten within a few hours after they are gathered they are, on the contrary, very wholesome—quite as much so in my estimation as lettuce. My family are all fond of them, and partake of them freely throughout the season; but I should not allow them to eat them at all, unless I was sure of their freshness."

It is just that that makes all the difference. My great-grandfather was hale and hearty at ninety-one, and I remember being told that his diet consisted chiefly of cucumbers and tobacco. But I won't recommend this menu as a rule for old gentlemen; I only cite it to show that my favorite vegetable has its sanitary value in some cases.—New York Tribune.

A Summer Girl.

She had been reading a lovely advertisement of a summer resort as the young man sat by and listened.

"Didn't you ask me to marry you, Dick?" she said, turning to him.

"I've asked you that forty times," he replied in rather despondent tones.

"Do you really mean it?"

"Certainly I do," he asserted emphatically.

"Then, Dick, we can only be friends; at least, for the present. I wouldn't think of really and truly engaging myself to a man just at the opening of the summer campaign."

He looked very much hurt and it touched her.

"However, Dick," she went on kindly, "if you are still of the same opinion, say in November, come around and we'll talk it over."—Detroit Free Press.

A Cautious Hero.

'Twas at the Sabbath school picnic.

Two maidens of uncertain age were struggling in the water.

"Merciful heavens!" cried the pastor.

"Will no one save them? Is there no swimmer among us?"

"Is there a justice of the peace in the crowd?" asked Tattered Styvesant, the tramp, emerging from the bushes.

"I hold that office," answered a gentleman. "But will!"

"Well, then, ladies," shouted Tattered Styvesant at the struggling maidens, "hold up your hands and let the justice swear ye that I don't have to marry either of ye and I'll plunge in. I'm heroic, but not foolhardy. This is leap year!"—National Tribune.

Tramped Forty-five Miles to Be Married.

George Gleskel and Lena Ash, an eloping couple from Watford, Spencer county, Ky., arrived at Jeffersonville, Ind., recently and were married. The couple tramped forty-five miles, and on reaching here had six dollars, five dollars of which went to pay for the license and magistrate's fees. So exhausted was the bride that she could scarcely stand when the ceremony was performed. They left for the ferryboat, where she slept until the steamer reached Louisville, from which city they retraced their steps to Watford.—Cor. St. Louis Globe-Democrat.

Interested in a Re-election.

Mr. Wilson Noble, M. P. for Hastings, will look forward to the result of the impending general election with a good deal of personal interest. His father, Mr. John Noble, who made more than a million of money in the varnish trade, left his son £8,000 a year so long as he retains his seat in the house of commons. If Mr. Noble does not secure a seat in the house his father's will directs that £3,000 is to be deducted from his income for every year he continues an outsider.—London Tit-Bits.

Spring Overcoat Weather.

Husband—This is the most remarkable weather I ever saw in my life. It's neither blazing hot nor freezing cold—just right for a spring overcoat. Where is mine?

Wife—Really I don't know. When did you wear it last?

Husband—Let me see. It was that warm, cold day we had in 1856.—New York Weekly.

Aug. 3, 1892.

Exasperating Visitor—"Don't you want a first-class team for your paper?"

Prosperous Editor (reaching for a sheet of paper)—"Of course, I do."

Exasperating Visitor (edging toward the door)—"I thought it likely that you would."

Miss Pert—"I've never seen Mr. Bjerkens. Is he a handsome man?"

Miss Flyte—"Handsome? Well, that's a matter of opinion. My own idea is that if beauty were subject to taxation, Mr. Bjerkens would be entitled to a pension."

Mabel—"Do you enjoy bathing?"

Ned—"Yes, indeed, if only I have a pair of good opera glasses along, and there are no girls from Boston at the beach."

A lady, whose hair came out with every combing, was induced to give Ayer's Hair Vigor a faithful trial. She did so, and not only was the loss of hair checked, but a new and vigorous growth soon succeeded that which had gone.

The value of a good name was well exemplified the other day, when a man asked one of our druggists for a bottle of Sarsaparilla. "Whose?" inquired the clerk. "Whose? why, Ayer's, of course. You don't suppose I'm going to run any risks with Hannah, do you?"

No greater triumph in medicine or chemistry has been recorded than Hall's Hair Renewer to revive and restore gray hair to the color of youth.

No Other Sarsaparilla has the merit by which Hall's Sarsaparilla has won such a fine hold upon the confidence of the people.

If everybody paid as strict attention to business as the prevalent dog-day fly, affairs of this world would progress a good deal faster than they do.

Mars will reach the point in its orbit nearest to the earth on August 5. Those who have made up their minds to change their planet then should be prepared to jump.

A Philadelphia clergyman was making \$20,000 a year as a lawyer before he entered the ministry. Evidently he realized that it was time for him to hedge.

Mail matter is now sent from Paris to Berlin in thirty-five minutes, by means of the pneumatic tube. Now, let's have some more remarks about the slow and effete dynasties of the unprogressive and indolent Old World.

Coughing leads to Consumption. Kemp's Balsam will stop the cough at once.

Children Cry for Pitcher's Castoria.

The man who keeps the printed sign, "This is my busy day," posted up above his desk is always the first man in the block to look up his office and go to the ball game on a hot summer afternoon.

If we all took other people at their own valuation, what a tremendously rich nation these United States would be.

"After Graduation, What?" is the subject of many a lovely school girl's essay. She may not mention it in the essay that she reads, but a desirable husband is often the answer to the question in her secret thoughts.

A man who loves a woman enough to go shopping with her without a protest may love her enough to pay the bills that are likely to come in.

A woman may protest vigorously when any one tells her that she is over credulous, and yet when her husband swears that she is the sweetest little creature in all the world, she is always ready to believe him.

When a girl gets engaged her first thought is how fearfully disappointed all the other girls will be.

It may be all right for everybody to have a golden crown in the world to come, but there are some people we know of who can hardly be safely trusted with a harp.

Even the minister when he sits down on the adhesive fly paper thinks that there are times when it is best to be alone.

There's a wide difference between the help that's talked of and the help that's guaranteed.

Which do you want, when you're buying medicine?

If you're satisfied with words, you get them with every blood-purifier but one. That one is Dr. Pierce's Golden Medical Discovery. With that, you get a guarantee. If it doesn't help you, you have your money back. On this plan, a medicine that promises help is pretty sure to give it.

But it's because the medicine is different, that it's sold differently. It's not like the sarsaparillas, which are said to be good for the blood in March, April, and May. At all seasons and in all cases, it cures permanently, as nothing else can, all the diseases arising from a torpid liver or from impure blood.

It's the best blood-purifier, and it's the cheapest, no matter how many doses are offered for a dollar.

With this, you pay only for the good you get.

Can you ask more?

Epileptic Fits, Falling Sickness, Hysterics, St. Vitus Dance, Nervousness, Hypochondria, Melancholia, Insobriety, Sleeplessness, Dizziness, Brain and Spinal Weakness.

This medicine has direct action upon the nerve centers, allaying all irritabilities, and increasing the flow and power of nerve fluid. It is perfectly harmless and leaves no unpleasant effects.

A Valuable Book on Nervous Diseases sent free to any address and poor patients can also obtain this medicine free of charge.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1876 and is now prepared under his direction by the

KOENIG MED. CO., Chicago, Ill.

Sold by Druggists at \$1 per Bottle. 6 for \$5.

Large Size, \$1.75. 6 Bottles for \$9.

Rheumatic troubles relieve headache.

WILLIAMS' ROOT BEER DELICIOUS!

Sparkling and healthful. Enjoyed by the whole family. No other root beer extract equals Williams' in strength and purity. One bottle of extract makes 5 gallons. The great temperance drink.

This is not only "just as good" as others, but far better. One trial will support this claim.

Williams & Co., Hartford, Ct.

SOLD EVERYWHERE

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City, Late Pastor Bloomingdale Reformed Church.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhea, Eruption, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., "The Winthrop," 125th Street and 7th Ave., New York City.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK.

—Fred Hovey beat Bixby of Boston at Toronto, Friday, in the finals for the lawn-tennis championship of Canada. E. H. Hall won the finals in men's singles at the Southampton tournament on the same day, and V. C. and E. L. Hall won the men's doubles.

—Miss Louise Burbank, who has taught school at Oak Hill and at Nonantum, was married July 20th, and on August 1st her husband, Mr. Wm. H. Hardy, an employee of the B. & M. road, was instantly killed by coming in contact with an overhead bridge near Claremont, N. H.

—The guide board at Philbrick's corner has been torn down a number of times. It does not require a very high order of intellect to do it; the ordinary man cannot see anything bright or smart about it. It merely costs the city a few shillings each time to replace it.

—The picnic at Woodland Park, West Medway, last Thursday, by the Catholic society, was enjoyed by about 600 people, and 14 cars were necessary to carry the party. Sports and games were inaugurated at the grove, for which prizes were given.

—The three standing jumps and shot put were won by Martin Dorsey, Jack Cody winning the hop-step and jump, and Al. Mills the 100-yard dash. Dancing was also enjoyed, the party returning on the 7.10 train.

—E. P. Sanford of Allston and Emanuel Wall of Brookline, while at work on the new house of Mrs. Laura, Newton, Williams street, Brookline, Monday afternoon, were seriously injured by falling from the second story of the house. Both parties were at work on defective staging, which gave away. Sanford was internally injured and was removed to his home. Wall had his right arm broken and was also injured internally, and he was taken to the Massachusetts General Hospital. Both men are carpenters, employed by Garey & English.

—Dr. Houghton, who lives near the scene of the accident, attended the injured mechanics.

—Zion's Herald has gotten up a symposium on the Sunday night service at the church. There are many writers, and Mr. Wm. L. writes: "We do not make our morning, noonday and evening meals of bread alone; no more is any one meal composed of one article of diet. Variety best serves the body, and why not the heart? In other words, suit your evening service to the times and conditions as you find them. A wise pastor will study the needs of his people, and he will find all classes and conditions of minds, hearts and heads. He will try to minister to each and all, and to this will probably vary the character of the evening service as his best judgment dictates." Spence, Alden, Spence writes: "As a general rule I think the prayer-meetings are essential to the spiritual prosperity and success of a church, not only for the Christian life of the membership, but for the proper training and educating of our children in the way of life and salvation, and also as the time and place in which to save sinners. The practice of a sermon and then a short prayer-meeting has never seemed to me to be productive of good results. Seldom do any but church members stop to the prayer-meeting, and many of them, after attending in the morning service, the Sunday school, and the second preaching service, do not remain. If they do not, their example is quoted and followed. I think the last Sunday evening in the month should invariably be a missionary prayer-meeting, carefully arranged by the pastor, and a collection taken. If the pastor is of exceptional ability, so as to draw from the floating population, let him preach the first Sunday evening each month on some advertised subject. Other Sunday evenings he should not monopolize the time; and his part of the service, including opening prayer (if he makes it), reading of Scripture, and his address, should not occupy over fifteen to twenty minutes."

NEWTON HIGHLANDS.

—Pianos tuned, Farley, Newton.

—Mr. C. E. Currier and family of Hunnewell avenue have taken a cottage at Nahant for the remainder of the season.
—Mrs. Lloyd F. Keeler, who has been visiting relatives here, returned yesterday to her home in Washington, D. C.
—Mr. C. H. Buswell of this city was among the visitors who witnessed the opening of parliament in London.
—Mayor Hibbard has returned from his yachting cruise and has been busy the past two days attending to city business.
—Miss Nellie Grace, assistant at the postoffice, is away on her vacation. Letter Carrier Morgan is also enjoying a rest from his business duties.
—Rev. George H. Young of Lawrence, Mass., (late of Boston) will preach at the Channing church, Friday morning, Services at 10.30. All invited.
—Mr. George C. Travis is one of the leading candidates for the position of district attorney. He has the support of some of the leading men of the county.
—Mr. Arthur Felch of Natick has accepted a position as prescription clerk in Hudson's pharmacy. He is well known here, and was formerly a clerk in Mr. Hudson's employ.
—Mr. John Crowlde of Hubbard's pharmacy is enjoying a two weeks' vacation. He has just returned from New York and will spend the rest of his time at seashore and mountain resorts.
—Mr. H. L. Wood has secured the agency for the celebrated English cycle, the "Brookes", which has just been introduced into this country. He holds the agency for Newton, Watertown and Wellesley. See adv.
—Mr. John T. Burns, who recently sold his tinsmithing business in this city, has returned and bought back his old stand, and is prepared to do first class work in shaving and hair-cutting, promptly and satisfactorily.

STRUCK BY LIGHTNING.

THE MOST SEVERE STORM OF THE SEASON.
During the severe thunder storm just after midnight this morning, the stable on the Pine Farm School place, on Chestnut street, West Newton, was struck by lightning and flames immediately burst forth. Alarms were sounded on boxes 35 and 37, at 1.13 and the fire department was promptly on hand, the rain meanwhile pouring in torrents. The flames spread so rapidly that nothing could be saved, and the contents, consisting of two horses, two cows, a pig, 15 tons of hay and a quantity of farming tools, wagons, etc. were consumed. The loss will probably be in excess of \$2000, and it is said to be covered by insurance.
The lightning also struck Plummer's block, Auburndale, but the only damage was ripping off some shingles.
The storm was the severest of the season, and the lightning and thunder were terrific. Sleep was impossible and the air seemed full of electricity, with the crash of thunder right overhead.
A great quantity of rain fell which did some damage by washouts and after the electric storm subsided, it settled down into a steady rain, which lasted until after daylight.
During the storm the sewer trench on Homer street caved in way across the street, burying the tools and siding.
During the storm the staker at West Newton was burned out so that it could not sound an alarm. Many telephones were also burned out.

Watering of Our Streets.

To the Editor of the Newton Graphic:
Improvements in constructing streets have been made in our beautiful city from time to time, but still there are others that might and ought to be made, especially in cleaning and watering.
In order to keep a street clean and as free from dust and mud as possible no street should be watered during the day, as the water does not penetrate the dust, quickly dries up, is made into dust by being driven over, and in a few hours there is nothing but a mess of dust. The watering should be done in the evening after 8 o'clock, the surface will become hardened during the night and will continue so ordinarily during the following day. In the thickly settled parts of the city the cleaning should be done before 7 o'clock in the morning or after six at night.
There has been another feature of watering that is objectionable, and that is watering the streets on Sunday.
Sunday work is more expensive, besides Sunday was designed by God for man and beast to rest. It is very annoying to hear a watering cart thundering through the streets on Sunday as they have been of late, and the streets watered as many as four times during the day and kept in a continuous state of mud.
GEORGE P. CLARK.

The Norumbega Tower.

A correspondent asks for information as to the way of reaching Prof. Hosford's Norumbega tower by carriage.
The route is by way of Auburn street, through Auburndale to the bridge, and after passing that, take the first road to the right. The tower is about half a mile down this road and there is a carriage road leading directly to it. The tower itself is a very attractive affair, constructed of field stone, and from its summit one has a beautiful view of the river and of Newton. It is a favorite stopping place for boating parties, and even Prof. Hosford's theories are true or not, the tower is a very pretty addition to the landscape, and a pleasant objective point for an afternoon's drive. The distance from Newton proper is between four and five miles.

WABAN.

—Miss Cec of Longwood is in town for a short time.
—Miss Nellie Dresser is visiting friends in Dorchester.
—Dr. William Everett of Quincy was the guest of Mr. and Mrs. E. P. Seaver last week.
—The preliminaries of the tennis tournament were held at the lower courts this week.
—Mr. Benj. P. Dresser has returned from a few weeks vacation at Meredith Village, N. H.
—Mr. Hall of Ravenna, Ohio, is visiting his daughter, Mrs. L. W. Bacon of Chestnut street.
—Miss Paul of Dorchester spent Sunday with Mr. and Mrs. Wallace Rand of Chestnut street.
—Mr. and Mrs. Wallace Rand have been entertaining Miss Rand of Watertown for a few days.
—Mr. and Mrs. Arthur Comer are receiving hosts of congratulations on the birth of a little daughter.
—Miss L. E. Pearson of Roxbury has been visiting her sister, Mrs. S. R. Reading, for the past week.
—Mrs. M. A. P. Dresser left Wednesday for Portland, Me., where she is to remain until September first.
—Miss Fannie M. McGee of Chestnut street returned Wednesday from Coleraine, Mass., where she has been spending several weeks.

NEWTON LOWER FALLS.

—Pianos, Farley, 334 Wash. St., Newton.
—Master Waldo G. Leland is spending a few weeks at Westport, Mass.
—Miss M. Smith, clerk at Mr. E. E. Moody's store, has been absent 10 days by illness.
—Mr. and Mrs. F. G. Morse have closed their home here and are spending a few weeks at the beaches.
—A peddler of patent medicine opened business near Warren's coal office Tuesday but a storm commenced before he had an opportunity to begin his sale.
—Work on the foundation of the new school house to be built on Cedar street will be commenced very soon. The building work has been given to several contractors to figure on.
—A hearing on the case of parties arrested a recent Sunday, for disturbance on the Pond road, was given last Saturday. Judge Washburn deferred the case until next Saturday, the officers wishing to summon witnesses.

MR. LEESON'S FITNESS.

A TRIBUTE TO HIS CHARACTER FROM CAMBRIDGE.
In the candidacy of J. R. Leeson of Newton, for the councilorship of the 3rd District, we believe the Republicans not only of Newton, but of the whole District, and in fact for the whole State, are to be congratulated; the more so as this candidacy was not sought by Mr. Leeson, but was the gratuitous offering of his fellow citizens of Newton in recognition of his wide and varied ability, and who believe that the State would be benefited if they are able to secure the benefit which would result from the election of a man of his capacity.
It is not our intention, neither is it our desire, to draw any comparison between the candidates presented for this office. One has already had honors thrust upon him; the other has never sought political consideration; this is the case where the office seeks the man and not the man the office, and to say the least this is flattering to Mr. Leeson.
We believe Mr. Leeson has never held any elective office, but this in no sense, should militate against him, but is an excellent reason why a man of his abilities should now be recognized, and that the State should receive the benefit of his counsel.
Mr. Leeson is a broad and deep man in every sphere of life, and in an emergency, when other men hesitate and falter, he stands to the front a leader, and it is the concurrent opinion of all who have come close to him, that in a crisis, he is a man you can call on, and has never been found wanting.
There are few men if any, in the City of Boston, whose counsel is more often sought and more explicitly relied upon. That he is recognized as a power among his associates is apparent when we find him Vice President of the Merchants Association and Chairman of the Executive Committee; one of the founders and directors of the Home Market Club; Chairman of the Board of Trade of Committee on Customs; and is author of the Administrative Bill of the McKinley Tariff, which bill is of as much importance to the people of this country, as the McKinley bill itself. The McKinley bill states that the duty shall be, and Leeson's Administrative bill states how it shall be collected, so as to prevent the Government from being robbed by unprincipled and unscrupulous importers. During the last session of Congress his ability was recognized when he appeared as expounder of this Administrative Bill before the Ways and Means Committee of that body.
These are a few of the many honorable positions which have been thrust upon him by his business associates in the City of Boston—those extended by the citizens of Newton are too well known to need comment here.
The nomination of Mr. Leeson would be a public good, and it would show the people of this State that the Republican party is a party which chooses men for fitness rather than for availability; it would strengthen the ticket throughout the State, and if nominated and elected to that office, his conduct in the same would be in keeping with the past reputation he has maintained among all who know him, as being a sincere, thorough and a profound man in everything he undertakes, and at the same time do credit to the city which he represents.
Perhaps we should add another word concerning the fact that as some say, he has never held office, and this is used as an argument against him. It seems to us that this is most flattering, as it is conceded that a man of his ability needs no primary tutelage. A man who handles vast interests surely needs no kinder garden to prepare him to look after the interests of the State; yet if this argument is used against him, how much more can be said of others, that their political ambition knows no bounds, or as Jefferson said of the Federalists that "they seldom die, and never resign."
FRANK HOPKINSON, Cambridge.

Select the Best Man.

To the editor of the GRAPHIC:
When I learned that Mr. J. R. Leeson had consented to be a candidate for councilor I did not suppose anybody in Newton would run against him. I do not suppose that Mr. Gilman would, if he had not been representative and senator. Will he expect us to support him for lieutenant governor and then governor if we keep him on the track? Where is this thing going to end? I for one, not having held office, feel at present that I would be satisfied to become an alderman, but if I should ever reach that exalted station, and should see
"Hills peep o'er hills and Alps on Alps arise," I might feel very differently. But I wonder if our politics is to be conducted on a personal matter, as it is, lift it above all such considerations and select the best men, those who have done the most and asked the least, whose fitness for the proposed service is so conspicuous that it is universally recognized, and whose call to public life will cause their constituents and party to be regarded as above the ordinary routine of small politics. It often happens, I grant, that men who are frequently before the public for office or in office attract more attention than others who may be doing more important work. But as a business man of Boston and a resident of Newton I have long been aware of the real prominence of Mr. Leeson. I need not refer to his active interest in the most important affairs of our city for it is well known, but I wish to say that he is regarded among the merchants of Boston and the manufacturers of Massachusetts as among their foremost men, while in the affairs of this nation, few men who visit Washington are more deferred to. He is a personal friend of Mr. Blaine and also of Mr. McKinley and was counseled by both of them on the leading features of protection and reciprocity when the new tariff was being formed. The Home Market Club has just issued a third edition of his little pamphlet entitled "Tariffs and Business" and I have heard Secretary Clarke say that he considers it one of the ablest and most influential monographs on the tariff that has ever been read. As chairman of the executive committee of the Boston Merchants Association, Mr. Leeson has kept touch with public men and the most important affairs as have very few other men who are not devoted to politics, and I have been told by Republican leaders that the advice of few men is more sought or thought to be more unerring. I confess to a little surprise that such a man should be willing to go to the council, but since happily he is available, I shall be far more surprised if the Republicans of this councilor district, and especially of the city of Newton, do not hasten to improve their opportunity.
NONANTUM.

NONANTUM.

—Rev. Mr. Green is expected to preach in the North church on Sunday.
—Any one finding a black fan with pantries hand painted on one side, between Chapel and Pearl streets will be rewarded by leaving it at Russell's drug store.
—Gymnasium.
A Ladies Gymnasium will be opened early in October in Nonantum Hall, under the direction of Miss Wilson, a graduate from Dr. Sargent's Physical Training School for Teachers, Cambridge. The hall is being fitted up with the most approved apparatus for Class, Heavy and Special work.

NONANTUM.

—A large and handsome elm tree in front of Mr. J. N. Bacon's residence has died this summer, for some unexplained reason. The cause is by some attributed to the sewer digging, and by others to gas pipes near its roots. The loss of such a tree is a general misfortune.
—Mr. W. H. Pearson, formerly secretary of the Boston Chamber of Commerce, has been elected secretary of the Boston Fruit and Produce Exchange. Mr. Pearson comes to his new position with years of experience, and his administration is likely to be crowned with a good deal of success.
—A committee from Chas. Ward Post, 32, G. A. R. have made arrangements to give a grand mock initiation in this city on the 8th of September, the proceeds to be used toward defraying expenses of the Washington trip. The entertainment promises to be first-class and well worth attending.
—Miss Mollie L. Ringgold and Miss Jessie C. Thompson, both of Baltimore, Md., left last Saturday for their homes after spending several days in this city at a vacation trip. The animal was subsequently shot. The horse was standing near Mr. Randall's house and it is said, turned suddenly on the track as the car was approaching.
—Mr. and Mrs. J. Wesley Barber started Sunday for a vacation journey to Denver and thence "around the circle, 100 miles through the Rockies," a trip which has been well described as "among peaks, over passes and through canons, including Polaris Canon, Animas Canon, Ouray Toll Road, Silverton Railroad, Grand Canon, Marshall Pass and Royal Gorge."
—Mr. Alfred Fitzpatrick died at his residence on Washington street, on Thursday, aged 48 years. He has been engaged in the plumbing business in Newton for a number of years, at first on Church street, and recently he built a new mill on Crafts street. He had only been ill a week with catarrh of the stomach. The funeral will be held at his late residence, Saturday, at 8.30 a. m.
—Miss Rachel Baker, accompanied by her mother, Mrs. George M. Baker, is traveling this summer in Europe, and collecting material for a new play, which will be published next winter. Miss Baker has taken up the work of her father, the late Mr. George M. Baker, and has already written a number of bright little literary pieces.
—Mr. C. E. Fitch has been fishing the Romaine river, for which he pays \$1000 a year. Usually it is a magnificent salmon stream. This year it is yielding indifferent sport. The same remark applies to the Nashua river, the Godbout and other North shore salmon streams which last year afforded much finer fishing than the majority of the rivers on the South shore.
—Cards are out for the wedding reception of Mr. Arthur W. Downs, son of Mr. and Mrs. H. W. Downs of this city, to Miss Vera Belle, daughter of Mr. and Mrs. John W. Amphet of Detroit, Mich. The reception takes place at the latter place, at the home of the bride's parents, 100 North street, East Detroit, from 8.30 to 10 o'clock, August 14th. Mr. and Mrs. Downs will be at home Wednesdays in October, at 150 Newbury avenue.

—The Newton Bicycle Club held its monthly meeting Tuesday evening at Point Allerton, Hull. The usual social features and a collation were enjoyed. The summer runs are to be continued, making the monthly evening from the public library building, this city. There will be a ladies' run to Gloucester tomorrow (Saturday). The party will take the 2 o'clock boat and stop over night in Gloucester making the return trip on their wheels Sunday.
—Rev. Henry G. Spaulding, who is one of our best lecturers, has returned from southern California to Newton where he is spending the summer. During the fall he will again enter the lecture field and will give five lectures on "The Italy of the Old World and Our American Italy." Mr. Spaulding and Mrs. Stoddard are our two best lecturers says the Boston Herald. They illustrate their work with an audience instruction and entertainment at the same time.
—A correspondent on Mt. Ida sends us the following in regard to what has become a great nuisance to a large section of the city: "Can anything be done to stop the whistling of the B. & A. freight engines? If a freight yard is located in the thickly settled portion of our city there should be some way provided whereby such shrieking could be done away with. To have one's nerves harassed all hours of the day and night is unbearable. If the track room is not sufficient to allow of the modern system of signaling, we think the time has come for the B. & A. to seriously consider the question of moving their tracks to some place where they can have better freight accommodations."

NONANTUM.

—Miss Laura Lane, daughter of Mr. Geo. Lane, Washington street, and Miss Abbie Robinson, of Watertown, were driven from a carriage at the corner of Ward street and Waverley avenue, Monday afternoon. Miss Lane fractured her right thigh and her companion was cut about the head and her hip injured. Both girls were taken to their homes. Miss Lane was attended by Drs. James and Edward R. Utley who set the broken limb and made her as comfortable as possible. The accident was caused by the collapse of a wheel which allowed the axle to drop to the ground and partially overturned the carriage. The horse ran after the upset of the occupants and brought up in the yard at H. C. Daniel's stable.
—Quite a little excitement was occasioned Monday by a story that some unknown person had snatched a lady's pocketbook in Nonantum square. It was found that the purse was taken from a woman who was carrying it, and she was taken to her home and made her escape. It seems that the lady dropped her pocketbook and that the man who picked it up did not run away, but left the vicinity soon after on a team. The purse was the property of Mrs. John Deery of Newtonville and contained \$5.83 in money, a lodge jewel valued at \$10 and a small gold pin worth \$5. The case was investigated by Officers Harrison and N. F. Bosworth and the purse was recovered Tuesday evening and restored to the owner.
—A meeting of the Waban Improvement Association was held in Collins hall, Thursday evening, at 8 o'clock. Measures were taken for the revision of the by-laws.

F. H. HOVEY LOSES TO KNAPP.

NEW YORK TENNIS CHAMPIONSHIP IS IN THE LATTER'S KEEPING.

Steady playing and good tennis in an uphill fight made W. Percy Knapp of New York winner of the championship of New York state against Fred H. Hovey of Newton Centre, last Saturday, who held the High Rock cup and the championship one year. It took five sets, and good sets, too, for Knapp to beat the Massachusetts favorite on the Congress Park court at Saratoga, N. Y. A great crowd of people came to see Hovey walk away an easy winner, but they were disappointed.

Hovey won the first two sets with comparative ease, 6-2, 6-2. When in the third set he had the old Yale champion five games to one and the score 40 to 15 in his favor, many of the fashionable audience around the court were prepared to go, believing that Hovey had won three straight sets.

But not so; Hovey lost that game and continued to lose until Knapp, nervous and energetic, straining every muscle to get every ball and using his brain to decide about scientific paces, pulled the score up to five games all. Hovey losing the set 6-8.

Play started at 11 o'clock with Knapp serving. Knapp won the first, a love game, through Hovey's mistake.

In the second the Harvard man did some great serving and placing, and won the game to 30.

Knapp kept Hovey running in the third and secured the game, as the majority of the champion's returns were wild and ineffective.

Hovey now took a decided brace. His strokes were much harder and his playing steadier, and he played all around Knapp for the balance of the set, winning five straight games by easy scores.

This gave him the first set, 6-2.

In the second set Knapp again began serving and again won the first game without allowing his opponent a single point.

Hovey sent too many balls out of court and into the net. He did some grand playing in the second, both from the back of the court and at the net, the result being that he won the game to 30.

Knapp played far better tennis than Hovey in the third and secured the game to 30.

The tables were turned in Hovey's favor in the fourth. His net work and lobbing had a bad effect on Knapp's game.

"Two games all," called Referee Clark, and the spectators were on the tip of excitement.

Hovey now won three straight games by better generalship and harder play.

With the score 5-2 in Hovey's favor, Knapp made a game fight to cut the score down and space under in winning the eighth and ninth games, only to lose the 10th by Hovey's superior placing.

This gave him the second set, 6-4.

The third set opened most auspiciously for the Boston representative, who captured the first game at 15, with Knapp serving.

Knapp served, the second Hovey did some great work from the back of the court, winning the game in a comparatively easy manner.

Good placing on Hovey's part had a great deal to do with his success in the third, and the game went to his favor by the same score.

In the fourth, Hovey was all over the court, and no matter where Knapp sent the ball, he was always ready to return it out of his opponent's reach.

Hovey won the game to 30, which made his fourth straight.

Knapp was not discouraged, however, and by steady work pulled off the fifth, a love game, through Hovey's mistakes.

Hovey won the sixth after a close fight making the score 5-1 in his favor.

It was here that Hovey showed poor judgment, for in the next game he had Knapp 40-15 and one point would have won him the match, when he missed the easiest kind of a shot.

It was pure carelessness on his part, and cost him the set, as Knapp tied the score and later won 8-6.

Knapp scored 43 points to 38 for Hovey.

Thus the match finished with Knapp a victor. The name of W. Percy Knapp goes on the massive silver High Rock cup, valued at \$250. The cup is one of the finest trophies in the tennis line in the country.

Knapp also wins the big silver, gold-lined cup which goes to the winner of the tournament, Harold McCormick of Chicago, a Princeton College man, carries of the first prize in consolation singles.

The following summary of the match will be found interesting:

FIRST SET.	
Hovey.....	0 2 4 4 4 4-24
Knapp.....	4 2 1 0 0 2 1-6
Games.....	
Hovey.....	0 2 0 4 5 6 7 8-6
Knapp.....	1 0 3 2 0 0 0 0-2
Balls placed—Hovey, 16; Knapp, 9. Knocked out of court—Knapp, 8; Hovey, 4. Drives into net—Knapp, 1; Hovey, 7.	
SECOND SET.	
Hovey.....	0 2 4 4 4 4 5 5-32
Knapp.....	4 2 2 2 2 1 4 5 3-29
Games.....	
Hovey.....	0 2 0 4 5 6 7 0 10-6
Knapp.....	10 3 4 0 0 0 0 8 9 0-4
Balls placed—Hovey, 17; Knapp, 20. Knocked out of court—Knapp, 8; Hovey, 11. Drives into net—Knapp, 5; Hovey, 9.	
THIRD SET.	
Hovey.....	1 1 2 4 0 5 3 2 1 4 0 2 4-36
Knapp.....	4 2 4 0 5 3 2 1 4 0 2 4-36
Games.....	
Hovey.....	1 2 2 4 0 5 6 0 0 11 0 0 0-6
Knapp.....	0 0 0 0 5 7 8 9 10 0 12 13 14-8
Balls placed—Hovey, 17; Knapp, 20. Knocked out of court—Hovey, 14; Knapp, 11. Drives into net—Hovey, 12; Knapp, 8. Double fault—Hovey, 1.	
FOURTH SET.	
Hovey.....	0 2 4 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30-47
Knapp.....	0 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30-47
Games.....	
Hovey.....	1 0 3 4 5 6 7 0 10 0-6
Knapp.....	0 2 0 0 0 0 0 0 8 9 0-4
Balls placed—Hovey, 11; Knapp, 10. Knocked out of court—Hovey, 10; Knapp, 10. Drives into net—Hovey, 12; Knapp, 8. Double fault—Hovey, 1.	
FIFTH SET.	
Hovey.....	1 7 0 2 5 6-21
Knapp.....	4 9 4 4 7 8-36
Games.....	
Hovey.....	0 0 0 0 0 0 0-0
Knapp.....	1 2 3 4 5 6-6
Balls placed—Hovey, 9; Knapp, 14. Knocked out of court—Hovey, 9; Knapp, 14. Drives into net—Hovey, 9; Knapp, 14. Double fault—Hovey, 1.	

Hovey will probably meet Knapp next at the all day comers tournament at Newport, which begins August 22.

Joseph T. Whiteley, secretary of the N. E. T. A., should receive the highest credit for his work all through the tournament in starting matches promptly and bringing the championship tourney to such a successful close.

Lace's Family Medicine moves the bowels each day. Most people need to use it.

INTERCLUB TENNIS.

NEUTRAL GAME AT BELMONT.

The Somerville and Waltham clubs played a neutral game in the inter-club tennis league on the Belmont grounds Saturday, before a large number of spectators. In the singles A. J. Shaw of Somerville was pitted against L. S. Tyler of Somerville. Shaw had an easy time with his opponent, winning for Somerville by a score of 6-2, 6-1. In the doubles Shaw and G. H. Dickerman, Jr., appeared for Somerville, with Tyler and A. P. Wills representing Waltham. The Somerville men were too much for their opponents, winning by a score of 6-1, 6-4. A. E. Smith of Somerville was referee.

A tennis match was played Saturday afternoon between Wellesley Hills and the Waban Racquet club at Riverside. A. C. Emery represented Waban in the singles, and A. W. Edmunds Wellesley Hills. The first set was won by Emery, 7-5. The second set was won by Emery by a score of 6-0. In the doubles Waban was represented by Partridge and Condon, and the Wellesley Hills by Edmunds and Travis. The Waban men won by a score of 7-5, 6-4 and 6-3.

The Newton Boat Club and the Belmont Tennis Clubs played on the Waltham courts Saturday. The Newton club won the singles and the doubles were forfeited to them. The score: Spear beat Swords, 6-1, 6-3.

The Newton Circuit Line.

We trust that the report is true that the Boston & Albany Railroad Company has entered upon the work of so increasing its facilities as to permit of the running of more frequent suburban trains around its Newton circuit, says the Boston Herald. We have on several occasions referred to the fact that no railroad corporation having its terminal in Boston was better placed than this one to build up an ideal system of rapid transit; that it had a splendid track bed, well built stations, and well equipped trains; yet, with all of these advantages, it has not given to its patrons in Newton, Brookline and Brighton—suburbs having immense possibilities in the way of development in population—that convenient railroad service that the dwellers in other suburban sections have obtained from other railroad companies which are physically less able. The statement has been made by Mr. Whitney of the West End Company that his Brookline and Brighton line of electric cars has in the short time that it has been in existence developed a patronage equal to the average of that of any of the steam railroad lines coming into Boston. While the attractions of the fast running electric cars over the Beacon street boulevard would tend to pass under the conditions, it is not improbable that a considerable part of this patronage, which is to quite a degree formed of new settlers, could have been secured or retained by the Boston & Albany road, whose lines run through the same district, if that company had run more frequent trains, and if its rates of fare had been based upon moderate scale of charges. It is, so far as the community is concerned, far better that a railroad company should obtain a good income by doing an exceedingly large business upon a small profit, than that it should have even a smaller income by doing an exceedingly restricted business upon a large nominal profit. The volume of patronage is chiefly determined by the convenience afforded both as to time and price, and when these conveniences are not given, or are given only in a partial manner, the railroad company ceases in part to perform the functions it was created to exercise. The report that we have referred to above would seem to indicate that the Boston & Albany company had at last concluded that it was well to attract custom, and hence the dwellers in Brookline and the upper part of Newton may soon be as much favored in the way of train service as the residents of West Roxbury, on the line of the Providence division of the Old Colony.

BOSTON AMUSEMENTS.

GLOBE THEATRE.—At the Globe following Gorman's minstrels and beginning Monday evening, August 15, Thomas Q. Seabrooke's comedy opera company is booked for a three weeks' run in the "Isle of Champagne." This opera will come to Boston with a record of 75 consecutive performances in Chicago to crowded houses. It is the work of Charles A. Byrne and Louis Harrison, the music having been composed by William Furst. Elaborate scenery has been prepared by Henry E. Hoyt of the Metropolitan Opera House, New York, and the costumes have been designed by Capt. Alfred Thompson. Eighty persons, including comedians, lyric artists, full choruses and a grand ballet are comprised in Mr. Seabrooke's organization. Chicago critics have said that the "Isle of Champagne" is the best comic opera since "Erminie."

TRFOMONT THEATRE.—Puritania begins its eleventh week on Monday, and introduces before the close of the week two special events—1. On the 75th (Souvern) night, Wednesday, Aug. 17, and the 4th month. Such a record is beyond all compare in the annals of Summertime, not alone in Boston, but every city in the world. There have been longer runs (and even of the highest class of comic opera) but never have those runs begun in the midsummer months or what is termed out of season. "Puritania" has so established itself in popular favor that it would take a great deal now to shake or diminish its prosperity. Miss Pauline Hall is now singing with incomparable finish two lovely new songs. Miss Beaudin's grace and beauty seem to grow with each performance. Mr. Solomon is easily the best of comedians in the role of the Witch Finder. Jacques Kruger is at his very best, and the Daily sisters, who are doing a new dance, have so firmly fixed themselves in public esteem, that it would be a sad to have them depart from the cast, and the Tremont commits no sins. Whenever before was there anything like such a record? The sale of seats for the 75th Souvern night, is already so large that early application alone can secure good places. The Souvern will be of great beauty.

The Postmaster.

Winchester, Mass., says: I am personally acquainted with Mr. and Mrs. Carleton, and was astonished at the remarkable effects of your Sulphur Bitters in curing their son, and its large sale is undoubtedly due to the fact that it is so honest medicine. I know of many others who have been cured by its use, and I do not think too much can be said in its praise. Yours truly, Geo. P. Brown, P. M.

Children Cry for
Pitcher's Castoria.

August Magazines.

The Arena devotes its August issue to women's affairs. There is given a symposium on women's clubs, in which Mrs. May Wright Sewall, Hester M. Poole of Sorosis, Kate Gannett Wells of Boston, Mary E. Mumford of Philadelphia, Anna Robinson Watson, Katharine Nobles, Mary E. Joyce, Ellen H. C. Mitchell, Dr. Julia Holmes Smith, Louise Chandler Moulton and Mary A. Livermore take part. Mrs. Livermore also furnishes to this number a paper entitled "Twenty-five years on the lecture platform." Miss Willard writes on "The coming brotherhood." Frances E. Russell contributes a historical paper on dress reform movements of the past in America; Helen H. Gardener, whose novels have won such wide recognition, discusses "The danger of an irresponsible educated class in the republic." Also there are contributions by Mrs. Moulton, Gail Hamilton, Senator James H. Kyle, Congressman Ellis and George Jones Miller, Mrs. Frances E. Russell, Elizabeth Smith Miller and Frances M. Steele. The Arena has devoted much pains to the advance of woman's interests, ever since it was started.

In the August Century magazine, the mid-summer holiday number, there are poems by Celia Thaxter, E. C. Steadman, T. B. Aldrich, R. H. Stoddard, R. W. Gilder and others; Steadman's "A Sea Change" is illustrated by Will H. Low. Other interesting papers are R. Cleveland Cox's article on the sailor life of Gloucester harbor, illustrated with four of his own etchings; "Glimpses of wild life," by John Burroughs; "The apotheosis of golf," by W. E. Norris, the novelist; "Architecture at the world's Columbian exposition," which describes the electricity and mining building, and is by Henry Van Brunt, one of the architects of the electricity building.

The August Scribner is the annual "Fiction number" and contains seven short stories, "As one having authority," by H. C. Bunner, one of his best; "The besetment of Kurt Leiders," by Octave Thanet; and tales by Mrs. Burton Harrison, Duncan Campbell Scott, T. R. Sullivan and others. Walter Besant has in this number his account of "Riverside parties," "The Door of Great Cities," a series illustrated from life by Hugh Thompson. Prof. Shaler furnishes an article extremely well illustrated, on "Icebergs," and "The historic moment" is on "Driving the last spike of the Union Pacific," by the late Sidney Dillon.

The Forum (New York) for August: "Shall the Southern Question be Revived? Unparalleled Industrial Progress," Richard H. Edmunds; "The Disastrous Effects of a Force Bill," Hoke Smith; "Literature as a Career," Walter Besant; "An American View of the Irish Question," Richard H. Dana; "Silver and the Currency: The Folly of Free-Coinage Agitation," Louis Windmuller; "Repeal of the State-Bank Tax," David M. Stone; "What Psychological Research Has Accomplished," Professor William James; "The Western Traffic Association," Aldace F. Walker; "Studies in Practical Religion: An Example of Organized Thrift," John Graham Brooks; "The Churches and Labor Unions," Rev. John P. Coyne; "Why We Have so Few Good Roads," Ex-Governor James A. Beaver; "Municipal Government: A Corporate, Not a Political, Problem," Frank Morison.

Scribner's is essentially a fiction number. It is devoted to short stories—and those by the best writers. Octave Thanet contributes the first of a series of Western tales, "The Besetment of Kurt Leiders." Mrs. Burton Harrison has a love story of long ago, "When the Century Came In." H. C. Bunner has a dramatic little sketch of a country meeting, "As One Having Authority." T. R. Sullivan, the playwright, contributes "Jack-in-the-Box." Duncan Campbell Scott, "The Triumph of Marie Lavolette," and Mrs. James T. Fields the translation of Guern's idyl, "The Centaur." Walter Besant's chronicles of "A Riverside Parish" make the fifth article in the "Great Cities" series. Professor Shaler writes coolly of "Icebergs." Kate Douglas Wiggin discusses "Children's Rights," and "Driving the Last Spike in the Union Pacific" is the memorable "Historic Moment" described this month in Sidney Dillon's series. Then the "Point of View" is especially pointed and clear sighted in its discussion of current topics.

There is a sea breeze and a spray of salty brine in the atmosphere of the August St. Nicholas. The frontispiece is a sketch of "The Old Lighthouse Keeper and the Children," by W. A. Rogers, illustrating with other drawings an idyllic paper by him on "Quiet Beach." "Midshipman's Capt." is about an amphibious kitten; "How Ships Talk to Each Other" and "What News—In Mid-Ocean" are two interesting yarns on ocean signalling by two old sea captains; "A Fishing Trip to Barnegat" is an account of a pay holiday excursion; "The Jollivers Donkey," by Kate Tannatt Woods, is the story of a number; there is some bright verse, and the serials move along with increasing interest.

The August New England Magazine contains a generous supply of light fiction for summer reading. Eben E. Rexford opens a serial, "One of a Thousand," that promises to develop into a good story. MacGregor Jenkins contributes a bright amusing story, "Hans Guteman's Warnings." "Off Monomoy Point" is a good love story by William Erie Baldwin, and "The Candidate at Binnacale," by Benj. Asbury Goodridge, relates the tribulations of a young preacher unassigned.

The Senatorship.

(Watertown Enterprise.) The City of Newton is desirous of having men within her borders nominated for governor's council, county commissioner and district attorney. It has as yet put forth no candidate for senator. It seems as though Watertown should be remembered this year, and as though we deserve the support of the entire district in the nomination of a candidate for this office. Mr. S. S. Gleason is prominently mentioned as Mr. Gilman's successor.

For Over Three Months

my son suffered night and day with rheumatism; so much so that he was unable to feed himself. Your Sulphur Bitters cured him, and I am truly thankful to say they are an honest medicine.

Mrs. W. H. Carleton, wife of Deacon Carleton, First Baptist church, Winchester, Mass.

As a hair dressing and for the prevention of baldness, Ayer's Hair Vigor has no equal in merit. It cures itching scalp, dandruff, keeps the scalp healthy, clean and healthy, and gives vitality and color to weak, faded and gray hair. The most popular of toilet articles.

The Watertown Extension.

In regard to the extension of the Newton street Railway tracks from Waltham to Watertown, the Enterprise of the latter town says:

The selectmen have looked over the ground and it is their desire to grant the location and locate the track on the most northerly boundary of Main street, practicable for the building of a street railway. In order to make the line of the most value to the town and company, the selectmen are evidently of the opinion that it will be necessary for the petitioners to make some arrangements with the owners of the abutting lands and Heatherstone estates for land sufficient to widen the street to a proper width, for the accommodation of their track. We understand that President Parker of the Newton Street Railway is endeavoring to make some such arrangement with the owners for the purpose of straightening the street line and still leave as much street for the public travel as at present. As soon as the Newton Street Railway have secured the consent of the property owners, we are assured that the selectmen will grant their petition.

The horse's ribs were very conspicuous, and the boy on the curb, after gazing at the animal for a while, shouted to the driver: "Say, mister! 'Whit do you want?' 'How did you ever happen to let your horse swallow them xylophones?'" —Washington Star.

NEWTON TARIFF REFORM CLUB.
The Tariff is a Tax.

Every person interested in the subject of the Tariff, is cordially invited to take part in the discussions carried on in this column. Respectful consideration will be given to inquiries, criticisms, and communications of every kind whether coming from Tariff Reformers, Free Traders or High Protectionists. Address Secretary of the Tariff Reform Club, Newton Centre, Mass.

Tariffs, Strikes, and Wages.

Harpers' Weekly.

The labor troubles at Homestead have started a lively discussion between protectionists and tariff reformers as to whether the tariff had anything to do with those disturbances. The protectionists point to the fact that labor troubles and strikes occur in free-trade England as frequently as in protectionist America, and that therefore it cannot be said that the tariff is their cause and free trade the remedy. This is unquestionably correct. But in one very important respect the answer is not sufficient. One of the main arguments constantly and vociferously urged in favor of high protective duties is that they are not only to aid the manufacturer in making industrial production profitable, but that the tariff is especially intended to ameliorate the condition of the American workman beyond anything hitherto known. It is to secure to him constant employment and high and steady wages; it is to enable him to own his house and lot, to have the comforts of a home and a considerable amount of the enjoyments of civilized society; it is to insure him, unless he be very imprudent, against want and care in his old age; it is, in short, to secure to him conditions of life with which he would have every reason to be content. Such promises have been and are poured into the ears of working-men, especially at election times, when the labor vote is wanted for the protectionist party.

A large portion of the labor vote has actually been won in that way for the high-tariff policy, and it is by no means surprising that the protectionists should have taken the representation made to them seriously. According to what they have been told, they have reason to believe that the tariff laws were made specifically for their benefit; that in the matter of employment and wages the American working-men are on the margin less dependent upon the tariff than the labor market and upon the vicissitudes of business than working-men in free-trade countries are; that they may claim a share in the profits made by the establishments in which they are employed with a better right and to a larger extent than what is claimed by working-men not protected by a tariff; that they will be taken excellent care of somehow, whether by their employers or by the power that made the tariff law. It is easy to see what notions of right and what expectations of benefit may thus be engendered in the minds of the credulous and how those minds are thus prepared for the exciting appeals of the agitator.

But the tariff laws say nothing about wages or continuity of employment. The fulfillment of the promises made by the protectionists in behalf of the tariff is not provided for in the statute. That fulfillment is left to the most immediate beneficiaries of the protective system, the manufacturers. There may be manufacturers who run their establishments as benevolent institutions, and who think that their working-men are and last of themselves; but it is not in human nature that there should be many of this kind. Most manufacturers will manage their business on ordinary business principles. They will have a keen eye to their own profits. If managers of stock companies, they will consider it a matter of justice to divide the profits among the shareholders. They will ordinarily pay the working-man not as much as they might, but as much as they must; or, to express it less harshly, although their profits might allow it, they are not likely in the payment of wages to go much beyond the market rate. And whenever profits are endangered by unfavorable circumstances, they will resort to whatever may serve to prevent a deficiency—a reduction of wages among other things.

The working-man, who is not an unreasonable being, will submit to a reduction of his wages when he sees the necessity of it. But he will be the more unwilling to admit such a necessity under any circumstances, the more reason he has been given to look upon himself as at least one of the intended beneficiaries of the laws which have been done so much to make his employer rich. He will be rather inclined to argue that under these laws he had hardly had the full share of the benefit that was promised to him, and that somebody else has unlawfully made off with a large portion of what was the working-man's due. And if, upon this view of the case, the laboring-man works out for himself a theory of rights far beyond this, we must not be altogether astonished to find that the tariff, with all those promises with which it has been commended to the favor of the working-man, has become one of the most effective propagators of socialistic ideas.

The working-men will gradually open their eyes to the fact that those fair speeches have most cruelly deceived them. They have only to look at the rates of wages in the different countries of the world to satisfy themselves that high wages are not caused by a high protective tariff, and that low wages are not caused by the absence of a high tariff. We are constantly told, when comparing American wages with English wages, that in the United States are much higher than wages in England because we are blessed with a protective system while England is not. But it is a notorious fact that wages in free-trade England range much higher than wages in Germany and in other European countries blessed with a protective tariff. Now if in one high-tariff country wages are higher than in one free-trade country, and if at the same time wages in that free-trade country are higher than in several high-tariff countries, then it cannot possibly be that the high tariff makes a high rate of wages and the absence of the tariff a low one.

If the working-man pursues his inquiries further, he will find that during that famous period when the United States had a low tariff, from 1846 to 1861, wages here were as much higher as those in any European country as they are now, and that during that low-tariff period they were steadily rising. He will find that wages in this country have always been higher than European wages, not on account of any tariff, but on account of the circumstances surrounding us—the large quantity of cheap, fertile and easily accessible land; the

almost inexhaustible abundance and variety of natural resources inviting enterprise; the numberless opportunities for fruitful activity; the exceptional energy and productiveness of labor in this country; and so on. He will find that the wages of persons engaged in such labor as is not protected by any tariff at all, such as employees of transportation companies, house-servants, bricklayers, carpenters, bakers, longshoremen, plasterers and many others, are among the highest, compared with corresponding wages in Europe. Finally, he will find that employment and wages are as dependent on the labor market and the state of business in high-tariff America as in free-trade England, and no less; that labor organizations have as much influence upon such things here as in England, and no more; and that the promises with which the protective policy is commended to the favor of the laboring-men cannot possibly be fulfilled by any tariff law, and are therefore a delusion and a snare.

Why he left the Party.

David Morgan Hildreth of New York city has formally withdrawn from the republican party. He has always been looked upon as one of the most enthusiastic republicans in New York. In 1888 he was the nominee of his party for Congress in the 12th district. He made an active canvass, but was defeated. In 1890 he was nominated for the Assembly in the 21st district. His popularity was clearly shown in this campaign by the earnest support which he drew out, and he was elected over his democratic opponent, George M. Bersick, by a plurality of 3-5. In the course of his letter to John Proctor Clarke of New York Mr. Hildreth writes:—

The only issue that I have recognized in the years that I have actively participated in politics as existing between the two dominant political parties was that of protection. I believe in it on principle. I believe in it to-day, providing that its attendant advantages can be made universal, and not special. The republicans, as a principle, proclaim their allegiance to the doctrine of protection to American industries and American labor. I believe in it to-day, and I believe it is a protection that will protect the great mass of the American laborers and assure to them the benefit of the advantage of increased prices in the manufacture of goods which it secures to the manufacturer, by the exclusion from competition with the home product of goods manufactured under foreign cheap labor. I do not now, nor have I ever, believed in a protective system which but assures to capitalists increased profits. Until now I have regarded the mass of our laboring classes from the continuing menace to their property and happiness of the immigration of underpaid foreigners, the benefits of our protective tariff are but for the manufacturer, the advantages to the country at large of our established system are but theoretical and imaginative, and in practice do not realize. My allegiance to the republican party in the past has been induced by expectation of the benefits of that party from that party because of the fact that I have learned from experience to know its absolute insincerity in this one cardinal issue as demonstrated in practice.

THE NEWTON WATER.

NO IMPURITIES IN IT DANGEROUS TO HEALTH.

Recent cases of malaria in Newton have been attributed to the condition of the water. It has been said that the domestic supply has been contaminated, and some physicians have taken the precaution of directing the use of filters, and requiring the water to be boiled in cases of sickness.

There is a variety of opinions concerning the nature of the alleged impurities in the water. Some people attribute it to the condition of the Charles river, which is contaminated with sewage. That theory is not tenable, for the reason that the source of supply is that of natural springs, the water not being taken from the river. At the time of the installing of the water works, it was supposed that a portion of the water supply came from the Charles river.

This idea was afterward shown to be incorrect, the proof to the contrary being the fact that the water in the filter basin is about nine inches higher than that of the river. The soil between the river and the filter basin is clay marl, and the water declares that the water cannot percolate through it from the river to the receiving basin.

The water department officials attribute the condition of the water to the accumulation of a slight vegetable growth in dead ends of mains, and say that there is no cause for alarm, and that the water contains no impurities dangerous to health.

A Newton chemist says the water contains a vegetable growth, termed filamentous algae, in localities only where dead ends are situated. He says that the water is comparatively pure, and that there is no occasion for alarm.

In the latest report of the state board of health relative to the water supply of cities, Newton water is declared to be almost entirely free from animal impurities.

The water at the present time is slightly discolored in some localities and contains a vegetable growth resembling a long white hair, visible to the naked eye when the water is held up to the light.

Can You Swim?

The above question is often asked at this time of the year when drowning accidents are an every day occurrence. Hardly a morning paper is picked up that does not contain the account of one or more drowning accidents, caused in most cases by lack of knowing how to swim.

Here in Newton no one can say they have no opportunity to learn, for we have in our city what no other city has, a summer swimming school, where men, women and children can learn to swim at reasonable terms. The school is situated on the estate of James T. Allen, Esq., Washington street, near Auburn, West Newton, where, in a secluded quiet spot which nature has made beautiful, reminding one, as a gentleman recently returned from a broad remark, of the swimming baths of Germany and other countries, one can find clear pure water in which to refresh himself by a plunge or swim. As our rivers and large ponds are not safe for children, they are deprived of learning to swim by anxious parents who would otherwise have them learn, could they do so in perfect safety.

One special feature of the summer swimming school is the absolute safety with which even the youngest person can swim or bathe. Every precaution is taken against accident, the deep water being separated from the shallow by a boom of logs it is impossible for children to go beyond their depth. One or two attendants, themselves swimmers, are always present, not only to keep order, but to guard against younger persons staying too long in the water.

Great success has been attained in teaching the art of swimming, hundreds having learned to swim during its eight years existence.

To many of the residents of Newton the advantages of this school are well known and appreciated, but it does not

receive the support it should from our citizens, or as it does from the surrounding towns, perhaps because it is in our "midst." At least this delightful spot is worthy a visit and those who call will doubtless feel repaid for so doing.

NATATOR.

Literary Notes.

D. Appleton & Co. publish immediately by Capt'n Davy's Honeymoon: A Manx Yarn, by Hall Caine, the well-known author of The Scape-Goat, The Deemster etc. (the latter of which has run through twelve editions). Also a new volume in Appleton's Summer Series, by John Seymour Wood, entitled Gramercy Park: A Story of New York.

Ask Your Friends.

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive medicinal merit.

Brown—"What a remarkably well-read man Robinson is. You cannot name a book that he hasn't read. I can't understand how a man can find time to read so much." Fogg—"I think I can." Brown—"And how, pray?" Fogg—"You ask him a few questions about some book you have read yourself, and you'll find out immediately."—Boston Transcript.

What Stronger Proof.

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of stomach, liver, kidney, and bowels assail you, take Ayer's Sarsaparilla.

A faded or gray beard may be colored a beautiful and natural brown or black, at will, by using Buckingham's Dye for the Whiskers.

"No," said a citizen, when asked if he would contribute anything to the relief of the flood sufferers, "I don't think I will." "Can't afford it, eh?" "It isn't that, but the last time I gave something for charity, one of the papers spelled my name wrong."—Pittsburg Chronicle-Telegraph.

An Awful Risk.

Casper Coker. "Say, cull if I was going to kill myself, I'd take morphine." Jonas Deadbeat—"Don't you never do it." Casper Coker—"Why not?" Jonas Deadbeat—"A friend o' mine did it once, an' they found 'im an' walked 'im eight hours to bring 'im to!"—Chicago News-Record.

Brace Up.

There is nothing better to impart life and vigor than the Clinio Sarsaparilla. Sold by Billings, Upper Falls.

are expressions frequently used by those who have seen the splendid results of Clinio Kidney Cure. For sale by Billings, Upper Falls.

A souvenir album, containing beautiful lithographic views of the World's Fair building, is given to purchasers of two 25c. boxes of Foley's Family Pills. For sale by Billings, Upper Falls.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It is what Hood's Sarsaparilla actually does that tells the story of its merit and has given it the largest sale of any medicine.

Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal. They are the best family cathartic.

Children Cry for Pitcher's Castoria.

All Paint is not Paint. Up to date nothing has been found that will take the place of linseed oil in the manufacture of paint. The better the oil, the better the paint. If, instead of pure linseed oil, the manufacturer used an emulsion of oil, that is a mixture of oil and water (they mix oil and water now-a-days), he cheapens the cost of production, and makes a mixture that looks like paint, smells like paint, and for that matter tastes like paint; but, when you put it on your house, it don't act like paint. But how are you, a layman in the paint business, going to find out before you buy it that it contains water? We give you a hint: Water don't cost as much as oil. So look out for the very cheap paints, they may prove very dear in the end. The Chilton Paints cannot be sold as low as the water paints.

Philadelphia
LAWN MOWER
GREAT REDUCTION IN PRICES THIS YEAR.
The Only Perfect Lawn Mower.
Lightest Draft. Most Durable.
OVER 500,000 SOLD.
The genuine have the maker's name cast on one wheel, and the words "Philadelphia Lawn Mower" on the other.
All that have not are inferior imitations that won't last; don't buy them; you can get the genuine for less money.

SOME SERIOUS FACTS.

Hon. Alden Speare's letter in regard to the Councillorship, which we republish in another column, is one of the most important contributions to the discussion which has appeared. Mr. Speare is not a man given to rash statements, and what he says may be accepted as having a good foundation in fact. He gives several important reasons why Mr. Leeson is to be preferred to Mr. Gilman but the last and the most important is that Senator Gilman could not get the nomination, even if he received the unanimous support of Newton. This assertion, Mr. Speare says, he makes on good authority and it is worth consideration by those who are so industriously "booming" Mr. Gilman.

We can not but admire the way in which they have managed the preliminary campaign, and their success in procuring the insertion of flattering notices in the papers of the district. It shows what can be done by skilful political workers, even when they have no great show of public sentiment to back them up. But to return to Mr. Speare's letter. He says that if Senator Gilman received the unanimous support of Newton, he could not be nominated. But there is no prospect that he can secure such unanimous support. He will probably carry his own ward, as the men who are working his campaign live there and will see that all his friends are out, and the voters of Ward Seven rarely take any interest in caucuses. He may also carry Ward Three, as the regular caucus managers there are said to be enthusiastic Gilman men, but it will depend on whether the voters turn out. But from the general expression of sentiment we hear about the city, Mr. Leeson is pretty certain to carry every other ward in the city. Mr. Gilman, it may be remembered, had great difficulty in carrying caucuses outside of his own ward, when he was first nominated for Senator. In Ward One, Mr. Walworth, the opposing candidate, was only defeated by less than half a dozen votes, and the same was true in most of the other wards of the city that were carried for Mr. Gilman.

The same exaggerated claims as were made then by Mr. Gilman's managers, are made now, but it was found after the caucuses that the delegates were evenly divided. The same anonymous letter writers were then managing Mr. Gilman's campaign, and their tactics are being repeated now.

It might also be said that Senator Gilman ran far behind his ticket in his first campaign and although this is a strong Republican district and his opponent was an unknown man outside of his own town, he had less than 100 plurality. The Councillor district is also a strong Republican district, but those who are interested in Republican success ought to consider whether it would not be better to nominate a man like Mr. Leeson, who will strengthen the Republican ticket throughout the district, rather than a man who has on former occasions proved weaker than his party. This is Presidential year and Massachusetts is not such a sure Republican state that any element that will strengthen the general ticket can safely be left out of consideration. A strong candidate is much better than brass bands and kerosene torches on election day.

THE FOUL CHARLES.

There is great complaint of the Charles River, this hot weather, and especially from those who live within smelling distance of it. When the tide is out there is a very offensive smell which affects quite a large section of the city and any one who catches a glimpse of the foul mud left exposed is not at a loss to account for it. The refuse from the Watertown factories, and from drains, is not carried away but left to fester in the hot sun, and the odors can not be beneficial to health. There has been some talk of building a low dam just below the arsenal, which would hold back enough water to keep the flats covered but would not be high enough to keep out the tide water. In addition to this some stringent measures are needed to keep foul matter out of the river. The factories should not be allowed to dump their refuse into it, and now that Watertown is sewered all impurities should be turned into the sewer, and some vigorous measures taken to cleanse the river bed and keep it clean. It ought to be one of the chief beauties of the city and towns along its banks, instead of being

a menace to health, and a very offensive feature to all who reside near it. There is an appropriation of \$20,000 available for dredging, but it has not been used, Watertown selectmen say, because of Boston's delay in building its portion of the bridge near the arsenal. If the river bed was dredged it is believed that much of the trouble would be done away with.

Watertown is proverbially slow in any improvements but it ought not to be allowed to maintain a nuisance which is offensive to its neighbors. One would think that regard for its own interests would impel the town to take decided action, as the river now, instead of being an attraction, is one great objection which would keep out new residents, and one would have to look long to find such a foul condition of things along any part of the Charles as exists within the limits of Watertown. Without the river, the town would be a pleasant place to live, as it is especially favored in the way of varied scenery, with hills and plains that are fast being improved. For the sake of its own future, as well as for the comfort of its neighbors, Watertown should rouse itself from sleep and make all parts of its borders healthful.

It seems to be settled that Gen. Draper will be the Republican candidate for congress in this district. He is a very wealthy manufacturer of Milford, and other candidates seem to feel that any attempt to cope with him for the nomination is hopeless. He is a strong believer in the McKinley bill, a member of the Home Market Club, and also a good deal of a politician. The Democrats will put up Geo. Fred Williams again, and the fight will probably be a lively one, as Congressman Williams has made many friends by his courageous fight for sound money, and his independent and manly course. The Republicans carried the district in 1888 by 3255 and the Democrats in 1890 by 212.

This has been another week of phenomenal hot weather, and the mercury has stood at 90 or over in the shade for several days. The heat was tempered by a violent thunder shower last night, with remarkably vivid lightning flashes and terrific crashes of thunder, the storm finally settled down into a steady rain, which was sadly needed. The weather bulletins predict a cool wave for the evening, and probably the worst of the summer heat is now over.

Hon. C. A. Campbell of Chelsea has withdrawn from the Councillorship contest, in favor of Mr. J. R. Leeson. The other contestants will soon follow this example.

The tax rate of Malden this year is \$15.50. Newton seems to lead the suburban cities in the lowness of its tax rate.

THE COUNCILLORSHIP.

PERTINENT LETTER FROM HON. ALDEN SPEARE.

Our local contemporary contained last week a letter from Hon. Alden Speare in regard to the charge made by an anonymous writer in that paper, that Mr. Joseph R. Leeson was the candidate of the Home Market Club; Mr. Speare says: "Allow me to say as to the same, 1st, The Home Market Club, as such, is not in the habit of taking any action as to candidates in the various districts, but always does its best to assist in the election of the Republican candidates. 2nd, The Boston Chamber of Commerce is composed of members of all parties and never takes any action as to the nomination of any political party for any place. 3rd, I am not president of the Chamber of Commerce. 4th, I have taken no action either for or against the nomination of either Mr. Leeson or Mr. Gilman. 5th, I have always voted for Mr. Gilman for every position he has ever occupied in Newton and believe he is faithful and conscientious in the discharge of his duties in every office to which he has been elected. 6th, Because he has filled these offices faithfully and discharged the duties pertaining to them is not a reason to my mind why he should receive further offices from the hands of his fellow citizens. If it is an honor to have been thus complimented, he has certainly received his full measure and much more than can be conferred on any other equally deserving citizen of our community. 7th, I believe that Mr. Leeson is a much abler and a more competent man to discharge the responsible duties which would devolve on a councillor in our commonwealth. 8th, I am informed by parties who should know that if Mr. Gilman should receive the unanimous nomination of Newton he could not get the nomination; I, therefore, am clearly of the opinion that we, of Newton, should unite in doing our best to secure the nomination and election of Mr. J. R. Leeson, a gentleman who has done as much for the interests of the Republican party as any man in our community."

Bulloughs' Pond Land Purchase.

It is announced that the Carleton estate, consisting of twenty-five acres, and the old homestead at the corner of Walnut and Homer streets, Newton Centre, running back to Bulloughs' Pond, have been purchased by George W. Morse of Newtonville and John W. Weeks of Boston.

The Newton & Boston Street Railway Company runs by this estate for nearly two thousand feet along Walnut and Homer streets, and immediate improvements are contemplated. This gives Mr. Morse and his associates, the control of most of the lands lying about Bulloughs' Pond, aggregating in all seventy-five acres. The Newton & Boston Street Railway Company opens it all up, and it has a brilliant prospect. It is within four or five minutes ride on the electric cars to Newtonville or Newton Centre, and will soon be connected with the street railway systems of Boston by the extension of the line to Chestnut Hill, or through the proposed new avenue. Improvements at Bulloughs' Pond are now going on.

Clear Them Out.

Barnard & Co. guarantee their preparation for exterminating water bugs and roaches and if you are at all troubled by them there is no safer or surer road to freedom from their presence than by using it. Druggists and grocers keep it, or you can procure it of the above firm at 7 Temple Place, Boston.

Glorious Possibilities.

It is only as one rises to the national conception of what Columbus Day, Oct. 12, may be made that it takes on its true character. The day itself, simply as a way of calling up the past and giving it historical significance, will be full of meaning, but it will be much more than this. The historical part of the celebration is not confined to the mere act of the discovery of America by Columbus on the morning of Oct. 12. It is a day that reaches back through four centuries of progress, and it includes all that America has passed through in these 400 years—the crowding out of one race by another; the succession of one civilization after another; the growth of new ideas, and the putting of old ideas to new service; the introduction of nobler manners, better laws, a larger and freer life than the world has known before, and as the fundamental element in this new order, the creation and the development of our public school system, than which nothing is more truly representative of American ideas and institutions.

The eagerness and appreciation, with which the suggestion for this peculiar celebration has been caught up shows that it touches the right chord in the patriotic hearts of the young people throughout the whole nation.

The Twilight of the Century.

We are in the Saturday evening of the fourth century of America's discovery. We are nearing one of the great milestones of history. An epoch in American life is closing. In a few weeks we pass the day which rounds up the full measure of the 400 years that are gone. But it is not proposed that we stand even for a day on that great dividing line to speculate upon American achievement and progress. We shall pause for but a moment and contemplate with wonder and admiration the grandest production and the most enduring monument of the first 400 years of American life—our public school system.

The earnest enthusiasm with which the public schools of America are grasping the idea of a Columbian public school celebration for Oct. 12 augurs well for a successful national demonstration.

On Oct. 12 the eyes of the nation will be turned upon the public schools, which form the keystone in the arch of our civilization. Throughout the length and breadth of our land the 13,000,000 pupils enrolled in our free public schools will, as with one voice, sound a note which will thrill the nation.

A Hero of Today.

History and poetry celebrate no sublimer act of devotion than that of Albert G. Drecker, the watchman of the Passaic river drawbridge, on the New York and Newark railroad. The train was due, and he was closing the draw, when his little child fell into the deep water. It would have been easy enough to rescue him if the father could have taken the time, but already the thundering train was at hand. It was a cruel agony. His child could be saved only at the cost of other lives committed to his care. The brave man did his duty, but the child was drowned.—New York Press.

About Light.

Light travels at the rate of nearly 200,000 miles in a second, but it is a small consolation to think of it when you fall over a wheelbarrow in the dark.—Ram's Horn.

Royal Baking Powder Co., 106 Wall St., N. Y.

Will Meet at Young's.

The 3d district Republican councillor committee will meet at Young's at 1 P. M. today, to name the time and place for holding the councillor convention. It will probably be held Sept. 15, at Wesleyan Hall, Bromfield street, at 2 P. M.

Hon. Ephraim Stearns of Waltham, the present councillor, declines a renomination, and Hon. C. A. Campbell of Chelsea a candidate two years ago, has withdrawn, it is understood, in favor of Mr. J. R. Leeson of Newton.

Rev. Benjamin Fisk Barrett, perhaps the most noted Swedenborgian in United States, died at Philadelphia Saturday afternoon, aged 84 years. He was a minister for 30 years and was a voluminous writer, his works being principally on theology. He was a graduate of Bowdoin college and Harvard university.

ALL SORTS.

Visitor—"I can't understand why you have no telephone here?" Club Man—"The majority of our members are married."—The Club.

 —Officers Soule and Clay and several other members of the Police department with Dr. Stoddard and Mr. Chandler Seaver enjoyed a fishing trip down the harbor Tuesday. The largest catch was a nine pounder.
 —A runaway last week in the Newton cemetery resulted in some damage to head stones and lawns. The carriage was unoccupied and the horse became nervous and ran. The vehicle was pretty well demolished and the total damage figured up about \$200.
 —The business men propose to give the new electric railway a send off and upon the occasion of the initial trip, about Sep. 1, will provide a band and other features. A speech in the square from President Parker is suggested as an item on the program.
 —Miss Florence A. Johnson entertained a number of her friends Tuesday evening, the occasion being the 21st anniversary of her birth. The evening was spent in a social manner, and some fine music rendered. She received many tokens of friendship, and congratulations of her guests comprising a large company of young people.
 —A resident of this place had a close call yesterday. He crossed the platform of the 4.10 outward accommodation train to get off on the other side just as an express train dashed by. A shrill whistle attracted the man's attention and he clinging to the passenger train until the express passed. His escape was almost miraculous.
 —Mrs. Sarah F. H. Thayer, widow of the late Lorenzo R. Thayer, died suddenly at Bethlehem, N. H., Tuesday, where she had gone to spend the vacation period. The remains were brought to this place and the funeral will take place from the family homestead on Court street. Mrs. Thayer was about 70 years of age. She was an active member of the Methodist church and one of its oldest communicants. Her husband was presiding elder of the district for many years.

WEST NEWTON

—Chas. G. Carter is at Narragansett Pier.
 —Mr. and Mrs. H. L. Ayer are at Magnolia.
 —J. B. Chase, Jr., Hillside avenue, is at Lyme, N. H.

 —Mr. and Mrs. C. I. Travelli are among the cottagers at Boothbay, Me.
 —Rev. N. P. Gilman, Fuller street, has gone to Boothbay for his vacation.
 —Mrs. H. L. Whittlesley and children returned this week from Middleboro.
 —Harry McBride has returned from a two week's trip to St. Johns, N. B.
 —Geo. and Willis Gammons have gone down on Cape Cod for their vacations.
 —Mr. and Mrs. C. A. Wyman are guests at the Mitchell House, North Scituate.
 —Mr. and Mrs. B. S. Palmer, Prince street, have gone away for a few weeks.
 —Wm. Pettigrew is to enter the bicycle races at Lynn and Waltham Labor Day.
 —Capt. B. S. Hatch spent a few days this week with his family at Kennebunk, Me.
 —Miss Florence Payne was the guest of Miss Dorothy Young at Seaside this week.
 —Master Walter Sargent of Searsport, Me., is the guest of Leon P. Dutch this week.
 —Leon P. Dutch will go to Searsport, Me., next week, to stay the rest of the season.
 —Mr. and Mrs. W. H. Leatherbee and Mr. and Mrs. Thos. S. Wood, are at Poland Springs.
 —Mr. Herbert Pike and wife, Winthrop street, returned from the White Mountains this week.
 —Architect Clark's house on Lenox street has been finished and is ready for occupancy.
 —Dr. H. P. Perkins has gone to Europe. He will pass the remaining portion of the month abroad.
 —Mr. and Mrs. Samuel Ritchie of Prospect street have returned from an extended European tour.
 —Mr. D. P. Gosline and family of Putnam street are passing their vacation in New Brunswick.
 —Officer Shannon is ill with malaria and his route is being covered for the present by Patrolman Harlow.
 —Mr. H. L. Ayer and Chas. P. Hall were among spectators at the Nahant Tennis Tournament this week.
 —Thomas Ryan, pitcher of the Lincoln Base Ball Club, has won the 18-year old state championship trophy.
 —Mr. Clifford Buckman returned to York, N. Y., Monday, after a week's visit at J. B. Chase's, Hillside avenue.
 —The Veteran Firemen are in training for the tournaments to be held in Boston and Waltham, Sept. 14, and Labor Day.
 —Mr. Geo. Garrison, Chestnut street, is to build two houses on the land between his residence and that of U. P. Thompson.
 —Mr. Fred Homer and Miss Florence Homer were among the guests at the ball given at Hotel Pemberton, Tuesday evening.
 —Messrs. H. L. Felton, A. E. Felton, P. B. Chas. and Edward Hollis are off on a month's trip about Moosehead Lake, Me.
 —Two Italian sewer laborers were injured by a cave in on Washington street, last Friday, and were taken to the Cottage Hospital.
 —A water main burst in the square last Saturday, necessitating the shutting off of the water in Robinson's block for about twelve hours.
 —Rev. Dr. and Mrs. D. W. Faunce departed this week for Saratoga. They will spend a few days at Bethlehem, N. H., before returning home.
 —Thomas and Patrick Foran of this place were seriously injured by a fall of 40 feet from a staging on the new Catholic church in Natick last Friday.
 —Mr. E. M. Boynton of this place has been chosen vice-president of the Boynton family association, which held its annual gathering in Boston this week.
 —A carriage owned by Fred Lyons of Lower Falls and an unknown team, collided on Washington street near the crossing, Tuesday evening, and both were badly damaged.
 —Chas. Cains, the local telephone inspector, has severed his connection with the New England Telephone & Telegraph Co. and will enter the employ of the city in the fire department.
 —Charles Ambler, night telephone operator, made a good showing in the bicycle races at Natick Saturday, but unfortunately met with an accident which prevented him from coming in first in the 13-mile handicap event.
 —The highway committee held an all day outdoor session yesterday and its members went over numerous streets requiring repairs. It is probable that a special meeting of the aldermen will be held Monday evening.
 —City Marshal Richardson, Sergt. Huettis, Inspector Hawthorne and several of the patrolmen enjoyed a fishing trip down the harbor Tuesday. The finny creatures were abundant and took kindly to the bait. A nine pound cod was the biggest catch.
 —The Neighborhood Club contemplates giving an invitation bowling tournament this winter. It will be a decidedly new feature in the sport grown to such astonishing proportions in the past few years. Bowlers will be invited from New York, Worcester and the Eastern cities.
 —A pleasant little colony of Boston and West Newton people are occupying for the season the cottages at Wild Harbor, North Falmouth, on the estate of Mr. R. C. Downer, president of the Broadway National Bank. They include Mr. C. W. Barron of the Boston News Bureau, William Power Wilson, C. W. Leatherbee and W. M. Bullivant and their families.
 —The large barn connected with the Pine Farm school was struck by lightning during the heaviest shower of the tempest this morning, and with the contents was burned to the ground. The alarm was pulled in from box 35 at 1.2 but the box failed to record correctly, and the alarm

was repeated from box 37. The barn contained two horses, three cows, pigs, a large amount of hay and farming tools, all being destroyed.
 —Mrs. Hattie N. Lincoln, wife of Mr. George T. Lincoln of the City Presses Association, died at the residence of her parents on Otis street, Wednesday evening. Mrs. Lincoln was 28 years of age, and was the daughter of Alderman Edward B. and Luella E. Wilson. Her charming disposition and unselfish character had won for her a very wide circle of friends, who will keenly feel her loss. The funeral will be held on Saturday at 2 p. m. from her parents' residence.
 —The well-known West Newton English and Classical School conducted by the Allen Brothers will open its fall term Wednesday, Sept. 21. This excellent school is open to both sexes. Particular attention is given to preparation for Harvard, Smith, or other colleges, the Massachusetts Institute of Technology, and other scientific schools; also for mercantile pursuits. The course of study embraces the fundamental branches of a thorough English education, in which it is the aim of the teachers to impart careful and accurate instruction. It is believed that more attention is paid to the subject of manners and morals, and to the development of character.
 —Mr. George E. Johnson is at York Beach, Me.
 —Mrs. William Bishop is in Nova Scotia for two weeks.
 —Mrs. Blaisdell has joined her daughters at New London, N. H.
 —Miss H. A. Sprout has gone to Sugar Hill, N. H., this week.
 —Mr. Frank R. Kimball is at the Leigh-ton House, Winthrop.
 —Mr. R. G. Whiting is stopping at the Mitchell House, Scituate.
 —Mrs. John Frost has returned from a visit to Yarmouth, N. S.
 —Mrs. F. C. Smith and daughter have returned from Seaside Beach.
 —Mr. and Mrs. Frank Estabrooks have returned from Popham beach, Me.
 —Mrs. Dillingham and family are at Sanborn's hotel, West Campton, N. H.
 —Mr. C. S. Roberts and Miss Elita Roberts have gone to Jefferson Highlands, N. H.
 —Mr. Ronald Sutherland has returned from a vacation trip to his position in Child's store.

 —No one can read much of the Bible with an understanding spirit without seeing that one of the first privileges of a Christian is the right to live without worry.—Ram's Horn.
 —Newspaper English: A reporteress on the St. Paul Globe speaks of a lady "who is a well-known real estate speculatrix." The Pittsburg Press alludes to "the presidentess of the board of lady managers of the world's fair," and the Indianapolis Journal tells of the elopement of a "dime museum freakess."—Des Moines Leader.
 —A famous railway president, while out for a constitutional, noticed a son of toil digging a ditch. "Pretty hard work," suggested the railway magnate. The laborer put down his pick and shovel, and replied with deliberation, "Well, it ain't lawn tennis."—Harper.
 —"You don't bring your wife with you, Mr. Jones," said the small boy of the house, addressing the guest. "No, my boy. Would you like to see her?" "Yes, lastways, I would like to see her thumb." "See her thumb? What do you want to see her thumb for?" "Well, ma says your wife keeps you under her thumb, and I'd like to see it; for it must be a pretty big one."—New York Press.

Sunstroke Stops the Wedding of 75 and 25.
 A marriage was interrupted Thursday night by the groom becoming suddenly overcome with the heat and he had to be taken to his hotel, where he has been confined to his bed ever since.
 The groom in question is Mr. W. S. Fowler who boards at the Enterprise hotel. Until a short while ago he conducted a livery stable on East Market street, but retired about a year ago with a comfortable fortune. Mr. Fowler is a widower, seventy-five years old, and has several grown children. A short while ago he met Miss Lillie Townsend, a young woman twenty-five years of age, who is employed by J. Bacon & Sons at the glove counter.
 The courtship did not last long till the engagement was announced. Mr. Fowler's children, it seems, objected strongly to the marriage and did everything in their power to break off the match. They were unsuccessful, however, and June 15, the day set for the marriage, arrived. The wedding was to take place where Miss Townsend has boarded for several years. Everything was in readiness at the time appointed—the guests, the minister and the happy couple.
 Just before the time for the ceremony Mr. Fowler became very faint and would have fallen but for the support of one of the guests. He soon lost consciousness and was taken to the Enterprise hotel in a carriage, where he was put to bed and the doctor summoned. His condition was found not to be serious, but he was suffering from a slight case of sunstroke.—Louisville Courier-Journal.
 An Imprisoned Genius.
 Alberto Lopez, who was taken to Yuma recently to serve a two years' term for burglary gave his personal effects to his friends about the jail. Deputy Barry was presented with a facsimile of the Episcopal church made out of pasteboard. Lopez could see the church from one of the jail windows, and he reproduced it almost perfectly. He borrowed a knife from Deputy Sheridan with which he cut up the pasteboard, and then made paste from flour with which to stick the pieces together. It is a piece of workmanship to be proud of. The greatest production of Lopez while confined in jail here is a reproduction of the magnificent Merchants' exchange building in Guadalajara. The entire affair was constructed of paper. On the inside of the building are the stairways, etc., each perfect in its construction. The prisoner must be possessed of a memory much stronger than most men are, to remember every detail of that large structure for a number of years. However much genius the man possessed, he has made bad use of it.—Phoenix Herald.
 Troublesome Seals.
 The salmon fishermen down the river and bay are having trouble this spring from the seals, as usual. These pests are multiplying rather than decreasing and are causing great losses to the weirs. While the seals of the arctic regions have the reputation of being slow, stupid animals, hunters killing them with clubs, those on the Maine coast are the sharpest game to be found. They will go in and out of the salmon weirs, either by force or strategy, and eat all the fish they want. They are very hard to get a shot at, and when hit sink to the bottom, the carcass thus being lost to the gunner. One fisherman remarked on a recent Saturday that there was a small fortune in store for the man who would invent a trap that would catch seals and hold them. The bounty upon them doesn't seem to do a bit of good.—Bangor (Me.) Commercial.
 No Buyer for Raleigh's Youghall House.
 Sir Walter Raleigh's Irish home in Youghall, County Cork, which belonged to the late Sir John Pope Hennessy, M. P., was put up for sale by Messrs. E. & H. Lumley, in the Auction mart, Tockenhouse yard. The house is a fine specimen of Elizabethan architecture. It was there that Sir Walter smoked the first pipe of tobacco in Ireland and received an unexpected bath from a faithful servant maid, who, on seeing the blue smoke emerging from her master's mouth and curling around his head, thought Sir Walter was falling a victim to spontaneous combustion and threw a pail of cold water over him to extinguish the conflagration. Only £1,250 was bid for the property, which was accordingly bought in by the auctioneer, who said he could not think of selling a historical mansion like it for such a figure.—London Telegraph.

WHY I PAY BILLS WHEN DUE.

"Oh, dear!" said Rose Howard as she looked at the paper which the servant handed her. "That wretched girl is in a desperate hurry to send in her bill for embroidery. Twenty dollars! Just what I have saved to pay for the bonnet and gloves which I must have if I go to Mrs. Lormer's reception. I did not expect this bill until I had my next month's allowance. Well, she must wait, that's all."

"I would not make her wait, if I were you, Rose," said Miss Grace Rowan, looking up from her sewing.

"Why, it is only ten days," said Rose. "Papa always gives me my allowance the first day of the month, and to-day is the twenty first."

"Nevertheless I would pay her bill to-day," said Miss Rowan, earnestly. "If it will be of any use to you I would rather lend you the money. I can, probably, do without it better than she can."

"Thank you, Aunt Grace, but that would not do at all," said Rose. "When papa consented to give me a regular allowance it was on condition that I should never borrow a penny of any one. But why are you so anxious that the bill should be paid at once? Do you know anything about this girl that you are so sure she is in need of the money?"

"No," said Miss Rowan, "I know nothing about her. It is only on general principles that I am speaking. Not exactly, either. If you choose I will tell you why I never delay a day in paying a bill sent in by a poor person, above all by a poor young girl."

"A story," said Rose, gayly. "Oh, that is delightful, I am so fond of stories now as I was at ten years old. It just comes at the right time, too, for mamma wants me to finish this table-cloth, and I do get so tired of these conventional borders, just the same thing over and over, but a story will make me forget it. Do go on, aunt."

Rose settled herself comfortably in her low sewing chair, and dropped her dark lashes over her pretty blue eyes. Aunt Grace smiled a little at her eagerness, then sighed faintly and began her tale.

"It is a story of the days when I was an elderly young girl, living at home with my parents," she said. "And the heroine of the story—you remember those flower-paintings which you have so often admired at my home, Rose?"

"Remember them? Of course I do. Those great velvety pansies with the dew-drops standing upon their purple petals. And the sweet peas, with rings of dainty flush over tremulous white, looking as if a breath would blow them away. And, oh, and the soft furry white 'pussies,' mingled with the bright scarlet of the bursting buds. It is like a dream of early spring. But how do they come into your story, aunt?" asked Rose, lifting wide eyes of interest to her aunt's face.

"Only because the painter of those pictures is the heroine of it," said Aunt Grace. "Cara Hastings was her name. She was much younger than I, an orphan, fighting her way single-handed with the world. Pretty? Well, rather pretty, not very. She had a slight, graceful figure, dark, wistful eyes set in a small, pale face, flexible, tremulous lips, and a profusion of soft, dark, wavy hair, which framed her broad forehead like a cloud."

"I met her first at the studio of a friend, and, in spite of the two years difference in our ages, those exquisite fancy to each other. After that I was often at her studio, poor little place that it was! One room served for everything—kitchen, parlor, studio, bedroom, yes, and reception-room for her pupils. A broad lounge served for her bed by night, and one corner of her room was curtained off to conceal her toilet apparatus. Her cooking, such as it was, accomplished upon a small kerosene stove, which, when not in use, she kept in her closet. A poor little place, as I said, but Cara was very happy in it. She loved her work, and she had one of those bright, happy dispositions which make their own sunshine. She often talked to me of her pupils, but the one of whom she spoke oftener was Maud X. I knew the name well, for the father of this Maud was one of the most prominent clergymen in the city where we both lived. Even then, I could not get a speculative of denomination. He was not only an eloquent preacher and a profound scholar, of fervid piety and blameless life. He was also a philanthropist, a reformer, prominent in the temperance cause, in the Society for the Suppression of Vice, in everything that was good and noble. Cara often spoke of him with enthusiasm."

"It is not only that Maud is such a darling," she said, "but I feel it such an honor to be associated in any way with the family of such a man!"

"All this was in the winter. Spring came, and everything was leaving town. I did not go, although all my family did, simply because I did not care to. There is such a pleasant feeling and sense of solitude in a large city through July and August that I meant to put off my outing until late September. Cara did not go either, and we were left to pick it up each other. It was not an unalloyed joy to me, though, for watching her, I saw that day by day her cheek grew paler and thinner, her step slower, her eyes more feverishly bright."

"What is the matter with you, Cara?" I often asked anxiously, but she only smiled and protested that nothing ailed her, that she was only a little tired with the hot weather. When fall came she would be herself again."

"I urged her to go out of town, or at least to come and stay for a while with me in our large, empty house, but no. 'I must work, you know,' said Cara, 'must work harder than ever now that my pupils have all left me for the summer. I could not work with you. My mind would be continually disturbed, and—no, no, my studio is much the best place for me.'"

"But why work so hard?" I said. "Why not take a holiday? Your lessons of last winter surely brought you in enough to enable you to rest a while now. There were Maud X's lessons, which alone would bring you in a small fortune, you said."

"A small fortune? Yes, but small fortunes will not last forever," said Cara, slowly. "How do I know that I shall have any pupils next year? How do I know?"

"There was a short, sharp rap at the studio door and a letter fell through the slit, upon the floor. Cara sprang to pick it up, glanced at the address, which I saw was in a masculine hand, and a faint flush tinged her pale cheeks. I turned away to look at a picture, while she tore open the envelope. When I turned back

the flush had faded, and left her paler than before. Her lips were quivering a little, and her eyes had a dim, hopeless look, which moved me sorely."

"Cara, you are not well," I cried. "Dear child, you must come with me. You shall do exactly as you please. You shall have a room with a north light and be alone when you like, and no one shall ask you a question. We will make excursions into the country, and you shall sketch while I read, and—"

"But Cara stopped me with a motion of her hand. 'No, no, she said, 'I cannot come. Do not make it harder for me to stay by urging me. I must stay here—there is no other place for me.'"

"Her tone was so decided that I felt it would be useless to urge her further, and sadly and reluctantly I left her. That night came the news of the severe illness of your mother, my only sister, accompanied by an entreaty that I would go to her. Of course I went by the first train next morning, leaving only a note for Cara, to explain my sudden departure."

"It was the first of August when I left the city, but September had come and well-nigh gone before your mother's health was sufficiently re-established to enable me to leave her."

"I saw your friend, Cara Hastings, to-day," said one of the family, as we gathered around the table for the first meal after my return. "I am afraid the poor girl is in a bad way. She was always fragile, but now she is shadowy. She has a settled cough and a hectic glow. She looked very pretty, but I should be sorry to see any dear friend of mine looking pretty in just the same way."

"I need not say that the next morning found me on the way to Cara's studio. It was all true. I knew it, as soon as I looked in her face. She threw herself into my arms with a little cry of delight, which changed into a spasm of coughing, and I felt the slight form pant and quiver in my arms."

"Cara! dear child, what have you been doing to yourself," I cried in dismay."

"Cara smiled her own bright, cheerful smile. 'I have had a very hard summer,' she said, 'but I shall soon be strong again. Now that it is all over I can tell you about it, but at one time I really thought that I should never live to do so.'"

"It was not a romantic story, for there was no love in it, and no tragedy, save as I plainly foresaw, looking in my poor Cara's face."

"I suppose I was rather extravagant in the spring," said Cara, "for I needed a good many things, and I knew that the money for Maud X's lessons would keep me all summer. Maud and her mother left town rather suddenly in June, and I did not know where they had gone. I sent my bill to the house, however, not doubting that it would be paid at once. I waited a month, and in the meantime my funds ran very low, and I found that the strictest economy was necessary. I had to work, however, the money melted away like water, and at last, in despair, I resolved to write to Dr. X. It was a hard thing to do, but I did it, merely telling him that I had sent in my bill to Mrs. X. at such a date, and having heard nothing from her, feared that it had not been forwarded. It seemed to me that life and death hung upon the answer, yet I did not really doubt that he would send the money at once. His answer came one day while you were with me."

"I remember," I said briefly. "There was no money enclosed, as I had expected. Cara explained that she had merely informed me that the bills for Maud's lessons and schooling were sent by Mrs. X.; that the bill had been duly forwarded to her, and that, no doubt, she would settle it promptly upon her return in September. And I had just sixty cents in the world. 'What did you do?'"

"Do. What was there to do?" said Cara. "Fortunately, my rent was paid for three months in advance, so that I was sure of a shelter, at least. For the rest, I lived for a month upon that sixty cents. Of course I could not afford to buy fuel, so bread and water constituted my entire diet. Two rolls a day are not very satisfactory, but it was all I could afford. Two cents a day will not set a luxurious table. Hungry? I think I was not so much hungry as weak. The worst of it was, I could not make my mind independent of the thought of the money. I was not the strength to stand before the easel, and my hand shook so that I could not manage the brushes, and, sometimes, it really seemed that my mind wandered. Dear, you must not feel so badly about it. It is all over now."

"For I was crying silently at the thought of all that she had suffered during that horrible summer, and still more at the thought that it was not all over, that, alas! it had just begun. 'Oh, Cara! why would you not come to me when I begged you?' I sobbed at last."

"Dear, I could not," said Cara, gently. "I should have felt like a beggar. I could not tell you of my straits, and I could not go and live upon you, knowing that I was actually a pauper. I should have felt ashamed before your servants. If you will ask me for a visit now, that I may be strong enough to make me independent I will come; but at that time I could not—I tried, but, indeed, I could not."

"Ask her? Of course I asked her, knowing well that it was the last thing that I should ever do for her. That month's starvation had done its work, and the weakened system fell a easy victim to the hereditary fever, which might else have been baffled. When Cara left our house at last, it was with hands meekly folded upon her breast, with the slightest eyes veiled by the long dark lashes, and the smile of the triumphant redeemed upon her pallid lips."

"Aunt Grace's lips were quivering and her eyes dim with tears as she finished her story. Rose had dropped her work, and sat with her eyes fixed upon her aunt's face. 'How did Dr. X. feel when he heard of it?' she asked, at last."

"He never knew it," said Aunt Grace. "When I take up the religious or secular papers and read the burning and eloquent words in which he pleaded the cause of some benevolent object, I wonder what he would say if he knew the true story of the life and death of his daughter's drawing teacher, little Cara Hastings."

"But he ought to know it," said Rose, indignantly. "It was hardly his fault, after all," said Aunt Grace, gently. "He could never imagine of what consequence a sum of money, which seemed trifling to him, might be to a poor girl. But this is the reason why I always pay my bills promptly, Rose."

Rose stood up, put away her work and her brushes, and left the room. A few minutes afterward she returned, cloaked and hat, and the street.

"Thank you for your story, Aunt Grace," she said, as she buttoned her glove. "I am going down now to pay that bill, and, as for Mrs. Lormer's reception—well, I can wear my old bonnet or stay at home."

COLUMBUS DAY PROGRAMME.

A PRELIMINARY OUTLINE OF IT.

By FRANCIS BELLAMY,
Chairman of the Executive Committee of
the National Public School Celebration of
Columbus Day.

A uniform programme for every locality in America, to be used on Columbus Day, simultaneously with the dedicatory exercises of the World's exposition grounds, will give a significant unity to America's celebration of its 400th anniversary. Accordingly the superintendent of education, when they adopted the plan of a national public school celebration of Columbus Day, instructed the executive committee to prepare an official programme, identical for every city and village in the country.

The executive committee is now endeavoring to secure contributions from the ablest American writers. The names of the authors cannot be announced yet, but the general plan for the exercises of the day is as follows:

The official programme provides for

A Morning Celebration.

The pupils of our public schools are to gather on Oct. 21, at the usual hour, in their school houses. But instead of the regular recitations the morning is to be devoted to exercises befitting the anniversary. These exercises may be simple or elaborate, according to the resources of the school. Many schools will doubtless do little more than use the official programme, adding to it the old, familiar national songs and a few speeches by leading citizens. Other schools with larger resources are likely to extend the programme with additional features, such as special music by chorus or orchestra, historical exercises, pageants, etc. The largest liberty for individual ingenuity and taste is left to all schools, and the executive committee would encourage a local variety to be given to the official programme.

The Official Programme

will consist of the following features:

1. RAISING AND SALUTING THE FLAG (under the direction, wherever possible, of a detail of the veterans of the war).
2. THE SONG OF COLUMBUS DAY (to well known tune).
3. THE ADDRESS (to be delivered by the best speaker among the boys).
4. THE ODE (to be read or recited by a young lady).
5. "AMERICA" (which will in all cases be the closing song).

The song, the address and the ode will all be original, prepared especially for the celebration by some of the best of American writers.

By the 1st of September this official programme, in a complete form, will be published throughout the country, and will also be sent to all applicants who address the chairman of the executive committee.

Even if nothing be added to this programme, except perhaps a few speeches and some familiar national songs, the ceremonies will be impressive and worthy of the occasion.

But for schools which desire to range a more enriched programme, a number of other appropriate features may be at the same time suggested by the executive committee.

The Public School Houses,

it is to be remembered, are to be the scenes of the morning celebration. As far as possible in each school house all the rooms under the same principal should unite in having the same exercises. The parents and friends of the pupils should be brought together. Family interests on Columbus Day should be made to center in the particular school house the children attend.

In the country the day ought to be made a real holiday. Farm and household work might well be relinquished, and the families of the district might come together at the school house with their picnic lunches prepared to make a day of memorable festivity. The commemorative exercises of the morning being over, the afternoon might be devoted to games and to social reunions of neighbors, which would make the day a joyous one to millions of our hard working population.

The Afternoon Celebration.

In nearly all cities and large villages, however, the citizens will wish a formal demonstration on Columbus Day which may be in their own hands. Wherever the citizens are to conduct a celebration two matters should be especially arranged:

First—That the civic celebration occur in the afternoon, so that it will not conflict with the morning celebrations which are going on in all the school houses.

Second—That in the afternoon celebration by the people ample recognition should be given to the public school idea, which is to be the characteristic of the day throughout the nation.

This afternoon celebration will vary with each locality, but the citizens will gladly accord to the free school institution the place of honor.

This leading position for the schools in the afternoon celebration can be easily arranged:

First, a most fitting feature will be a "Public School Review."

If there is a general procession this public school review may be part of it, and the most honored part. If there is no procession by any other organizations the school may have their review by themselves. Let the pupils march in by classes and with banners, led by their teachers. Let the army veterans, north and south, the blue and the gray alike, be invited to march with the schools as an escort of honor. As the reviewing stand is reached, where the dignitaries are assembled, let each part of the procession salute the flag of the nation with cheers and waving of handkerchiefs.

If the weather is propitious there need be no difficulty in a perfect arrangement of this review. The streets can be cleared by the police, the marching columns of children can be protected by lines of militia or of some other local organization on both sides, and the movements may be made as safe as in the schoolyard itself.

The afternoon celebration by the citizens may also include a

Mass Meeting

at the public hall. This meeting, however, in many localities, will occur in the evening. An important place in the exercises of this meeting should be given to the free school as the characteristic product of the four centuries of American life, and as the safeguard of our free institutions for the future. At least one of the speakers should deal with this subject. Moreover, "The Song of Columbus Day," sung at the morning celebration in all the schools, might be repeated by the general audience in this mass meeting. While in some cases it may be impossible for the schools to be present en masse at the public meeting, they may at least send delegations. Prominent seats should be reserved for the representatives of the pupils, and one of the exercises of the afternoon might be assigned to them.

In these ways, and in others which will suggest themselves, the

Schools May Lead

in the general public observance by the citizens. This dominance of the schools in all the celebrations of the day is desirable, because the object of the public school celebration of Columbus Day is not merely to awaken in the pupils an historical and patriotic interest in their country, but also to impress on the people of America that the free institutions of the United States are the product of free and universal education.

The attention of the American public on this 400th anniversary must be directed forcibly to the fact that the free school has given to our land its distinguishing civilization, and that the hope of the coming century lies mainly in committing to the public schools definitely the work of training the coming voters to the duties of citizenship.

OCT. 21, NOT OCT. 12.

At the instance of the executive committee of the national public school celebration of Columbus Day, a bill was recently introduced in congress instructing President Harrison to issue a proclamation making Columbus Day a general holiday. In the interest of scholarly accuracy this bill wisely authorized the change in date from Oct. 12 to Oct. 21. It has passed both houses of congress and received the president's signature.

Above all other dates nearly every pupil in our public schools remembers that Columbus discovered America Oct. 12, 1492. They will all want to know why the 400th anniversary falls on Oct. 21, 1892.

For many centuries the calendar instituted by Julius Caesar, known as the Julian calendar, was commonly accepted. This calendar assumed that there were 365 1/4 days in a year. But as this made the year 11 minutes and 14 seconds too long, it could not without correction very long answer the purpose for which it was devised. Consequently, in 1582, it was found necessary to reform the calendar, and the Gregorian calendar was adopted. In order to correct the errors that the old calendar had made, 10 days were dropped out, and Oct. 5 of 1582 became Oct. 15. As the error was found to be exactly 3 days in 400 years, the Gregorian calendar omitted the leap year from every centennial year, excepting those which were divisible by 400. Thus the years 1500, 1700 and 1800 were not leap years.

As above stated, this reformation took place in 1582, and 10 days were omitted from the calendar. But as Columbus discovered America previous to the year 1500, which reckoned by the Gregorian calendar would be but 9 days to omit.

On Oct. 21, 1892, the sun will occupy the same relative position to the earth as on the memorable Oct. 12, 1492. The Gregorian calendar was not introduced into Great Britain until 1751, popular ignorance and prejudice up to that time successfully opposing it. By the masses of the people it was believed that the obliteration of 10 days would shorten their lives. It is remarkable that Russia still adheres to the Julian reckoning.

We have already announced the change as in the interest of scholarly accuracy. The public school stands for enlightenment and progress, and it would not be in keeping with this spirit to compute the four centuries that will intervene between the date of the discovery and the date we are to celebrate by an erroneous calendar which had its day and was discarded more than 300 years ago.

All the precedents for celebrating American anniversaries are in favor of correcting the old calendar to the new. For instance, "Forefathers' Day" in New England is celebrated Dec. 21, although according to the Julian calendar the Pilgrims reached Plymouth Dec. 11. Washington was born on the 11th day of February, "old style," but we celebrate the anniversary of his birth on the 22d of February, "new style."

The original proposal for the public school celebration set apart Oct. 12, but the friends of free education who are pushing the enterprise believed a bad precedent would be established, as it named a false date for the observance of an historical event. This is the first effort that has ever been made fittingly to observe, by national commemorative exercises, the achievement of Columbus, and the right day should be celebrated. For this reason we are glad that Oct. 21 is to be the day. We want the children of the land to observe an anniversary with all that name implies, and not necessarily the recurrence of a fixed date, which, owing to the arbitrary changes in the methods of computing time, has lost its significance and in our day does not accurately mark off the century point.

Hurrah for the national Columbian public school celebration of Oct. 21.

Mrs. William Lehr

Of Freeport, Ill., began to fail rapidly, lost all appetite and got into a serious condition from which she could not eat vegetables or meat, and even toast distressed her. Had to give up housework. In a week after taking

Hood's Sarsaparilla

She felt a little better. Could keep more food on her stomach and grew stronger. She took 3 bottles, has a good appetite, gained 22 lbs., does her work easily, is now in perfect health.

Hood's Pills are the best after-dinner Pills. They assist digestion and cure headache.

NEWTON CENTRE.

—George Fife is quite ill.
—Mr. George Cobb has returned home.
—Miss Ada McCloud is at Beverly Farms.
—E. W. Darrell has purchased a horse and gig.
—Mr. F. T. Parks and family are at Pocasset.
—Mr. Thomas B. Wales has gone to Duxbury.
—Mr. Frank Clark and family are at Mt. Wachusett.
—Complaints about the city water are being made.
—Mr. and Mrs. Ivory Harmon are at Poland Springs.
—Mr. J. A. Rising and family are at Hancock, N. H.
—Mr. A. J. Roach and family are in Kingston, N. H.
—Mr. and Mrs. C. M. Newton are at Falmouth Heights.
—Mr. Wm. M. Decker and family have gone to Assonet.
—Mr. H. A. Tomlinson has returned from Bethel, Me.
—Mr. Bert Degen has returned from South Orange, N. J.
—Miss Clement of Warren street is at York Beach, Maine.
—Mr. William Hoim of Station street was at Newport last week.
—Mr. Henry H. Read and family are sojourning at Plymouth.
—Mr. Wm. F. Woodman and family are at Duxbury for a week.
—Mrs. C. R. White, Parker street, has returned from Nantucket.
—Miss Alice Clement is enjoying the seashore at Long Beach, Me.
—Mr. Samuel A. Shannon and family are at North Woodstock, N. H.
—Mr. E. B. Mansfield is at Cottage and Bartlett Parks, Beachmont.
—Mr. David N. B. Claffin and family are visiting in Woonsocket, R. I.
—Mrs. W. T. Wardwell and family have returned from North Scituate.
—Mr. and Mrs. E. N. Holt have returned to their residence, Rice street.
—Mr. A. K. Pratt and family, Everett street, are home from Pocasset.
—Mr. and Mrs. N. N. James are enjoying a rest down on the Maine coast.
—Mr. D. Frank Lord is about to erect a stable on his estate, Ashland Park.
—Mr. James Gammons and Miss Edith Gammons have gone to Belfast, Me.
—Rev. Mr. Colby of New York state preached at the Baptist church Sunday.
—The Episcopal services have been discontinued until the 1st Sunday in Sept.
—Mr. and Mrs. A. J. Carswell are enjoying the beauties of the Hudson river.
—Rev. Theodore J. Holmes and wife are spending their vacation at Camden, Me.
—The Newtons expect to play the Fitchburg's at Fitchburg tomorrow afternoon.
—Mrs. Herbert Spere and family, Irving street, have returned from Maplewood, Me.
—Mr. Wm. A. Spinney has returned from an enjoyable stay at Des Moines, Ia.
—Mr. F. H. Butts and family, Sumner street, have returned from North Scituate.
—Mr. and Mrs. A. S. Norris and W. E. Armstrong are at the Kearsarge House, N. H.
—Mr. Albert L. Harwood and family of Beacon street, are visiting relatives in Ware.
—Miss Mary Grady, bookkeeper at Mr. Knapp's store, is spending her vacation at Revere.
—Mrs. Grace T. Leland is visiting Mrs. T. I. Crowell, Irving street, during August.
—Mr. and Mrs. E. R. Benton were in town a few days recently from their summer home.
—Miss Belle Barnes of Bridgeport, Ct. is visiting her friend, Miss Annie Eaton, Parker street.
—The stable on the Wardwell estate is being moved to a new location nearer Sumner street.
—Edward D. Conant and family of Elgin street were registered at the Ocean House, Newport, R. I.
—Mrs. H. P. Glover of Ypsilanti, Mich., has been the guest of Mr. and Mrs. L. Loring Brooks.
—Miss Mary Hayes, a daughter of Mr. and Mrs. James Hayes of Cork city, died on Wednesday last.
—Mr. C. T. Seaverns is moving into the house on Gibbs street, recently vacated by Councillman Degen.
—Rev. Henry F. Colby, D. D. of Ohio, preached two good sermons at the Baptist church last Sabbath.
—Mr. and Mrs. W. C. Brian and C. L. Brian have returned from the Humarock, North Scituate beach.
—Mr. T. R. Frost is to erect a dwelling house on the lot adjoining his present residence on Cypress street.
—The herdic which has been a familiar object at the depot has been replaced by a light canopy top carriage.
—Prof. N. L. Andrews, who has been stopping at Alderman Harbach's, has gone to Jefferson Highlands, N. H.
—Mr. and Mrs. Van Kirk from Grand Rapids, Mich., are visiting her parents, Mr. and Mrs. George Warren.
—Mr. Robert S. Gardner and Mr. D. B. Claffin are building a handsome summer residence at St. Andrews, N. B.
—Mr. Edward H. Mason and family are at the Hotel Thorndike, Newport, R. I., for the remainder of the season.
—Mr. C. H. Dole's new house, corner of Gibbs and Irving streets, is nearing completion. Its lines are very tasty and attractive.
—Rev. John L. Malle of Warren street is a lecturer on "Life in Rebel Prisons" at the Falmouth Summer Institute, Falmouth, Mass.
—Mrs. Leag died Friday at the residence of Mr. Geo. Capron. Prayers were conducted by Dr. Furber and the remains were taken to Woonsocket, R. I.
—Officer Fletcher arrested Patrick Sullivan this week for assault and destroying personal property. He was fined \$10 for assault, and \$30 for the second offense.
—Rev. J. M. Gardiner, missionary to Japan, and family, are at home visiting Mr. R. S. Gardner, Lake avenue. A native Japanese nurse accompanies them.
—The horse attached to Mr. Beals' depot carriage, kicked up one day this week and threw himself, breaking both thighs. He disliked being bitten by a neighboring horse.
—The pastor of the Catholic church of this town gave the young ladies of his society an outing at Nantasket, Thursday

of last week and all seemed to enjoy it very much.

—Miss Mary Shannon and cousin, of Centre street, have gone to the former's lovely cottage, the Lodge, Bar Harbor, where they will remain until about the middle of September.

—Mrs. M. C. Reynolds, corresponding secretary of the Home Missionary Society, with Miss Mary Tett, who have been stopping with Mrs. Harshorn, Institution avenue, have gone to Cottage City.

—Mr. F. H. Hovey is playing in the Nahant tennis tournament this week. An account of the ending of the New York state championship tourney in which Hovey was defeated by Knapp is given on another page.

—It is very pleasant to have our churches decorated with flowers. But to make a bouquet so high and set it so far forward that one tenth of the congregation cannot see the preacher does not make it agreeable to that one tenth.

—There are letters in the postoffice for Mr. John Cronin, James Cummins, Annie Donovan, Richard Farrell, Joseph Hoogs, Mrs. Margaret Lane, Mr. B. Quinlan, Miss C. Shirley, Miss Irene M. Sullivan, Joseph Weather, Mrs. Chas. A. Young.

—Officers Fletcher, Bartlett, Leonard, Mitchell, Dugan, Condrin and Young raided James Curtin and Patrick Flaherty, Carey Cross early Sunday, and at Curtin's they secured a small quantity of liquor. This vicinity has been a great resort for drunkenness Saturday nights and Sundays and it is hoped the place will be thoroughly cleaned out.

—A horse owned by Mr. D. A. White ran from Chestnut Hill, Saturday, and left the buggy to which he was attached near the depot on Station street. Something was wrong about the harness which allowed the horses heels to hit. Mr. White's son and coachman were thrown out near Hammond street, the coachman breaking his nose. Mr. White was not injured.

—Frank Daly, a farm hand, who has been working for Mr. Carey, Oak Hill, is wanted for the larceny of money from a trunk belonging to Mr. Stetson's coachman. Daly was acquainted with the coachman and asked the loan of a half dollar. The latter went to a trunk and took the money from a roll of bills. Daily afterwards returned to the trunk and stole \$98.

—An Italian at work in the Centre street sewer trench, under Boss George, was struck by a falling bucket and knocked senseless last week. Dr. Bodge attended him and he was taken to the Cottage Hospital where the injuries were found not to be serious. An Italian in the Homer street gang was injured by having some lumber fall upon him, and was also taken to the Hospital.

—About 1500 people attended the Milford-Newton game of base ball at Charles River Park Saturday afternoon. The score was 7 to 1 in favor of the Milfords. The features of the game were the excellent catching of McKeever of the Milfords, the fielding of both sides and the good work of the home team. The Newtons gave the home team six runs in the first two innings through errors of Griffin on first base. The game after the second inning was short and brilliant. The score:
Innings.....1 2 3 4 5 6 7 8 9
Milford.....3 3 0 0 0 1 0 0 0-7
Newton.....0 0 0 0 0 0 0 1 1-1
Stolen bases—Hickey, Fern, Judd, McLean, Hunting, Sacrifice hits—Griffin, Wise. First base on errors—Milfords, 4; Newtons, 4. Struck out—McKeever (2), Wise, McLaughlin, Silland, Coffey (2), Stevens, Warren, McLean (2), Casey. Passed balls—Casey, McKeever. Wild pitches—Casey (2), on base—Edwards (1), Newtons, 7. Time—1h. 40m. Umpires—S. Shea, Milford; F. F. Cutler, Newton.

NEWTON HIGHLANDS.

—Pianos tuned, Farley, Newton.
—Mrs. Gilbert is at Goshen, Mass.
—Mr. Harry Hartwell is at Brookline, Me.
—Mrs. G. P. Stevens is at Crescent Beach, Revere.
—Mr. and Mrs. J. F. Barnes have gone to Kennebunk, Me.
—Mr. and Mrs. C. P. Clark are at Hotel Pilgrim, Plymouth.
—Mr. T. W. Dorr and family have gone to No. Woodstock, N. H.
—Mr. and Mrs. P. L. Carbone are at Kearsarge Village, N. H.
—Mr. J. S. Rowe and family of Terrace avenue are away on a vacation.
—Rev. and Mrs. Phipps are at the Manomet House, South Plymouth.
—The new Clubhouse has so far progressed that its proportions can now be understood.
—Mr. S. W. Jones has gone to Barre, Vt., where are located the granite quarries of Jones Bros.
—Mr. C. Peter Clark, who has been ill for the week past, is now able to attend to business affairs.
—Mr. and Mrs. F. R. Moore have returned from their stay of two weeks in New Hampshire.
—Miss Grace Whittemore has gone to Jefferson, N. H., and will be the guest of her grandmother.
—Mr. George May and family have as their guest his daughter, Mrs. Brown, from Washington.
—List of letters are as follows: Miss Fannie Blakesly, Nora Cunningham, Thomas Goulding, C. W. Higging.
—Postmaster Nash has returned from his pleasant sojourn at Bradford, N. H., and resumed his labors for Uncle Sam.
—Officer Dugan arrested Michael Tierney for riding bicycle on the sidewalk, this week, for which Tierney paid a fine of \$2.
—Mr. and Mrs. E. H. Corey have taken a steamer trip to Portland visiting the islands in the harbor, and had a very enjoyable time.
—Mr. H. E. Wells and family, after several weeks absence, have returned. Mr. Wells will take a pleasure trip to Nova Scotia.
—Mr. O. J. Kimball with his sons and brother from Des Moines, went to No. Andover one day last week to make a visit to the old home.
—Mr. J. J. Ruddick, an employee at Gamewell's, has removed his family here from the west and taken a tenement in Patterson's block.
—The Gamewell Co. will give their employees their annual excursion to the harbor, Saturday, and also furnish a sumptuous dinner.
—Mrs. George Beal, after disposing of a portion of her household goods, has with the remainder removed to Marshfield to her mother's home.
—Miss Rand is getting her house, which has just been vacated by Mrs. George Beal, in condition to commence housekeeping with Mrs. Lamson as housekeeper.
—Mr. and Mrs. E. H. Greenwood, who have been the guests of Dr. Lancaster at Wellesley Hills for the past three weeks, have returned to the Highlands.
—We hear that Mr. J. T. Waterhouse has purchased the handsome new house owned by Mr. T. P. Ritchie, corner of Walnut street and Hillside avenue, and will soon occupy.
—The engagement is just announced of Miss Edith Cary Worcester, eldest daughter of Mr. George S. Worcester of Newton Highlands to Mr. Frederick Farley Cutler of Newton Centre.
—Several patent suits between the Gamewell and the Municipal fire alarm company

were decided this week in the U. S. Circuit Court. The Gamewell won one and the Municipal won three of the suits.
—Union services in the Hall next Sunday morning at 10.45. Preaching by Rev. J. P. Chadbourn, pastor of the M. E. Society, as Dr. Hamilton who was expected to preach has been called home to New Jersey.

—The extensive repairs upon the Congregational church are nearly completed, and the painting of the outside and the tinting and decorating the inside are now being rapidly pushed forward, and it is expected the work will be completed by September 1st.

—The Watertown Athletics claim the 18 year championship of the state by defeating the St. Gregours Saturday at Milton, 13 to 5, and would like to hear from the Lincolns of Newton Highlands.

—The Lincolns won the 18 year-old championship Saturday by defeating the Harrisons by good all-round ball playing. Ryan pitched a steady game. The score:
Innings.....1 2 3 4 5 6 7 8 9
Lincoln.....0 3 3 2 0 0 0 0 8
Harrisons.....0 1 0 0 1 3 0 0 6-5
Earned runs—Lincoln, 1. Two base hits—Ryan, Scobee, Kimball (2), D. White, Brigham, Harrington, Sullivan. Sacrifice hits—Brigham, Keating, Clemens. First base on balls—H. Kimball, Harrington, Hughes, Montgomery. First base on errors—Johnson, Harrington, W. Kimball, Sullivan, Gannon (4), Singel, McMaster, Clemens (3), Mitchell, Manly (2). Double play—W. Kimball and T. White. Passed balls—H. Kimball (2), Sullivan. Wild pitch—Ryan. Time 1h. 50m. Umpire—Truman.

NEWTON UPPER FALLS.

—Pianos for rent, Farley, Newton.
—Mr. John Braeland is at Taunton.
—Mr. Edward C. Frost is at Magnolia.
—Miss Edith Weeks is at Jefferson, Me.
—Miss Gertie Breck is at Islesford, Me.
—Mr. S. A. Piper and family are at Alton Bay, N. H.
—Miss Nellie Osborne is at Baldwinville for a week.
—Walter Chesley has returned from New Hampshire.
—Station agent Cagwin has gone to Rome, N. Y.
—Mr. and Mrs. Frank J. Hale are in Portland, Me.
—Mr. and Mrs. Louis P. Everett are at Scarborough, Me.
—Miss Helen Newell is visiting friends in Springfield.
—Frank Grady is at Bass Pond, Nahant, on his vacation.
—Mr. and Mrs. John W. Howe have gone to Sterling.
—Mr. J. W. C. Estabrook has returned from Nantucket.
—Mr. Thomas Coughlin is vacationing at Raymond, N. H.
—Miss Emma Keyes has returned from Little Deer Isle, Me.
—Mr. and Mrs. William K. Dunham are at Plymouth for a week.
—John Simpson has gone to work at the Pettie Machine Works.
—Prof. Babcock of Swarthmore, Pa., is visiting his parents here.
—Mr. J. B. Hainesworth and family have returned from Crescent Beach.
—Mr. and Mrs. H. A. Sherman have returned from Sterling for a few weeks.
—Mrs. Rooney, the milliner, has had a porch awning built over the store entrance.
—Dr. Lowe's house on Ellis street has been connected with city water and is being painted.
—Father T. J. Danahy sails Saturday for Rome, Italy. He expects to be away several months.
—Dr. Hildreth was called to attend a man in Needham who was bitten by a snake this week. The doctor ordered his removal to the hospital.
—Miss Linda Nickerson, Mrs. O. G. Billings, Miss Carrie Babcock, Mrs. W. R. Dresser and Miss Leola Nickerson enjoyed a trip Wednesday to the Isles of Shoals.
—The parties arrested by Needham and Wellesley officers were taken to court on a charge of disturbing the peace. The case of the Upper Falls fellows came up Saturday and Mr. and Mrs. Keiser, near whose house the party were, denied being disturbed. The case was finally adjourned for one week and Lawyer Allen of Waltham has been retained by the defendants.
—The annual picnic of St. Mary's parish held last Saturday at Parker's Grove, West Medway, was very largely attended and the time was enjoyed by the young men and sports, dancing and boating. The committee to whose efforts are due the success of the picnic were as follows from here: R. H. Sullivan, Jas. P. Haggerty, Wm. H. Hopkins, Edward Begley, Thos. Shaughnessy, Thos. Abraham, Jas. E. Connors, Wm. A. Leonard, Jas. Freeman, Dr. Wm. A. McOwens, Thomas Meskell, Jas. G. Sullivan, John J. Doyle, Daniel Kelliber, John D. Buckley, Augustus Cahill, John White, John Smith, Stephen Millette, John B. Sullivan, James Burke, Thos. Coughlin, Jr., James Dugan, John Daniels, Mark Crocker, James Leach, Wm. H. Kennedick.

Amusements.
BOSTON THEATRE—"Old Jod Prouty" has been a drawing card this week at the Boston Theatre. Next week "Uncle Tom's Cabin" is to be brought out with a fine cast and realistic scenic effects. Two negroes who do genuine "buck" and "wieg" dancing have been secured for the presentation.
GRAND OPERA HOUSE—A brilliant programme has been prepared for the opening evening. The thrilling comedy-drama, "A Midnight Alarm," is replete with exciting and interesting situations, and will be given an excellent cast. Carmencita will appear and will attract an audience that will be limited only by the size of the auditorium. The retouching and renovating of both the interior and exterior have been entrusted to the best hands, and the theatre never looked prettier or more inviting than at present. "The Midnight Alarm" and Carmencita will be the attractions next week.

CLEVELAND'S
No Ammonia. No Alum.

The Senatorship
To the editor of the GRAPHIC:
I was much interested in Senator Gilman's letter, defining his position on Speaker Barrett's candidacy for the Senatorship, but the hot weather and absence from the city has prevented my responding.
Senator Gilman is certainly not very definite as to his position on the question, and we do not know whether he is in favor of Mr. Barrett or no, or whether he has promised to exert his influence in favor of the Record editor, or whether he will favor some other man. He does tell us that he overheard Mr. Barrett say that "both candidates are friends of mine, and I cannot take any part in the contest", which might mean anything or nothing.
A gentleman of Senator Gilman's age, experience and high standing in the church and society ought to be able to see that Speaker Barrett is not worthy to fill the position once held by Sumner and Wilson and the other men by whom Massachusetts has been proud to be represented in the United States Senate. Mr. Gilman has some influence and it might affect his chances of securing the nomination he is working for, if he explained his position.
Y. Z. &
The Washington Trip.
The following letter was received by Commander Sweetland of Post 62, G. A. R., on Saturday, from the proprietor of Hotel Richmond, Washington D. C., where rooms had been engaged for Post 62, during the coming Encampment:
DEAR SIR:—
Owing to circumstances beyond my control the Richmond has been taken out of my hands and I am unable to take care of the Grand Army Post as arranged. I regret this exceedingly, but assure you it is entirely owing to unfortunate circumstances.
Yours truly,
H. M. CAKE.
Commander Sweetland started on Monday for Washington to secure accommodations for those who expect to visit Washington in September and will no doubt make satisfactory arrangements.
Cars on Elmwood Street.
To the editor of the GRAPHIC:
Will you through your columns tell us if there was ever a horse railroad track on Elmwood street, which ran through Park and Tremont street to Oak Square. Also when this track was removed and why.
There is some discussion over this subject here and we would like to get light on it.
READER.
There was such a road but the tracks were taken up several years ago, the exact date we have not been able to discover.
The cause, we have heard, was that the road did not pay except on Sundays, and Newton people objected strongly to the disorderly crowds the cars brought here on that day of the week. Perhaps some of our readers can give more definite information.
Newtons, 5; New Bedford, 3.
Dowd, the college pitcher, played with the Newtons Wednesday afternoon at New Bedford, and proved too much for the home players. On the other hand White was hit hard at times, the visitors pouncing out four doubles in the first inning. Foster sprained his right ankle, and was obliged to retire from the field. Attendance 900.

NONANTUM.
—Mr. Henry Butterfield is ill with a severe attack of malaria.
—Miss Ella Parker of N. Y. city is visiting Miss Minnie Powell of California street.
—Rev. H. M. Kellogg of Lebanon, Conn., will preach in the North church next Sunday.
—Some one entered Mr. Dyson's yard last Sunday night and nearly cleaned a fine apple tree of its fruit.
—Mrs. Ann Stubbs, formerly of Chapel street, but late of Lawrence, Mass., has been visiting this village.
—Business is booming at the Nonantum mills. Two sets of hands are employed and the mills are run day and night.
—The Newton cricketers went to Worcester and played a game last Saturday. The Worcester eleven were victorious.
—Mr. John Waters is laid up with a dislocated shoulder, the result of a fall from a staging where he was at work.
—The Etna Mills, not to be outdone by the Nonantum, has started to paint their tenement houses on California street.
—The annual exhibit of the work of the pupils of the Nonantum Industrial School will be held at the building, Dalby street, Saturday afternoon, August 27.
—Miss Josie Hudson has returned from a four weeks trip to Nova Scotia, her sister, Gracie, has also returned home from Ponkapog, Mass., where she has been for the past month.
—Mary A. Conell and her sister Essie Conell leave on the Steamship Pavia Saturday morning for their home in Ireland, after a short stay of three months with friends here.
—A lively fight occurred at the corner of California and Bridge streets, Monday afternoon in which two badly drunken men, one woman and two children were severely mixed up. No one seriously hurt.
—The Sons of Temperance lost about thirty-five dollars worth of regalia etc. by the break of the boys into the lower Athenium hall, the boys were before the court at West Newton, Monday last and adjudged guilty but on account of their youth, they were placed on probation for six months. They are a set of boys that cause much trouble and loss, and it is hoped that if any further trouble is caused by them they will be sent to reform school.
Yale men have become great apostles of football. Graduates will teach the science this year in Wesleyan, university of Michigan, Annapolis academy and other colleges. Some of the alumni disapprove of the team beginning practice work so early, on the ground that it interferes with the vacation and smacks a little of professionalism.—Hartford Post.

THE COUNCILLORSHIP.
WHY MR. J. R. LEESON SHOULD BE NAMED.
The following concise and pointed letter, written by a prominent citizen of Newton, appeared in our local contemporary last week:
It is not conceded by other parts of the councillor district that Newton may have the councillor this year, but doubtless, it soon would be if Newton should agree upon a candidate.
Is such an agreement possible? Like Mr. Alden Speare, I have supported Mr. Gilman for the office, which he has held, and I recognize the propriety of political promotion when a man develops in office superior aptitude for it, but not otherwise. The practice of advancing men through the grades is objectionable when it leads incumbents to expect it and others to acquiesce in it without regard to weightier considerations. The simple question for disinterested republicans to ask and answer is, has Mr. Gilman made such a mark in office as to give him claim to further honors? Or it might be stated in this way, would he, today, be thought of for councillor if he had not been representative and Senator? He is a good man; there is nothing to be said against him; he can retire with honor; he cannot be advanced without a struggle and possibly not then, probably not, as many of his best friends think. Such a struggle, whether successful or not will hurt Newton's position on the chess board of politics.
I for one feel fully absolved from any obligation to support him further, and I hope we may unite in supporting Mr. Leeson. He has asked nothing at the hands of the party, he has no complications, he stands upon no customer, he is more honored in the breach than in the observance; he enjoys such local and general prominence as to cause him to be prominently thought of for such an office or a higher one, and Newton will honor himself in honoring him. It has been said that he is without legislative experience; so was Charles Sumner when chosen to the Senate of the U. S., a place where, if anywhere, legislative experience would seem to be necessary to most men; so was Chester A. Atkins when he became one of the most accomplished presiding officers that the U. S. Senate ever had; so was Grover Cleveland, when he became a successful and popular Governor of the Empire State.
I do not understand that service in the general court is in any respect necessary as qualification for service in the executive council.
Familiarity with our laws, and their administration, especially with reference to appointments, is desirable and easily acquired.
Show me a man who is accustomed to sitting in boards of directors and associations, for the promotion of large business interests and worthy public service, and who is an acknowledged power in every such capacity and I will show you a man who is pre-eminently qualified to be a member of the executive council. Such a man is Mr. J. R. Leeson, and there are those of us who think, and all of us I trust will rejoice in the fact, that while some of us may succeed in winning honors by "getting into line," there is always a chance for the public to serve itself by calling from private life any citizen of recognized ability to fill any office within its gift.
There are many indications that between Newton's two candidates Mr. Leeson is the favorite in other parts of the district. I would not mention this if it were a reflection upon Mr. Gilman's public career. I refer to it only as a reason why republicans of Newton should resist to the utmost the temptation to make what I believe is the wrong choice, so sympathetic that all doubts will be speedily resolved and time and space may be devoted to the questions of greater moments that will soon engage public attention.
B. T. C.
NEWTON POLITICS.
OUTLOOK FOR THE MUNICIPAL CAMPAIGN DEPENDS ON MAYOR HIBBARD.
(Boston Herald.)
Newton people are beginning to talk about the municipal campaign, to discuss candidates and to analyze movement in the interest of gentlemen said to have aspirations for public office.
The chief subject for speculation and argument is in regard to the mayoralty possibilities. There are several candidates in the field, but their names have not materialized to any extent because of a strong sentiment in favor of the reelection of the present mayor, Hon. Herman E. Hibbard. That gentleman has served the city in the chief executive office for the past two years. He was first elected on the Citizens' ticket in a close contest, and was re-elected a year ago practically by common consent, receiving the endorsement of all parties.
It is said that Mayor Hibbard will not consent to run again, but an effort is to be made to induce him to change his mind and with that object in view a petition is being circulated requesting him to consent to be again a candidate. It has already received a large number of signatures.
Mayor Hibbard has supervised the introduction of sewerage and has developed the plan for the abolition of grade crossings in Newton. It will require another year to perfect these schemes, and it is the opinion of many citizens that their consummation will be best brought about by retaining his services as mayor for another year.
If Mayor Hibbard refuses to run, the Republican party will bring forward Alderman Harbach, chairman of the sewerage committee, and one of the most valuable members of the board of aldermen for the past few years. In the event of Alderman Harbach's nomination there will be a contest, and the citizens' movement will make a nomination. The men talked of by the representatives of the latter party are ex-Alderman John A. Fenne and Arthur F. Luke. The former has been a year as chairman of the highway committee. Both are regarded as strong men.
The aspect of the municipal situation at present is, however, in a great measure dependent upon the position of the present incumbent in regard to a third term.
The "Brookes" Cycle.
The "Brookes" is a cycle of exceptional merit and by reason of its thorough good qualities has risen to the first rank and is the most popular machine today among English cyclists. It has just been introduced in this country and is destined in the near future to win for itself a place among the first. Prices: "Brookes" Light Roadster, \$135; "Brookes" Racer, \$135; "Brookes" Roadster No. 13, \$125.
Communications addressed to H. L. Wood, Agent, 285 Washington street, Newton, will receive immediate attention or you can call and see the machine.

NEWTON TARIFF REFORM CLUB.

The Tariff is a Tax.

Every person interested in the subject of the Tariff is cordially invited to take part in the discussions carried on in this column. Respectful consideration will be given to inquiries, criticisms, and communications of every kind whether coming from Tariff Reformers, Free Traders or High Protectionists. Address Secretary of the Tariff Reform Club, Newton Centre, Mass.

TARIFF ON COMMODITIES.

PRICES NOT CHEAPENED BY HIGH PROTECTIVE DUTIES.

To the Editor of the Boston Herald: Senator Aldrich in his recent speech has declared that the investigations of the Senate finance committee show a decline in the prices of necessities of life since the adoption of the McKinley bill.

These reductions are, of course, ascribed to the operations of the bill.

Now, do the protectionists wish to declare that the object of protection is to lower prices?

Is it to be supposed that Mr. McKinley would have gone before the farmers of this country and told them that the increase in the duty on potatoes from 15 cents to 25 cents per bushel would reduce the price of potatoes?

The finance committee report shows the price of potatoes to have fallen 13.85 per cent. Will Mr. McKinley tell the farmers this fall that his bill has caused this reduction?

Let us look at wool. According to Manager Avery's wool report, the average prices of wool for the year 1891 were 32, 36 and 30 cents for fine, medium and coarse respectively. These prices are lower than in any year since the high wool tariff was imposed in 1867, save 1888, when the prices were 31, 34 and 32 cents respectively.

The McKinley bill raised the duties on raw wool. Will Mr. McKinley go before his wool-growing constituents this fall and tell them that his bill has caused the prices of wool to fall? Nay, will he tell them that this result was the inspiring motive of the National Wool Growers' Association?

The finance committee report shows eggs to have increased 22 per cent. Will Mr. McKinley tell the farmers that the duty of 5 cents per dozen has done this for them? While he glories in the fact that imports of eggs have fallen off "as the result of the bill," will he explain to the wool growers of Ohio why the imports of wool increased from 21,887,380 pounds in 1890 to 26,020,000 pounds in 1891?

And when he comes to sugar and tells the farmers how the McKinley bill has cheapened this commodity to the consumer by a removal of the duty, what will he reply to the intelligent farmer who thus interrogates him?

"You say that prices have been reduced as the result of your bill. The Senate report shows potatoes to have fallen in price though the duty was increased from 15 cents to 25 cents per bushel. To offset the disadvantage occasioned by cheap sugar to the maple sugar grower of Vermont, you give him 2 cents a pound bounty. Will you now give me a bounty of 10 cents per bushel on my potatoes to offset the cheapness in this commodity occasioned by your bill?"

These questions will be asked in the coming campaign, and the protectionists must answer them. The truth is the tariff has nothing to do with cheapening prices of commodities, unless it is so high as to defeat the very ends aimed at.

No manufacturer ever yet went before the ways and means committee with the purpose of securing a duty which would cheapen the price of his product. If prices have ever been diminished as a result of tariff legislation, the cause has been due to unhealthy stimulation to capital.

Let me finish with a case in point. When the ways and means committee were giving hearings preparatory to the reporting of the bill of '83, the agent of the M-mills sent a message to the treasurer, asking him if it would not be well to demand an increase in the duties on cotton goods.

The treasurer promptly sent back word that the tariff was high enough; that the business was progressing smoothly, and that an increase in the duty would cause capital to emigrate in the cotton business to an unhealthy extent, whereby profits would be materially lessened.

If America is the greatest nation on the earth; if we have here the most intelligent and efficient labor, the greatest freedom and the richest natural resources, how absurd is it to maintain that we need high protective duties upon our commodities?

The difference in wages is the last argument left to the protectionists, and this difference is small compared with the high rates of duty.

In 1881 Mr. Blaine said: "Undoubtedly the inequalities in the wages of English and American operatives are those that equalized by the greater efficiency of the latter and their longer hours of labor." Is this any less true today?

SAMUEL W. MENDUM.

The Trick of Averages.
Harper's Weekly.

The quadrennial season of tariff discussion has begun, and from now until the early days of November the newspapers and the hustings will be embellished and resonant with percentages, numerals, decimal points, and averages.

The conscientious American will diligently try to comprehend the tables and arguments that are addressed to his eye and ear, and perhaps he may succeed in this better than some of those who appeal to him. Against one thing, however, he should be prepared to defend himself. If there is anything in statistics more blighting, more delusive, more inimical to a clear understanding, and more preventive of honest conclusions than another, it is that tricky sprite Average.

When an orator begins to discourse upon averages, honest men should shun him. He is simply attempting deception, wittingly or unwittingly. For example, he tells his audience of a mill in which there are employed 4500 persons, the average yearly earnings being \$800 each. In that mill there will be one man earning \$50,000, five earning \$5000 each, 100 earning \$750 each, 1000 earning \$800, and 3900 earning \$300 each.

There is not much truth told by that kind of an average, but the subtlety of the average monger is still better illustrated in tables of domestic economy. The orator desires to show that the cost of food is less than it was, so he works out an average for the last twelve months. He makes a table for himself, which we will illustrate. He represents the prices at the beginning of the period by 100. The additional show the per-

centage of rise in price; the subtractions, the decrease. He is cunning in composing his table, but its details are not for the public. The people who listen to him must be contented with his result. Here is his method:

Meat.....	100.75
Bread.....	130.00
Pepper.....	73.00
Mustard.....	60.00
Eggs.....	88.00
Butter.....	98.50
Ice cream.....	133.00
Average.....	87.00

"Under the benign influences of this law (or this administration, as the case may be)," asserts the orator, "the cost of living has gone down in this fair land of ours 12.40 per cent."

And the conscientious American citizen, listening to the delusive song of averages, wonders why it is that the truthful figures of the oratorical economist tell him one thing, while his butcher's and baker's bills tell him quite another. If he could see the method by which the average is obtained, he would realize how figures may be made to lie. This illustration is doubtless sufficient. It is unnecessary to show how the average cost of living is sometimes determined by including hammers and tongs and patent machines in the table as if they were of the same value as food and clothes.

If the American citizen wants to vote intelligently on the tariff question, he must not permit himself to be deceived by averages.

BOSTON AMUSEMENTS.

GLOBE THEATRE.—Mr. Stetson's excellent offering to the music loving people of Boston and its suburbs has been appreciated and large houses have marked the initial presentations of the light opera success, "The Isle of Champagne." The music of the opera is tuneful and well written, the solos especially demonstrating the genius of the composer, Mr. W. W. Furst. Mr. Seabrooke is immensely funny and easily holds his popularity as a comedian. He supplies much of the mirth provoking portion of the performance and is very clever in his specialties and in the rendering of his topical songs. The supporting singers, including Miss Elvia Crox who has been heard in Boston in grand opera, have excellent opportunities for good vocal work which are taken advantage of. There is an excellent chorus and an effective ballet. The scenery and costumes are of a very novel description and the whole production is given in elaborate style. The opera is booked for a three-weeks run.

GRAND OPERA HOUSE.—The attractions at the Grand Opera House next week ought to crowd that popular amusement resort. Mr. Martin Hayden will be seen for the first time in Boston in his musical melo drama, "Held in Slavery." Carmencita, the unrivaled skirt dancer, will delight the lovers of terpsichorean art, five modest Quakeresses will give a new version of the popular song and dance craze, "Ta-ra-ra-boom-de-ay." Mons. Sablow, the great French mimic, will give imitations of prominent people of the day, and James Hoyey and others will present comedy specialties.

Miscellaneous Notes.

A man in Alabama wrote to a friend in Massachusetts June 20, that he had 3000 heads of cabbage with beets, onions, etc. in proportion, and could not get \$10 for the whole lot; and he wants to get back and try his hand at farming in New England.

"During our absence on our Western excursion," writes a Georgia editor, "we hired the preacher to edit the paper, when an angry subscriber, mistaking the editor for the preacher, wrote him a letter, nearly beat the life out of him. The Lord will provide!"—Exchange.

The money now expended for roads, says an expert in road engineering, would come very near making them good roads if it were not for the constant abuse inflicted by narrow tires. But I do not believe it possible to ever raise money enough to keep the roads where they should be until the tire question is settled by law, and any such law which was to take effect two (or even one) years after its passage could not be a hardship to anybody.

"Speaking of cyclones," said the man with the ragged whiskers, "they do play some queer tricks sometimes. I remember being ketchy by one as I was drivin' home from the grocery with a sack o' seed potatoes in the wagon—paper flour sack it was. Wal, what did that there cyclone do but blow them potatoes over seven counties; every tater of 'em, and leave that there paper sack settin' there in the wagon—empty. Another time, when I was in Nebraska—" But his audience had fled.—Indianapolis Journal.

The advent of the Eton suit has been hailed by the girls with delight. The little jackets are worn over silk shirt waists on cool days, and on warm days, being of light weight, they may be conveniently carried. A girl with a coat has more privileges than her brother similarly attired. It is quite the proper caper for her to take off her coat when invited to lunch with her best young man, but let him attempt to do the same and just see how quick she will cut his acquaintance, no matter how ambitious the mercury may be.—Chicago Globe.

No other one cause produces sore shoulders so quickly as a heavy load and a rough road, with continual jerking of the neck yoke from side to side as the fore wheels of the wagon drop into ruts. The jerking caused by ruts and sharp heavy pulls is fruitful source of strains and sprains with their accompanying evils of ringbones, spavins and curbs, especially to horses predisposed to these ailments. In horses of nervous temperament the continual wrenching upon rough roads causes fretting, and what is true of man—"fretting and worry pull an individual down faster than work"—is equally true of a horse.

That a horse never be watered oftener than three times a day, or in 24 hours, says the Horse World, is a mistaken idea and brutal practice. A horse's stomach is very sensitive and will suffer under the least interference, causing a feverish condition. Feeding a horse principally on grain and driving it five hours without water is like giving a man salt mackerel for dinner and not allowing him to drink before supper time. If you know anything about the care of horses and have any sympathy for them, water as often as they want to drink—once an hour if possible. By doing this you will not only be merciful to your animals, but benefit yourself, as they will do more work, look better and live longer. If you are a skeptic, and know more about horses than anyone else, you are positive that the foregoing is wrong because you have had horses die from watering too much, and boldly say that the agitators of frequent watering are fools in your estimation, and you would not do such a thing.

Boys in the Police Court.

Several days ago the Athenaeum building in the Nonantum district, Newton, was entered through a rear window that had been left unfastened. From the upper hall, used for lodge meetings, numerous articles were stolen, including pictures, regalia and badges. Beside making away with the lodgeroom property the thieves did considerable damage, marring the walls, breaking chairs and destroying other pieces of furniture.

The case was reported to the police authorities, and Officer C. O. Davis was detailed to make an investigation. He suspected that it was the work of juveniles, and soon procured evidence which led to the arrest of James Jones, John Flaherty, Frank Flaherty, John Farrell, Charles Ryan, Edward Miller, Benjamin Richards and James McGuire.

The boys, whose ages range from 7 to 10 years, were arraigned in the Newton police court Monday, and pleaded guilty to the charge of larceny from a building. Their sobbing stirred up the pity of the spectators as they stood in the dock, very tearful and apparently penitent. Judge Blaney took the extreme youthfulness of the offenders into consideration, and the cases against them were placed on file. The boys received some good advice from the court, and the enormity of their acts was made plain to them. When the boys were released their drooping spirits were somewhat restored, but they had the appearance of having learned a lesson that may bear good fruit.

The stolen property was all recovered and restored to the janitor of the building by Officer Davis.

Bird Study.

Olive Thorne Miller, who has made herself a recognized authority in ornithology, devotes her entire summer to the study of birds.

She spends the nesting months of June and July out of doors, as far as possible, observing the birds minutely, and taking voluminous notes of all she sees, hears or thinks that may throw any light on their habits. In August and September she works from morning till night, constructing her "bird notes" into magazine and newspaper articles.

The summer, her "busy time," being over, she devotes herself to her club interests, to her family, and to the demands of society—for, oddly enough, this votary of nature also takes keen delight in social intercourse. But even in winter her observation of birds is closely carried on in a special "bird room," where among her pets, who fly around at liberty behind a wire screen, Mrs. Miller sits studying their ways and taking notes.

Mrs. Miller's ideas on the subject of observation of birds are markedly individual, not to say benevolent. She believes that too much bird study is conducted by means of guns, and thinks that knowledge of the little songsters will have made great strides when boy's interests in nature takes the form of studying the live bird in its native haunts instead of killing and stuffing them, and making collections of their eggs.

Sea Captain. "Yes, I want a boy, but I think you look like a runaway. Now ain't ye? Didn't you run away from home?"

Boy. "Ye-y-e-s, but I couldn't help it. They was goin' to send me to a detest to have six teeth filled."

Boy. "Was they? Well, I'd run off, too. I don't believe in fillin' teeth."

"No-o, sir, I don't either."

"Of course not. You come on board with me, and if anything's wrong with your teeth, the carpenter can take 'em out with a monkey-wrench."

Boy went home.—Good News.

A Missouri man ate eleven plates of ice-cream and died within a week. Man is stronger than woman, but he lacks her endurance.—All Sorts.

ARE YOU BILIOUS?

THEN USE

PARSON'S PILLS.

"Best Liver Pill Made"

Positively cure BILIOUSNESS and SICK HEADACHE, Liver and Bile Complaints. Put up in Glass Bottles. There is a bottle, one a dose. They expel all impurities from the blood. turned by mail unless stamps are enclosed.

THE NEWTON TRANSCRIPT HAS BEEN CONSOLIDATED WITH THE GRAPHIC.

THE GRADE CROSSINGS.

While Newton has been taking a rest
during the summer other cities have
gone ahead and perfected their plans for
a separation of grades. Brockton has
already got a commission appointed and
will get a slice of the money appropriated
by the state, and other cities are nearly
ready to put in their applications, but at
the present rate the state fund will
soon be exhausted, and Newton will be
left out in the cold unless prompt action
is taken by the city government.

The Aldermen laid the matter over for
the summer that the different plans sug-
gested might be ventilated through the
newspapers, and a full discussion had,
but with the adjournment of the alder-
men for the summer, every one else
seemed to adjourn also, and the papers
have not had a single letter on the ques-
tion. The agitation evidently settled
down to the bottom and probably will
stay there indefinitely.

The truth seems to be that any plan
of separating the grades will find op-
ponents, and one plan about as many as
another. The thing for the aldermen to
do is to take up the matter at their first
meeting in September, and decide it ac-
cording to their best judgment, so that
Newton will be able to secure a part of
the state's fund. They would be severely
censured even by those who have
asked for delay, if they waited until the
fund was exhausted before taking
action. A decision must be made some-
time in September and will be as good a
time as December.

As to the movement to have the tracks
moved, there is said to be a law for
bidding such removal, when a railroad
line is once established, and business
blocks have been built, and values
established. We are informed that
there are several court decisions for-
bidding such action, and if our informa-
tion is correct, these decisions will have
an important bearing on the case.
Nevertheless, the location has recently
been changed in Chicopee, and if all
favored the change, it would not be
difficult to get permission from the
legislature. If there is much opposition,
however, the permission might be
difficult to obtain. The first thing neces-
sary would be to find out whether the
railroad authorities would consent to the
removal, and if they will not, then
the plan may as well be given up. It
would be foolish for Newton to try to
fight such a big corporation as the Bos-
ton & Albany on any matter, as the
little dog always gets whipped in such a
contest.

The aldermen may expect to be found
fault with whatever they do, and so they
may as well act at once and get the
storm over before the city election
comes round. It will all settle down
after a little while and once the grades
are separated the convenience and feel-
ing of safety will be so great that all
who have to go from one side of the
tracks to the other will be thankful
that any plan was adopted.

Then, if decisions is made at once the
question of widening Washington street
can also be settled. The city engineer
has finished his two plans for widening
the street, one for a width of 100 feet
and another for 75 feet, and these will
probably be presented at the first meet-
ing in September. No one questions the
great benefit this widening will be to the
city, whether the tracks remain in their
present location or not. Besides, all
those who occupy property between the
street and the track are now left in a
state of great uncertainty, and are anx-
ious to have the question decided, so
that they can make definite plans for the
future.

OPPOSING REFORM.

That civil service reform has still to en-
counter much opposition is seen by this
article from the Boston Traveller, a paper
that professes to be run on a very high
level, and whose editorials are supposed
to be written by retired ministers:

The Civil Service Commission is doubt-
less a well-meaning body, but it is just
possible for well-meaning people to slip
over and make themselves a little too
prejudicial. The commission has just in-
sisted through the columns of one of the
most bitter anti-administration weekly
newspapers of Washington a manifesto
warning government officials against
making contributions for campaign pur-
poses. This seems to most people a
unwarranted piece of business on the part
of the commission. In the first place the
government officials may be supposed to
know the law prohibiting political as-
sessments and contributions, and to be

able to interpret it, and in the second
place officials are to be instructed in the
matter of their duties, the instruc-
tions should come from the President.
The assumption on the part of the com-
mission is decidedly peculiar, and what
emphasizes this is the fact that these in-
structions and warnings are made public
through an anti-administration organ.

As a comment on this utterance the
daily papers the next morning contained
the details of a scheme gotten up by
Chairman Carter, for getting around the
law and forcing the government clerks to
contribute to the campaign fund. There
is no doubt that the public sentiment in
favor of reforming the civil service and
so putting an end to the most corrupt
feature of our government is growing, but
the Traveller's utterance is useful as
showing the opposition to the reform even
among good men, men of scrupulous
personal honesty, but who seem to think
that nothing is wrong that is done for a
good cause.

THE TAX RATE.

In discussing our reduced tax rate, this
year, there is one point that has not been
publicly mentioned, which is that if the
sewer assessments had been made and
collected, the rate would have been less
than \$14. The interest on the sewer
bonds and the provision for the sinking
fund have now to come out of this year's
tax-levy. This shows how carefully the
city finances have been managed the past
two years under Mayor Hibbard, and
demonstrates the wisdom of selecting a
practical business man for Mayor.
Indeed, if Mayor Hibbard could be
induced to take a third term, it is safe
to say there would be the ghost of an
opposition party. He has been ap-
proached on the question but so far has
refused to even consider it, as he thinks
he has done his duty by the city, and
would like to enjoy a little leisure from
his business duties once more. If a
new man has to be chosen the lesson of
the last two years ought not to be for-
gotten, and his successor should be as
competent a business man, and one with
as keen an eye to all city expenses, as
Mayor Hibbard. Such men are not
common, but there are some in Newton,
and the importance of choosing the right
man is something that appeals directly
to the tax-payers, and also will have a
direct bearing on the future growth of
Newton.

CAMBRIDGE people have gotten up a
petition to be presented to the state
board of health, asking that the bad con-
dition of the Charles river be remedied.
The sewers of Cambridge empty into the
Charles, and the mouths of said
sewers are above low water. The in-
coming tide takes up this foul sewage
and brings it up the river, to pollute the
banks and bed of the steam all the way
to Watertown. This with the foul de-
posits from the mills of Watertown
makes an ill-smelling deposit when the
tide recedes, and one that cannot fail to
be dangerous to health.

THE middle of August sees the end of
the vacation period in sight and soon the
wanderers will be returning from the
shore and mountain resorts. They will
find Newton looking its best, as the
recent rains have freshened up the lawns
and gardens, and certainly in all their
wandering they have not found a more
attractive place than Newton. If it were
not for the need that every one feels for
a change of scene at least once a year,
Newtonians would have no need to leave
their homes during the summer, and it
seems a pity to be away the pleasantest
part of the year.

LOWELL's tax-rate this year is \$10.80.

Senator Gilman's Vote.

Boston, Mass., Aug. 15, 1892.
To the Editor of the Newton Graphic:
In your issue of August 12th, in an
editorial in reference to the Councilor-
ship, I find the following paragraph:

"It might also be said that Senator Gil-
man ran far behind his ticket in his first
campaign, and that this is a strong Re-
publican district and his opponent was an
unknown man outside of his own town, he
had less than 100 plurality."

I am much surprised that you should
write such an editorial knowing the facts
as well as you do. You must remember
that the reason Mr. Gilman ran behind the
ticket for Senator, was because the towns
of Watertown and Belmont voted by a
large majority in favor of the Democratic
nominee simply because Mr. Gilman was
in favor of annexing what is known as
Morse field district to the city of Newton, a
house to house canvass having been made
and circulars distributed at the polls
against him. Notwithstanding this fact
he ran in the city of Newton ahead of Gov.
Brackett and it was the vote that he re-
ceived in his own city that elected him. I
do not think that such mis-statements as
these help either party and I doubt if Mr.
Leeson would approve of such a course.

Yours very truly,

GEO. C. DUNNE.

In reply to this it might be said that Mr.
Gilman's vote in Newton was 1806, and
that of Lt. Gov. Haile and the rest of the
Republican ticket below the Governor was
from 1863 to 1847. Mr. Davis, the Demo-
cratic candidate, received 1087, while Gov.
Russell received 1417, and Gen. Corcoran
had 1244. If Mr. Davis had only kept up
with Gen. Corcoran, Mr. Gilman would
have been defeated.

Mr. Gilman's friends have also made the
claim that he received a great many Demo-
cratic votes in Newton, and if so there
must have been a large number of Repub-
licans who did not vote. The following
table will make this more clear:

Brackett	1749
Haile	1806
Marden	1847
Gilman	1806
Russell	1417
Corcoran	1244
Davis	1087

Mr. Dunne says that Watertown and
Belmont voted for the Democratic nominee
because Mr. Gilman was in favor of the
Morse field annexation. Mr. Davis was
also a resident of Watertown or Belmont,
and well known and popular there, al-
though very little known outside of their
limits. If the Democratic candidate should
come from those towns this year, the same
story might be repeated.

Mr. Dunne very shrewdly compares Mr.
Gilman's vote in Newton with that of Gov.
Brackett instead of Lt. Gov. Haile, and we
might add that he was also very much

surprised to find that Mr. Gilman did not
run several hundred ahead of his ticket
in Newton, as he at first wrote in his
letter. It is always better to look up the
records before making a statement, and the
GRAPHIC did this before the article
was printed to which Mr. Dunne refers.
(Ed.)

An Unreasonable Patient.

(From the Chicago Times.)

"Now, sir," said Dr. Paresis, after
making a careful examination of the
symptoms, "I will leave you some
medicine, which you will take according to
the directions I shall place on the
bottle. But the medicine alone is not
sufficient. You must give up the use of
intoxicating drinks of all kinds." "But,
doctor," pleaded the patient, "I never
use them. I am a total abstainer."
"Um-m-m; well, in that case you must
discontinue indulgence in tobacco," "I
never use it in any form," "Oh, well,
you will have to dispense with tea and
coffee for a few months," "I never
drink anything but water and milk,
doctor." "Indeed? Yours is rather a
strange case. Then we'll try what effect
a rigid abstinence from a meat diet will
have." "I have never eaten meat. My
parents brought me up a strict vegeta-
rian." "You surprise me. But you really
must abandon the use of pastry of all
kinds." "Doctor, a piece of pie hasn't
passed my lips for ten years." "Well, sir,"
said the physician severely, "after a moment's
gaze into the unfortunate man's face, you are the most
unreasonable patient I ever saw: How
on earth is medical science to take hold
of a case when the patient hasn't a
single solitary thing to give up? I resign
the case, sir. I'll have nothing further
to do with it." And he walked out.

Production of Portland Cement.

Mr. Giron read before the Engineer's
club at Philadelphia a paper on the trade
of the world in Portland cement, in the
course of which he said that the present
annual production in Europe amounts to
over 20,000,000 barrels and its com-
mercial value to over \$7,300,000. The first
factory was established at Northfleet, on
the Thames. The process was so crude
that in 1850 only four factories were in
operation. In England there is now
over 8,300,000 barrels made each year.
The process is much the same as it was
twenty years ago. The raw materials
are chalk and clay, both pure, and al-
though inferior processes are employed
they make a satisfactory cement.
A few years ago the entire product of
the kilns was put on the market, but
the fineness of the Continental cements led
English makers to improve their pro-
cesses, although even now English ce-
ment is not as a rule as firm as Geneva
or French Portland, as New York Even-
ing Sun.

Photographic Paper.

Photographers were obliged until re-
cently to import from Germany the pa-
per used in their work, our own manu-
facturers being unable to assemble the
necessary conditions of material water
and workmanship for the production of
paper suitable for silver printing.

A process has now been perfected in
this country whereby a very ordinary
paper is coated with a thin surface of
sulphate of barytes and answers admir-
ably for photographic use, bringing out
in the finished picture a wealth of de-
tail formerly unknown in the art, it be-
ing lost in the texture of the paper em-
ployed.—Engineering Magazine.

A Clever Bit of Workmanship.

In a museum of curiosities at Salem,
Mass., there is preserved a common
cherry seed or stone hollowed and fash-
ioned into a basket. Within the basket
are twelve tiny silver spoons, the shape
and finish of which cannot be distin-
guished with the naked eye. The name
of the artist who constructed this little
wonder has been lost, but the actual ex-
istence of the thing itself will not be
questioned by any one from the old
with headquarters of the Bay State.—
Chicago Herald.

Telephone from Paris to Bordeaux.

At 3 o'clock yesterday afternoon the
new telephone line between Paris and
Bordeaux was opened. Complimentary
messages were exchanged between the
presidents of the chambers of commerce
of both cities, and the minister of com-
merce, and the mayor of Bordeaux. The
telephone works exceedingly well, every
word being clearly heard. Before con-
cluding the Elysee telephone was hitched
on and a complimentary message sent
through from Bordeaux to President
Carnot, to which he replied in suitable
terms.—Galignani Messenger.

Snow in June, but None in Winter.

Persons returning from the hills re-
port that a foot of snow fell Wednesday.
It extended down within 2,000 feet of
the plains. A shower of "round" snow
fell in the vineyards between Fresno
and the base of the Sierra Nevada moun-
tains, where no snow fell at any time
last winter.—Fresno Cor. San Francisco
Chronicle.

W. C. Crawford is now, at the age of
eighty-six, living in destitution at Alva-
rado, Tex. He is the sole survivor of
the band of patriots who signed the de-
claration of Texas independence at Wash-
ington, on the Brazos river, March 2,
1836.

During a masked ball at Covent Gar-
den theater thieves made off with valu-
able diamonds and jewelry which they
are said to have cut from the ladies' dresses.

Endurance of a Horse.

A horse attains his growth in five
years; he will live twenty-five years and
average sixteen years. A horse will live
twenty-five days on water without solid
food, seventeen days without eating or
drinking, but only five days on solid
food without drinking.—Humane
World.

Use Tepid Water for Inflamed Eyes.

Cold water should not be used for
bathing the eyes when inflammation is
present. Tepid water may be used
night and morning, keeping the eyes care-
fully closed the while.—Hall's Journal
of Health.

A joint debate is often a disjointed af-
fair.—Columbus Post.

MARRIED.

Housewives Attention!

Do you wish to rid your home of
roaches and water bugs? If there is
any about your house there you will
find them, only to lose them if you
will use Barnard & Co's exterminator.
7 Temple Place, Boston. Ask your
grocer or druggist.

Be lenient with the fallen. You see a
brother fall, and say "I never could have
done that!" Perhaps you could not, be-
cause your temptation does not happen to
be in that direction, but you have done
things in the course of your life that these
fallen men could never have done, because
their temptation was not in that direction.
Do not say in boasting, "I never could
have done such a thing as that!" You
do not know what you would do if suf-
ficiently tempted.—Talmage.

NEWTONVILLE.

Pianos, Farley, 433 Wash. St., Newton.

Miss Ida Brown is at North Falmouth.

Mr. and Mrs. Joseph E. Bird are at Nantasket.

Miss Alice Macomber has returned from Maine.

Miss Amelia Smead is visiting friends in Worcester.

Mr. R. H. Dalton and family are at Intervale, N. H.

Mr. E. A. Robbins of Prince street has gone to Jamaica.

Miss Linda Curtis is spending her vacation at Gloucester.

Mr. C. W. Leonard is at the Turk's Head Inn, Gloucester.

Mr. A. F. Cooke and family have returned from Winthrop.

Mr. W. F. Chapman and family have returned from Nantucket.

Mr. Windsor Davis of Weymouth is visiting friends in this place.

The Misses Ball are passing the vacation period at North Falmouth.

Carl Judkins of Central avenue has returned from North Falmouth.

Mr. T. Emerson is at the Mount Mount House, North Conway, N. H.

Mrs. Dr. Talbot and daughter Josephine are at Franconia until September.

Mrs. William McAdams of Lowell street has returned from Wolfboro.

Mr. and Mrs. W. H. Mendell are at home from their trip to Wells Beach.

Mr. and Mrs. E. Bradshaw are enjoying a vacation trip in South Andover, Me.

Mrs. Eldridge and Miss Welch have returned from the Turk's Head Inn, Rockport.

Mr. Thomas E. Booth who has been visiting here has returned to his home in Ohio.

A new police signal box has been placed in position corner of California and Crafts street.

Mrs. Wm. McAdams and daughters have returned from their New Hampshire outing.

Mr. W. F. Wolfe and family are at the West Chop Inn, West Chop, Martha's Vineyard.

Mr. and Mrs. Lawrence Norman will return from North Falmouth on Monday, having had a delightful outing.

Miss E. Addie Brooks is suffering from an affection of the optic nerve, which has kept her confined to the house this week.

Mr. Joseph Byers has returned from Princeton, Mass., and Miss Byers is at home again from a trip to Castine and Bar Harbor.

Officer N. F. Bosworth has recovered from his recent illness, but feels the need of rest and will go away a couple of weeks to recuperate.

There are letters in the post office for Mr. R. C. Brown, Miss Edith Brown, S. S. Fuller, Miss Della McKinney and Mrs. Melora F. Putnam.

Messrs. G. W. Gould and C. W. Briggs Jr., have gone to Portland, Me., and will make an extended bicycle tour through Cumberland County.

Wm. T. Vose and family, who have been at Bar Harbor, have left there and are at Bridgton House, Bridgton, Maine, for the remainder of the season.

Mr. John W. Dickinson, Jr., has been in town for some time recently, much to the gratification of his family and friends, but will leave again soon on a long western trip.

The ninth series of shares of the Newton Co-operative bank opened Sept. 1, and can be procured now upon application to the secretary or members of the board of directors.

Rev. James Williamson of Augusta, Maine, will supply the pulpit of the Central Congregational church on Sunday, Aug. 21st and 22nd. Services commence at 10.45 a. m. and at 7.30 p. m.

William Gammon fell from a team loaded with pipe on Walnut street, Wednesday afternoon. One wheel passed over his body and his right leg was fractured. The injured man was taken to his home in Newton Centre.

The new club house will not be in readiness for its furnishing and equipping before the middle of September. The interior finishing has been very thoroughly done and an unusual amount of care taken in peeling details, requiring an extra amount of time.

A very pleasing program at a recent concert was given in Megawett hall, No. Falmouth, Aug. 22. Among the talent represented were the Misses Davis, Thompson, Hawley, Hewitson and Wadleigh, Messrs. Statton, Felton, Horn and Smith. Pleasing selections both vocal and instrumental were rendered.

Mr. and Mrs. Charles Curtis and daughter, and Mr. and Mrs. G. W. Pope, Jr., are in camp in a reservation of whites in the lake country near Bangor. The camp has all the appliances of nineteenth century civilization and is a jolly place for a good rest and for hunting and fishing. The party is expected home in a few days.

Rev. R. A. White has returned to Chicago, having had a pleasant vacation in Plymouth and seen many of his friends in and about Boston and Newton. However much he likes his new environment his heart turns eastward for hours of rest and recreation and the renewal of old friendships. He goes home greatly improved in health.

The new street railway will hardly be in operation before Sept. 1. The overhead wiring is nearly completed, but there has been some delay in getting the cars in shape, wiring the motors, and so on. Upon the occasion of the opening of the new road, the business men of this place will unite in giving its projectors and officials a good send off.

Mr. and Mrs. Ernest Boyden have gone to West Andover, Vermont, to attend the wedding of their sister, Miss Emma Smith to Mr. Horatio Cole. The ceremony takes place at the old homestead on Monday, August 22nd, and on their return from their wedding journey Mr. and Mrs. Cole will reside at Boston Highlands. The good wishes of a host of friends attend them.

Casper Holden, foreman Howard Ice Company, while superintending the loading of cars at the ice-houses Monday, was struck by a high cake which slid back on the run, knocking him down. He received a blow in the forehead which severed the temporal artery and necessitated several stitches. Dr. T. F. Carroll attended the injured man and after looking after his wound had him removed in a carriage to his home in Watertown.

Mr. J. W. Allen's house on Foster place was struck by lightning in the storm last Friday. The bolt entered the chimney and the portion of it above the roof was knocked down and bricks scattered here and there. The force of the bolt was partially checked by the passage of a portion of the current of electricity into the ventilating pipe and its final contact with water in the bath room bowl. It did not prevent some damage, however, at the base of the chimney, the current passing through the funnel of the kitchen stove tearing it from its position and knocking the doors off the range, strange to say, the shock was not felt by any of the inmates of the house.

Mrs. Henrietta M. Hamilton, who died at the residence of her son, Charles W. Hamilton Tuesday morning, was born in

Bedford, Pa., and was the wife of the Rev. W. C. P. Hamilton of Ohio. She was in the Methodist ministry for fifty years. For more than twenty years she lived in the house of her son in Boston and vicinity, and was greatly beloved by the congregations at the church in Somerville, at the People's Church and the churches in Temple street and Saratoga street in Boston. She leaves six sons and one daughter.

Rev. Dr. J. W. Hamilton of Boston, Rev. Jay Benson Hamilton of Brooklyn, N. Y., L. L. Hamilton and C. W. Hamilton of Boston, Edward W. Hamilton of the Normal Art School, Rev. F. E. E. Hamilton of East Boston and Mrs. S. L. Parker of Lyme, Conn. The funeral was from the Saratoga Street Church in East Boston Thursday at 12 o'clock.

The sudden failure of Gilman, Cheney & Co., has not ceased to cause surprise and consternation among those who knew the members of the firm either in a business or social way. Every one seems on the alert, expecting every day to hear of new revelations in regard to the business affairs of the house, which are without doubt in a deplorable state. The absence of Mr. Gilman seems too inexplicable—if, as many believe, he can explain away the accusations which have resulted from his disappearance and the firm's collapse. Mrs. Gilman was seen yesterday afternoon at the residence of the bride father, Wallingford street. The ceremony took place at 4 o'clock in the presence of relatives and near friends. Rev. John Matteson, rector of the Church of the Messiah, Auburndale, officiating. Mr. John Covell of New York was best man. Following the ceremony an informal reception was held, at the close of which the newly wedded couple departed on their wedding tour. They will stop for a short time at Newport, and will then travel for a few months.

An improvement contemplated by the highway and sewerage committee in connection with the widening and straightening of Chesapeake street, the idea of laying what might be termed a boulevard. The idea is to secure a strip of land 120 feet wide through the centre of which the road will run, with grassed sloping sides, dispensing with the original plan of a wall. On each side of the brook, it is proposed to construct a street or roadway 24 feet in width bounded by a grass edging 2 feet wide and beyond that a sidewalk 6 feet in width. Under one of the roadways it is proposed to run the trunk line sewer connecting with the Metropolitan system. The scheme is one which is to be hereafter carried out in the line of highway improvements in various parts of the city.

WEST NEWTON

H. P. Barry is back from a trip to New York.

The Misses Robinson are at Clarendon Springs.

Mr. J. F. Fuller is at Clarendon Springs.

Mr. J. W. Stanley and family are at Marblehead.

Joseph Owens returned from Seltwater beach this week.

C. E. Hatfield has arrived home from a brief trip to Chicago.

Miss Gertrude Mansur has returned from New Brunswick.

Mr. David Kelly has gone to New York for his vacation.

Two or three dozen cases of malaria are reported about the village.

Mr. Walter Davis has returned to work after a two weeks vacation.

Mr. A. L. Barbour has moved into his new house on Perkins street.

Mr. W. H. Stewart is erecting a new house on Greenwood avenue.

Miss Ellen M. Bond is at the Fairview House, No. Woodstock, N. H.

Capt. A. P. Hatch has returned from a week's stay at Kennebunk, Me.

Mrs. H. E. Waite, son and daughter are at Eagle Cottage, Seltwater.

Mrs. E. B. Wilson is quite seriously ill at her residence on Otis street.

Mr. George Homer and family have returned from Lake Placid, N. Y.

Mr. J. B. Chase and family have returned from Belgrade Mills, Me.

Mr. George P. Whitmore and family have returned from Oxford, N. B.

Miss Agnes Chase, Hillside avenue, has returned from Centre Sandwich.

Congratulations for Mr. and Mrs. J. H. Woodward, Auburn street. It is a boy.

The Neighborhood club is to give a handicap tennis tournament, Labor Day.

Geo. F. Peck has moved to Saxtonville where he will conduct a bicycling business.

Mr. J. Spence of Newton Upper Falls, has opened a provision store in this village.

Mr. and Mrs. Irving I. Doane are at Lawrence town, N. S. They will return Sept. first.

The highway department are constructing a new culvert to drain off the Auburndale avenue marsh.

Mr. George P. Ballard and family have returned from the Crow Point Club House, Downer's Landing.

Miss Emma Nickerson has returned from Centre Sandwich, where she has spent the last month.

The Pine Farm Boys enjoyed a trip to Forest Grove last Tuesday. The day was passed very pleasantly.

Master Walter Sargent, who has been visiting Leon P. Dutch, has returned to his home in Searsport, Me.

Mr. John L. Gow, U. S. N., and Mrs. Gow are at Mr. A. K. Tolman's, Highland street, for a few weeks.

Patrolmen Purcell and Shannon are on their beats again, after being laid up with malaria for the past week.

A special meeting of the board of Aldermen is called for Monday night to consider the sewer problem.

Rev. Dr. Hurley and Rev. Dr. Blackman occupied the pulpit at the Myrtle Baptist church last Sunday.

Mr. Geo. H. Ingraham has returned from a two weeks trip to the mountains where his family are stopping.

A team was found on Watertown street last Sunday and taken to the police station and no owner has yet been found for it.

Mr. E. P. Hatch, cashier of the West Newton National Bank, is erecting a commodious new residence on Sewall street.

Mr. V. E. Carpenter has purchased land on Hunter street of Mr. Frank Hunter and will immediately erect three new houses.

The regular monthly meeting of the West Newton Co-operative bank will be held in the police court room, Wednesday evening next.

A horse owned by Geo. A. Fuller was run into by an unknown team last Tuesday evening and flooded the cellar. The sewer in front of the building was also flooded.

The citizens are complaining against the poor manner of lighting in the streets where sewer work is being done. Three accidents have happened in two weeks.

At a recent meeting of Loyalty Lodge resolutions of sympathy were passed to be extended to Charity Lodge on account of the depredations made in their lodge room.

Mr. and Mrs. Martial F. H. Wood are at Bartlett Park. Mr. Wood has recently published his new song which is exceedingly pretty and is much admired by his musical friends.

The Newton Veteran Firemen's Association have voted to attend the tournament to be held in Waltham, Sept. 25th, and the fall field day of the New England Veterans Firemen's League in Boston, Sept. 14. New uniforms have been procured, and a special meeting will be held in Odd Fellows hall Wednesday evening, and a meeting for practice on Friday evening, Sept. 2.

Notwithstanding the extremely hot season the interest in Loyalty Lodge of Good Templars continues unabated. Never in the history of the lodge have the mid-summer meetings been so largely attended and so much activity shown. The popularity of Loyalty Lodge could be shown in no better way than by the frequent visitation made by the Grand Lodge officials and members of lodges throughout the state. Active preparation has been in progress for winter work, and the public may expect to hear from Loyalty Lodge more frequently than heretofore. It has many good things in store for it.

Miss Lucy Cook, daughter of Mr. and Mrs. George Cook, and Mr. Alexander H. Wray of New York city, were married yesterday afternoon at the residence of the bride father, Wallingford street. The ceremony took place at 4 o'clock in the presence of relatives and near friends. Rev. John Matteson, rector of the Church of the Messiah, Auburndale, officiating. Mr. John Covell of New York was best man. Following the ceremony an informal reception was held, at the close of which the newly wedded couple departed on their wedding tour. They will stop for a short time at Newport, and will then travel for a few months.

An improvement contemplated by the highway and sewerage committee in connection with the widening and straightening of Chesapeake street, the idea of laying what might be termed a boulevard. The idea is to secure a strip of land 120 feet wide through the centre of which the road will run, with grassed sloping sides, dispensing with the original plan of a wall. On each side of the brook, it is proposed to construct a street or roadway 24 feet in width bounded by a grass edging 2 feet wide and beyond that a sidewalk 6 feet in width. Under one of the roadways it is proposed to run the trunk line sewer connecting with the Metropolitan system. The scheme is one which is to be hereafter carried out in the line of highway improvements in various parts of the city.

AUBURDALE.

Mr. Charles A. Hall has gone to Woodville, N. H.

Mr. George Bourne and son have gone to Wolfboro.

Mr. W. G. Bancroft is at Hotel Humarock, Seltwater.

Mr. and Mrs. E. F. Miller are at the Parks, Winthrop.

Mr. Charles D. Pickard has returned from Harpswell, Me.

Mrs. A. C. Storey is at The Ridge, Kearsarge Village, N. H.

John Fanning of Pluta's market is taking a week's vacation.

Mr. and Mrs. V. A. Pluta have returned from a week's vacation.

Mr. C. L. Roberts has returned from Jefferson Highlands, N. H.

Mr. George E. Mann has returned from his vacation at Green Harbor.

Mr. Charles H. Sprague and family have returned from South Orleans.

Mr. C. P. Darling's new house on Berkeley place is up and framed in.

Lasell Seminary has purchased the L. B. Barnes estate on Woodland avenue.

Mr. Charles Pickard has taken a position as bookkeeper in F. A. Child's store.

Mr. W. F. Coleman, the well known artist, with his family, has returned from Cotuit.

Mr. F. K. Ballard and family are at the Atlantic House, Hull, for the remainder of the season.

Mr. Eugene Mather, who is engaged in business at Altoona, Pa., is visiting his home in this place.

Mr. Fred Clapp has returned from a thoroughly enjoyable vacation of two weeks in Nova Scotia.

Mrs. John F. Priest has been the guest of Mr. and Mrs. B. W. Hackett at Hotel Pemberton, Hull.

Mr. Van Waggner is erecting a handsome residence on the corner of Woodland avenue and Maple street.

Mr. George G. Brown and family have returned from a two weeks trip to their pleasant residence on Hancock street.

Rev. Mr. Goodspeed of Amherst preached at the Congregational church, Sunday, taking for his morning subject the comparison of the former and later "Revelation."

The store in Plummer's block, formerly occupied by Chas. Ring, is being fitted up for Mr. John McManman of Newton, who will shortly open a boot and shoe store there. The work is being done by H. H. Hunt of West Newton.

Mr. W. P. Thorn has greatly improved the interior of his drug store by having the walls newly papered and the store fixtures throughout newly touched up. Several large gas burners have been put in which add much to its attractiveness in the evening.

There are letters at the postoffice for Edward F. Coolidge, Robert C. Green, Miss Winnie C. Dimmock, Miss Mary Mougahan, Mr. John McBrierty, (2), Elizabeth G. Richardson, Mrs. James Stewart, (2), Mrs. Franklin Story, Miss Mary Wisner.

The Newton Boat Club and the Waban Racquet Club played a game in the inter-club tennis series at Wellesley Hills, Saturday afternoon. The matches, which included singles and doubles, were witnessed by a large gathering. In the singles the Newton Club was represented by Ed Page, Jr., and the Racquet Club by Frank Condon. Condon beat Page 6-0, 6-1. In the doubles, Partridge and Condon for the Newton Club met Page and Adams of the Racquet Club. The latter pair won, 6-1, 3-6, 6-3.

Miscellaneous Notes.

He: "It appears that in railroad accidents the first and last cars are always the ones injured." She: "Why not leave them off the train?"—Harper's Weekly.

"There goes Blobski, the boomerang poet." "How did he get that name?" "By his way always coming back to him."—Philadelphia Record.

Proof Positive: Adelaide. "Why are you so sure of your year?" "Made up." "Because he shows me the letters you write to him."—Brooklyn Life.

He Was a Shaker. "My hired man has a fine labor-saving device." "What is it?" "Chills. They save him from laboring three days out of five."—Harper's Bazar.

The first printing press in the United States began its civilizing work at Cambridge, Mass., in Harvard University in 1639. The first American-made illustration, it is still believed, is Tully's Almanac of Boston in 1688. The first American copper plate portrait published in this country was in Increase Mather's "Ichabod," published in 1708. The first three engravers were Paul Revere, Benjamin Franklin and Isaiah Thomas, who distinguished himself at the battle of Lexington.

Booth's Best Character.

It was in a high priced restaurant. They were discussing the characters in which Booth had been most successful, and the young man with a blond mustache was satisfied that Hamlet was by far his best part.

"If you ever saw him in that part when he was at his best," he said, "you wouldn't dispute the assertion for a moment."

"Saw him!" exclaimed the man with the dark beard scornfully. "I've seen him in about everything he ever played. Why, his Hamlet was poor compared with some of his other characters. His Othello was better than his Hamlet, and his Macbeth."

"Macbeth!" broke in the young man with the blond mustache. "Why, that wasn't up to Romeo, and that's saying a good deal. His Shylock was better than his Othello."

Every one in earshot was interested by this time, but just as the man with the dark beard was beginning a scathing retort with some side remarks about the "Fool's Revenge" the little fellow with the single eyeglass roused himself and said:

"I say! You're both wrong, you know. I'm not much on drama, but Booth never played anything as well as he did Shakespeare."—Detroit Free Press.

Condolences Out of Place.

"Don't condole with a friend or congratulate a friend until five years have tested the reality of his grief or joy," says somebody. But my certie! It's a good idea, after five years or considerably less, to find out how apropos your remarks are going to be before you offer 'em. Instance in point: I met Vachant, of New York, in the street the other day. I've been meaning to write to Vachant—college friend of mine, you know—ever since his wife died, two years ago; brutal of me not to have done it, for she was a sweet little soul, and I could guess what her loss must have been. Well, I rushed up to him, and pressed his hand, and stumbled out a plea for forgiveness for not having sooner expressed my very real sympathy for his wife's loss and all it must have meant to him.

I noticed he went rather red and murmured something and hurried off as soon as he could, and when I told my wife of it and how I thought it rather queer, she said she didn't think it queer at all, inasmuch as he was on from New York on a wedding journey with his second wife. Cards on my desk, in unopened envelope. Thought from their size they were an ad.—Boston Commonwealth.

Swiss Nobility.

A few years ago the question was asked, "Does nobility still exist in Switzerland?" And no one was able to answer it. Of all the thousand of English folk who haunt the Swiss hotels in summer not one, it would seem, had inquired whether that Rudolph von Erlach, whose equestrian statue they must have seen, has any living descendants; not one had ever heard of the Bernese nobility—a noblesse which holds itself so high that it thinks but slightly of the British legation. Yet from the Jura to the Lugano there is hardly a canton—there is perhaps no canton—in which noble families are not to be found.

Some of these, such as the Plantas and the Buols of the Grabunden, have turned their energy into modern channels and make their fortunes, like the Hansers or the Sellers, out of the English and the American tourists. Others, like the Von Allmen, have sunk into a humbler rank. But the greater part remain in statu quo, still enjoying in the towns or in the country a social prestige that varies with their wealth and their intelligence.—Temple Bar.

But while the possibilities for good possessed by the theatre are well nigh inestimable, its capacity for evil is no less marked. In many of our large cities today low theatres and concert halls, masquerading under the robes of respectability, are feeding all that is vilest and most repulsive in life.—Arenas.

DRIVEN TO MARRIAGE.

Everybody declared that Hugh Colewood ought to be the happiest man in Greenville.

He was young, handsome, well educated; then, just as he was preparing to fight his way to fame with poverty arrayed against him, he had suddenly been made the sole heir to the fine estate of his eccentric aunt, Miss Betsey Colewood, recently deceased.

What more was necessary to the happiness of a gay young fellow like Hugh Colewood? Nothing, it seemed to the envious bachelors.

However, there were conditions, or one at least, in his aunt's will which caused him no little uneasiness. He must love and marry the girl of her choice, one whom he had never even seen.

Hugh Colewood caught up his aunt's last letter to him and read it again and again, hoping to find some little loophole of escape from the galling condition.

But it was there in merciless black and white. This is the part that worried him:—

"If you cannot comply with my wishes for you to meet Ethel Wayne and love and marry her, you forfeit the heirship to my estate. Ethel's mother was my dearest friend, and if you marry her daughter it will be fulfilling my fondest desire. You cannot help loving her."

"I could not rest in my tomb peacefully and know that Ethel was not mistress of my estate, and you, dear boy, the master. My lawyer, Mr. Cranston, will arrange for you to meet Ethel, as he is one of her guardians. You know how thoroughly I despise old bachelors, therefore I give you warning that I will not allow you to inherit my houses and lands as one of that disagreeable, crusty order."

So had written the eccentric spinster. Hugh nibbled the ends of his moustache impatiently as he pondered on the conditions which the will imposed.

Hugh loved the Colewood estates and could not bear to think of giving them up. Now, if the will had not specified whom he must marry, but left the selection of a wife entirely to himself, Hugh believed that he would have enjoyed the romance of hunting for a bride.

He picked up his hat and rushed from his room, going up to the hotel where Mr. Cranston was stopping while he arranged some business matters with Hugh.

"Hello, Colewood! Have a seat," said the lawyer, scrutinizing the flushed face and nervous manner of the visitor. He was just wondering to himself if the unexpected good fortune had turned young Colewood's head, when his visitor remarked:—

"You are aware of that one peculiar feature in my late aunt's will, Mr. Cranston?"

Light at once dawned upon the lawyer, and there was a twinkle in his eyes. However, he asked indifferently:—

"To what peculiar feature do you refer, Mr. Colewood?"

"The one that absurdly commands me to marry a girl that I have never seen."

"Oh, that," replied Mr. Cranston. "You are a lucky fellow, Colewood. That's the best part of the fortune."

"It's the most exasperating part," Hugh cried, desperately. "How can a fellow love and wed to order?"

"Well, it's a great deal of time saved to the wooer," remarked the lawyer, puffing. "I've no doubt Ethel Wayne will suit you better than any selection you are capable of making."

Hugh Colewood flushed warmly at the lawyer's cool observation, and he spoke hotly.

"I'm sure she won't suit me, sir. The estates can't be charity for all I care. I don't love any woman, and I love my freedom too well to marry yet awhile. I don't want to be thrust upon any woman for the sake of a fortune, and I don't suppose Miss Wayne cares two straws about the absurd condition in my aunt's will."

"It's very likely, although Ethel had the greatest respect for the late Miss Colewood, and was very careful to humor all her vagaries," returned Cranston, much amused over young Colewood's excitement. "However, I hardly feel able to state whether the girl would accept Miss Colewood's last great vagary in the shape of her impulsive nephew or not."

"I shall not give her the opportunity," said Hugh, nettled at the lawyer's words.

"Hold on, Colewood. Let's drop nonsense and come to business. You like your aunt's estate, but you cannot retain them without complying with her wishes. You have never met the girl whom your aunt has chosen. Perhaps it will be proved that you are neither of you opposed to fulfilling the condition."

"At least, you must meet. I will arrange that. Ethel will pass the summer with my sister in the country, and I'll manage it for you to spend a few weeks with them. You can very soon tell whether the condition is wholly obnoxious or not. What do you say?"

"I will do as you advise, thank you, sir," replied Hugh, who had now cooled off and was trying to take a business view of the strange situation.

Four weeks later Hugh Colewood was speeding away from Greenville on the morning express bound for a little town among the blue hills of Virginia.

When he stepped from the train he was disappointed to find no one waiting to convey him to the country home of Mr. Cranston's sister, a distance of eight miles.

He was in the act of asking the way to the best hotel when a buggy came rapidly up to the station and halted.

The station agent hurried forward to meet the driver, who was a slender young girl, with bright, dark eyes, and hair as golden as the June sunbeams touching those hills.

"Is Mr. Colewood of Greenville waiting here to drive out to Mrs. Thurston's?" inquired the fair driver in a sweet voice which won Hugh's interest at once.

"I am here and waiting, thank you," returned Hugh for himself, smiling pleasantly as he came forward on the station platform.

"I came to drive you to Mrs. Thurston's," she answered, simply.

"Shall I take the reins?" he asked as they started away.

"No, thank you. I like to drive," she answered.

"It was too bad for you to take so long a drive for a stranger," he remarked, as he stole a side glance of admiration at the girlish form in dainty blue.

"Oh, I didn't mind the distance at all, besides I rather had to come," she replied. "I did wish to go with the young

folks, who are having a picnic this morning over on Laurel Hill, but Uncle Jerry was sick, and, of course, he couldn't come for you."

"Then Mrs. Thurston and Miss Wayne never drive, so they made a virtue of necessity and sent the last resort of the place," and she laughed merrily.

"It is too late for my coming, prevented your joining the picnicers," he said. "I shall not be able to forgive myself."

"That's nothing. I am enjoying myself now too well to think of Laurel Hill," she returned brightly.

"Thank you, and at the same time let me assure you that I, too, am enjoying myself exceedingly well," and Hugh bowed to the young girl, whose eyes dropped beneath the warm light admiration in his blue ones.

"I hope you will enjoy your visit, Mr. Colewood," she said to change the subject. "I know Mrs. Thurston and Ethel will do all they can to make your stay pleasant."

"Thank you; I've no doubt I shall find it pleasant," returned Hugh. "You too, are one of Mrs. Thurston's summer household, I suppose?"

"Yes, with a smile. 'You see, I am a distant relative to Mrs. Thurston, then Miss Wayne is my cousin and exercises a kind of cousinly guardianship over me, which, no doubt, is very necessary.'"

"So you are Miss Wayne's cousin? I do not remember hearing Mr. Cranston mention you. I did not expect to have the pleasure of meeting any ladies but Mrs. Thurston and Miss Wayne."

"How unkind of Mr. Cranston not to prepare you for this meeting," and there was a roguish gleam in her eyes which Hugh did not see. "I had, up to date, regarded Mr. Cranston as one of my very best friends, but to ignore me so utterly when he knew I would accompany Cousin Ethel here, looks like downright intentional neglect."

"You have not given me the pleasure of knowing your name," said Hugh, both amused and pleased with his pretty driver.

"Oh, I'm a Wayne, too," she answered, laughingly. Ethel Estella Wayne, variously nicknamed, as you will observe later on."

Two Ethel Waynes! Here was a real surprise for Colewood. Why had Cranston not mentioned that strange fact to him?

The Ethel Wayne referred to in the will was only half as animated and generally captivated as the one by his side, Hugh thought it might be an easy matter, after all, to obey that condition which had so vexed him.

Colewood received a cordial welcome at Mrs. Thurston's pleasant home. He found Miss Wayne to be a tall, dignified girl of about twenty-three, with coal-black hair and deep gray eyes. She was as unlike her little merry-hearted cousin as it was possible to be.

Yes, Hugh decided she was just such a woman as his eccentric aunt would be likely to select as a wife of her heir.

In the weeks which followed Hugh's arrival he saw a great deal of Miss Wayne, although much of her time was divided between her tastes for literature and in remonstrating against the innocent pranks of her cousin.

It did not require a long time for the young man to realize that he could never love Miss Wayne as a man should love the girl whom he intends to marry.

He made another important discovery—that his life would be a failure without the little cousin to furnish daily sunshine and wifely cheer for his own home.

He resolved to let Miss Wayne have one half of his aunt's estate and the orphan asylum of the other. He would marry the girl of his own choice, providing he could win her, and boldly fight his way through life.

Having so decided, Hugh set out for a stroll along the river, feeling more manly for his resolve.

He came suddenly upon a little figure in white, reading, in a little viney nook by the river side.

"Wait, Estelle," he called, for she had started to run away. "I shall leave tomorrow, and I have something to say to you which you must hear."

The telltale flush which swept over face and neck at his words might have given some hint of an easy surrender. However, in a moment she had regained her customary poise which had more than once exasperated Hugh.

"I'd be sorry to have you leave us with any burden on your mind," she said provocatively.

"It is needless for me to tell you why it was arranged for me to meet Miss Wayne here," he said, unheeding her light words. "You know, I suppose?"

"Some slight idea, I believe," she returned, fingering her book.

"Well, I may as well tell you that that condition of my late aunt's will will never be fulfilled."

"And why not?"

"Because I love another," he cried passionately. "Oh, Estelle! can you not see how tenderly, how ardently I love you? Without you I shall make a failure of life. Won't you show mercy, Estelle?"

"Oh, Hugh! would you marry a poor girl when you have a chance to win a dignified bride and retain those princely estates?" she asked.

"Yes, darling, I prefer you with love in a cottage to the wealthiest woman with all the estates in the world."

"Rash statement, young man."

"It is true. Do not torture me longer, Estelle. Can you love me a little?"

"No."

"Then you do not love me?"

"I'm afraid I do."

"Do not mock me, Estelle."

"I am not mocking you, Hugh," in a sweet voice.

"Then you do love me a little?"

"No, not a little, but very much."

He would have caught her to his breast, but she eluded his arms, crying:—

"Oh, there's Uncle Cranston!" and she rushed forward to greet the little lawyer, who had approached them unseen.

"I'm useless for me to ignore facts," said Mr. Cranston, pleasantly. "I did not mean to overhear your conversation, but I arrived unexpectedly and thought I'd hunt up my sprit here and surprise her. I see you understand each other pretty clearly."

"Yes, sir," said Hugh bravely. "I have decided to enjoy life in a cottage with this dear girl rather than to keep the estate with Miss Wayne."

"Love in a cottage! Oh, that's too good!"

And Mr. Cranston broke into a hearty laugh in which the girl joined him.

"Will you have the goodness to explain what amuses you so much in my statement?" asked Hugh, not a little nettled.

"Pardon me, Colewood. But really, you are the victim of your own blunder."

"You see, I have been told all about your amusing mistake. Ethel would not explain her real identity with the girl whom your aunt had selected for you, and as the other ladies believed you knew, you have remained the victim of your own mistake."

Six months later the condition in Miss Colewood's will was cheerfully obeyed.—Strand Magazine.

Not a Nourishing Diet.

An old Scotch servant attached to the household of the famous British logician, Sir William Hamilton, was as proud of his master's fame as if it had been his own, and, having picked up a few of Sir William's technical words and phrases, brought them into play on every possible occasion.

One day a gentleman who was fond of drawing out old John for the amusement of the company said to him, with an engaging air:

"I suppose, John, now that you've lived so long with such a great reasoner as Sir William, you are quite able to conduct an argument yourself?"

"Weel, I winna say sae muckle as that," replied the old Scotchman, with the modesty of true genius, "but if I canna conduct an argument, I'm thinkin' I could draw an inference."

"Could you? Let us see, then? There's an Eastern proverb, you know, about the wild ass snuffing up the east wind. Now what inference would you draw from that?"

For a moment old John looked nonplussed, as well he might, and then a gleam of sly humor twinkled in the corner of his dark gray eye, and he answered, with a grim chuckle:

"Aweel, the inference that I wad draw from that wad be that he might sniff a lang time before he grew fat!"—David Ker in Harper's.

Polly Saved the Valuables.

We had moved into a newly built house, which had all the modern improvements, the electric bell being one of them.

It was a cold winter's night. Mr. and Mrs. J. were traveling in Europe and the servants were all gathered about the kitchen fire. Polly was also near the fire, but in the dining room, which was up stairs.

She used to see our mistress ring the bell for the servants to enter, and, like a clever bird, studied on this for a long while.

On this night Polly was all alone, when suddenly the door opened and two men entered. The room being dark they could not see the bird and began searching for valuables, for they were burglars.

Polly now proved her worth. She put out her claw and pressed the button of the electric bell.

It brought the servants to the dining room, where, after a short struggle, they secured the burglars, who were about to make away with much of the valuable silver in the dining room.

Polly was fed on dainties for some time as a reward for her valuable assistance.—Cor. New York Recorder.

An Old Buccaneer.

"I recently met a survivor of Pirate Lafitte's band of freebooters," said Thomas Haines, once a lieutenant in the United States navy. "He was a tough looking specimen, and must have been well past eighty years of age, for it is more than sixty years since Lafitte had his headquarters on Galveston island and preyed upon the commerce of the Gulf. The relic of those half forgotten times was an inmate of a Jersey City charitable institution and was not much inclined to discuss bygone. He said, however, that Lafitte was a very handsome Frenchman more than six feet in height, well made and possessed of wonderful talents as a commander. He ruled the toughest lot of men ever congregated on one island as though they were a flock of lambs. Occasionally a lawless spirit would rebel, however, but his days thenceforth were brief and full of trouble. Every woman who came in contact with Lafitte fell in love with him, and he was as safe among his female friends in New Orleans as on Galveston island surrounded by his armed buccaners."—St. Louis Globe-Democrat.

Why Wear Mourning?

The custom is outworn; it is an anachronism; it clouds the spiritual significance of the resurrection with the ever-present expression of temporal loss. It is cruel; it forces helpless and innocent people into action which entails privation and unnecessary suffering. It is untruthful; it makes false outward show of changes in sentiment. And it is essentially vulgar; for it presumes private affairs upon public notice; it thrusts claims of fashion and frivolity upon a time which most greatly moves the heights and depths of being; and it forces its superficial worldliness into the fiercest throes which can ever rend human nature.

Why, then, do we still wear mourning?—Mary Elizabeth Blake, in North American Review.

A Chicago milkmaid has eloped with a clerk from the water office. Happy combination of business and bliss!—Chicago Times.

Be sure and put a box of Ayer's Pills in your satchel before traveling, either by land or sea. You will find them convenient, efficacious, and safe. The best remedy for constiveness, indigestion and sick headache, and adapted to any climate.

"Take Hood's and only Hood's," because Hood's Sarsaparilla Cures it, possesses merit peculiar to itself. Try it yourself.

If that lady at the lecture the other night only knew how nicely Hall's Hair Restorer would remove dandruff and improve the hair she would buy a bottle.

The highest praise has been won by Hood's Pills for their easy, yet efficient action.

Never Say Die.

Constipation, Biliousness, Headache, Torpid Liver, Dizziness, Lassitude, sallow complexion quickly relieved and cured by Foley's Family Pills. Sold by Billings, Upper Falls.

Foley's Family Pills are mild and effective without griping. For sale by Billings, Upper Falls.

Children Cry for Pitcher's Castoria.

The Cordial Candidate.

It is amusing to see how neighborly a man becomes as soon as he is a candidate for office where the election is decided by popular vote, says the Boston correspondent of the Springfield Republican.

Last Saturday there was in the crowd at Young's hotel a most estimable and amiable gentleman of unsuspected integrity, fair ability and experience and agreeable manners, who had his turn in the rotation system of our country districts and had retired for the next rotation, full of honors, but not of years. In the ordinary course of events the chances would be largely that he would not come to the front in political life again, but that he would be the respected object of neighborhood esteem, who "stayed to his hum and looked after his folks," and who would be in his declining years one of the best anchors of temperance and industry in this giddy and foolish world.

But there is to be, so he says, or the people want that there should be, an overturn in certain matters, and he has been pressed to run for high public office again. He appreciates the flattering nature of the call. So he came down week ago with "I am a candidate" written all over his face and with a hearty greeting for the boys. Today he has been here again and the repetition of the appearance warrants saying this much about him, which I did not upon his first advent. Of course Young's has come to a sort of political exchange, and the politicians come there by instinct. Some are too proud to be seen there, but they want the benefit of what is to be learned there and of the schemes which are concocted there. But there are different ways of doing a thing, and a little more success is usually practiced than in the case I refer to above.

The Congregationalist tells of an erring church brother in Vermont whose conscience forced him to get up in open meeting one day and make the following confession: "Brethren, my conscience compels me to confess that when boiling down my sap this spring I put into the kettle two buckets of water and sold the sugar at the same price as that made from pure sap!"

Possibly last spring you considered the question of painting, or had finally decided that you would put it over until Fall, and perhaps until another spring. Of course, it is poor economy to let the building go unprotected, and you should at once consider the question of colors and make up your mind when you are going to paint, then engage the best painter you know of.

A few hints may be of service to you. Use nothing but pure Linseed oil Paint.

If two coats are to be applied to the house, have the first one liberally thinned with Raw Linseed Oil.

Be careful to see that the building is dry, and never let the paint be applied over wet wood.

Get the best and most durable Paint, regardless of first cost, it is the cheapest in the end.

Investigate thoroughly the quality of the Chilton Paint.

Probably you can find a color card of some dealer in your town, but if you have difficulty, sent direct to the Chilton Manuf. Co., New York or Boston, and one will be sent you by mail.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Be Sure to Get Genuine COTTOLENE.

As soon as any enterprising and responsible firm discovers a new article that is a good thing, so soon do base imitations arise. This is especially true of COTTOLENE. We make no secret about the ingredients in COTTOLENE. There is no hidden or mysterious process in its preparation or manufacture. Everything about COTTOLENE is open and above board, so you know just what you buy.

COTTOLENE is a simple mixture of choice selected cotton oil and beef suet. But beware of imitations. None is genuine without our Trade Mark.

Our Trade Mark is registered in the Patent Office to protect us and our customers against counterfeiting. You will readily detect imitations of COTTOLENE by the bad quality when you come to use them, but that would be after you have bought and spent your money. Protect yourself from imposition before you buy by examining our Trade Mark and seeing that the label is on the package. We use only the most delicate fine flavored, carefully refined and clarified oil, crushed from sound, selected, fresh seed. We have taken our reputation upon the purity and wholesomeness of our product. Be sure to get the genuine COTTOLENE. Made only by **N. K. FAIRBANK & CO., CHICAGO, and 5 Central Wharf, Boston.**

SULPHUR BITTERS

ARE YOU low spirited and suffering from the effects of a disordered system? If so, Sulphur Bitters will cure you.

Is your Urine thick,ropy, cloudy, or high-colored? Don't wait! Your **KIDNEYS** are being ruined. Use Sulphur Bitters.

Sulphur Bitters will do you more good than all the Latin prescriptions of drugs and mineral poisons which will remain in your system, destroy your bones, and make you a poor, weak, and broken down invalid. No person can remain long sick who uses Sulphur Bitters. If

YOUR DAUGHTER'S FACE

is covered with ugly sores, and festering Pimples, give her Sulphur Bitters. Ladies in delicate health, who are all run down, should use Sulphur Bitters. None better.

Try Sulphur Bitters **TONIGHT**, and you will sleep well and feel better for it.

Sulphur Bitters will make your blood pure, rich and strong and your flesh hard. Get a bottle now.

ARE YOU nervous and fretful, or in delicate health? Sulphur Bitters will make a new person of you.

75c. a box of dealers. **HUDSON'S HOSE MENDER**.

Ask your dealer for a box of Hudson's Hose Mender, consisting of 4 tubes, 20 bands, and 1 pair pliers, or postage \$1.00. Extra pairs sold separately. Give inside diameter of your hose. **CHARLES E. HUDSON, Leominster, Mass.**

AT BEDTIME I TAKE A PLEASANT HERB DRINK. THE NEXT MORNING I FEEL BRIGHT AND NEW AND MY COMPLEXION IS BETTER. My doctor says it acts gently on the stomach, liver and kidneys, and is a pleasant laxative. This drink is made from herbs, and is prepared for use as easily as tea. It is called **LANE'S MEDICINE**. All druggists sell it at 25c. and \$1.00 per package. Buy one to-day. Lane's Family Medicine moves the bowels each day. In order to be healthy, this is necessary.

SIGNS ON THE BOWERY

WHAT ONE MAY SEE ON NEW YORK'S FAMOUS THOROUGHFARE.

The Most Distinguishing Feature of a Street That Has a Worldwide Reputation—An Avenue Wherein Are Found People of All Nationalities.

To those students of human nature who are quick to see the weak side of every character save their own, a trip up the Bowery and Park row is always fruitful of good results. There are so many sights, sounds and scenes novel and interesting in the stirring comedy drama, "Struggle for Bread," that the student cannot help feeling amused and interested. Then, too, the fact that nearly every one he meets is poorer than himself imparts the zest of complacency to his pilgrimage, and he steps among the hungry and wretched and the happy and careless, keeps his hand on his pocketbook and his eyes on the shifting panorama of life and makes notes.

The signs are the first things that take the wanderer's eye. He notes "A Regular Dinner for thirteen Cents" and "Two Genuine Imported Havanas for Five Cents" with interest. He feels that his barber charges him too much when he sees that he can receive tonsorial attention here for five cents, with the added luxury of bay rum for ten cents, and that a clean towel is guaranteed with every shave.

A large and gaudy cartoon extolling the merits of the "Flor de Maggie Cline Cigar" attracts his attention. A small footnote says that it is changed every day, and that while the merits of the cigar will be dwelt lovingly upon, yet the cartoons will also deal with timely topics.

A clothing store near by has a big black signboard stating that this is the headquarters of the "Society for Encouraging the Wearing of Clean Shirts," whereof the proprietor is president. He cannot but feel that the society is at once beneficial, salutary and situated in its proper field, Park row.

The notice over a dingy doorway that "black eyes will be made to look natural for ten cents" causes him some vague apprehension, as it is a silent witness that he is in the land of fistcuffs and assault and battery.

But contemplation of the chalk written words that "a Delmonico lunch goes with every glass of beer" gives rise to more kindly feelings, and he soon forgets his fears.

A red nosed man rapping with a rattan at a large and startling representation of "The Wonderful Monstrosity, Jumbato, the Elephant Boy, Half Elephant, Half Human, Now to Be Seen Alive Inside" holds him awhile. But he feels sure it is a fake and drifts on to the "Auction Sale."

A sharp eyed person in his shirt sleeves is extolling the merits of a solid gold, full jeweled, stem winding, American movement watch, cased, chased, turned and beveled, going at the ridiculously low price of four dollars. Cappers are urging victims to buy, pullers in are bawling the auction to all who pass and the hurdy gurdy behind the dime museum screen tries vainly to drown their cries by its jerky rendering of "Comrades, comrades, ever since we were boys," while the man at the door rattles the counterfeit visage of the elephant boy and cries that the admission is but a dime.

The crowd thickens; evening comes on. The "oysters and champagne" man lights his torch, Chinamen, bloused and pigtailed, heading for Chinatown; Italians with pushcoats turning toward the docks; Greeks bound for James street, negroes for South Fifth avenue, Germans for Avenue A, Hebrews for Eldridge street, all homeward bound, work worn and weary, hurry past. "Beefsteak John's" is crowded. The fifteen cent lodging houses have each their score of loungers at their dingy portals. It is night. Now the shooting galleries light up and the "ping" "ping" of the 22-caliber bullets ring down against the sheet iron targets. Men lurk in alleyways and sink out to demand alms. A crowd of roisterers come down arm in arm. They are college boys, down on the Bowery for fun.

A one eyed man has song sheets for sale. He cries his wares and sells several copies to the youths. The variety theaters open their doors and the Bowery amusement seeker surges in to see the Irish-American Four and McGuffin and McGuffin, the king pins of song and dance.

The German and Hebrew theaters are open, too, and have their crowds also. The Elite Lady orchestra has tuned up in the concert halls, and the Bowery is at its best. The bell at the family resort is clanging for the first performance, and the ticket seller opens his little window and gets his change ready.

The clothing store "barkers" redouble their efforts to catch trade by manual force, and the Bowery roars with sounds of life and trade. Saloons are doing a rushing business now. Sailors, longshoremen, mechanics, all out for drink and recreation, make up the crowd.

A new venture, the "two-and-a-half-cent-a-cue" poolroom, has done such good business that rivals have sprung up on every side. These places are all crowded. The frequenters are for the most part evil looking, low browed youths of eighteen or twenty years of age. They crowd the tables and Bowery argot makes their conversation almost unintelligible to the uninitiated. The notice that "no profane or vulgar language is allowed" seems sarcastic. It is as funny in such a place as "Bowery prices for Broadway goods" is in the Cheap John clothing store. And the student of human nature notes it in his memory along with the sign—

If I Rest I Rust.
If I Trust I Ruin.
No Rest No Trust.
No Trust No Ruin.
All Drunks Go to Ruin.

Political Dangers of the Present Day.

Our danger today does not lie in universal suffrage. It lies in the steady encroachments of wealth, in the multiplication of monopolies, in the too rapid growth of fungus millionaires, in the increasing number of well educated idlers, in the sinister prominence of the saloon in politics, in the tendency of the country to submit to bureaucracy, in the transformation of the national Senate into a club of rich men, housed and fed at the national expense, in the change of the House of Representatives into a huddle of clerks to register the decrees of greedy capital, in the chronic distrust of the people felt among book-educated and professional men; in one word, in the appalling gravitation towards government by "bottle" in the hands of unscrupulous minorities.—Rev. Carlos D. Martyn in the September Arena.

Raised the Note.—A London school-boy brought to his teacher a letter from a physician stating that "this boy is unfit to attend school for 304 days." This long and rather exact period named aroused the teacher's suspicions, and he discovered that the physician had written "3 or 4 days." This boy had changed to "304 days."

Don't Despair.—If you are weak and weary from some so-called chronic disease, don't give up. Sulphur Bitters has given hope to many invalids, where hitherto there was nothing but despair. It will build up and renew your whole system.—Editor Weekly American.

A young married lady had gone to the market to buy a goose. She was a long time in making up her mind which to choose, for none of the birds seemed to suit her. At last the saleswoman lost all patience. "Excuse me, ma'am," she said, angrily, "but your husband can't have been half so long in choosing you!"—Fliegende Blätter.

Everybody Likes to be called handsome, especially the young ladies. But that is simply impossible as long as their face is covered with pimples, blotches and sores. But wait, there is no need of this; one or two bottles of Sulphur Bitters will remove all such disfigurements, and make your face fair and rosy.—Fannie Bell, Editress.

Coughing leads to Consumption. Kemp's Balsam will stop the cough at once.

Rapid Boats Meet.

The Gloucester schooner Dart was making her way into Boston harbor in a heavy fog, which had shut down unexpectedly, and had caused a great deal of grumbling on board. The pilot, especially, was anxious and unhappy. Suddenly, at an early hour in the morning, the fog lifted a little, and the Dart's pilot saw right ahead of him a large East Indian man. The Dart's helm was quickly put down, and the schooner slid under the stern of the large vessel. Then the pilot's voice husky with fog, rose from the Dart: "Shin ahoy! What ship is that?" "Ship Reindeer, from Calcutta," came the answer promptly. "How long out?" "One hundred and fourteen days." There was a moment's silence; then the voice sang out from the Reindeer: "What ship is that?" "Schooner Dart, from Gloucester," replied the husky pilot. "How long out?" "Out all night," came the plaintive answer.—San Francisco Argonaut.

I'd like to know the population of Brooklyn—to decide a bet," he said, as he entered the office. "You'll find it in that book." After a short search he laid the book down.

"Did you find what you wanted?" "No." "The figures are given in that book." "Yes; I found that. 'It said 806,343; but that is not what I wanted, for I had bet that the population was under 750,000.'—Puck.

COPYRIGHT 1891

You're through with Catarrh, finally and completely, —or you have \$500 in cash.

That's what is promised you, no matter how bad your case or of how long standing, by the proprietors of Dr. Sage's Catarrh Remedy.

Catarrh can be cured. Not with the poisonous, irritating snuffs and strong, caustic solutions, that simply palliate for a time, or perhaps, drive the disease to the lungs—but with Dr. Sage's Remedy.

The worst cases yield to its mild, soothing, cleansing and healing properties. "Cold in the Head," needs but a few applications. Catarrhal Headache, and all the effects of Catarrh in the Head—such as offensive breath, loss or impairment of the senses of taste, smell and hearing, watering or weak eyes—are at once relieved and cured.

In thousands of cases, where everything else has failed, Dr. Sage's Remedy has produced perfect and permanent cures. That gives its proprietors faith to make the offer. It's \$500, or a cure. They mean to pay you, if they can't cure you. But they mean to cure you, and they can.

More Than Satisfied. XII

66 CHEEVER PL., BROOKLYN, N. Y., June 19, 90. For over twelve years my son has been afflicted with spasms; he would have one every two weeks until about six months ago, then even two a week. We took him to a number of first-class physicians and we tried everything and any number of remedies without deriving any encouragement in his case, and he commenced to despair of ever being able to cure him at all, when we heard of Pastor Koenig's Nerve Tonic and concluded to give it a trial. The result has more than satisfied us! It is more than three months since he commenced to take this Nerve Tonic and he has never been sick since. Please accept our most sincere thanks, for we feel that you are not only curing him of his great affliction but have saved his life as well, as we do not think he would have lived long in the condition he was in before he commenced taking your valuable remedy.

MRS. M. MOLONY.

A Valuable Book on Nervous Diseases sent free to any address and poor patients can also obtain this medicine free of charge.

This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1878, and is now prepared under his direction by the

NEWTON CENTRE.

—Hon. H. S. Washburn is at Enfield, N. H.

—Mr. Alphens W. Snow's father is quite ill.

—Harry Day has returned from his vacation.

—Mrs. Weibrecht has removed to Roxbury.

—Mr. A. C. Ferry and family are at Cotuit.

—Mrs. Geo. E. Lane has gone to Princeton, Me.

—Frank Giles is employed at Armstrong's Market.

—Mr. George E. Barrows is at Mechanics Falls, Me.

—Mrs. E. C. Wilson, Irving street, is at Bailey's Island, Me.

—Mr. and Mrs. D. T. Kidder and family have returned home.

—Mr. Charles L. Bird and family have returned from Boston.

—Miss Alice Clement is at Arlington Heights for a few days.

—Miss Harbach of Ward street is at Osterville for the season.

—Mrs. George N. B. Sherman and family have returned from Barre.

—Miss Marion Noyes, clerk at the post-office, is enjoying a vacation.

—Miss Anna S. Bird goes to Sewell and Merrimack for a few weeks.

—Mr. Samuel Tourtellot is camping in the state of New Hampshire.

—Mrs. Dr. M. E. Bates is sojourning at the Rockland House, Nantasket.

—Justin Cain of William's drygoods store, has returned from his vacation.

—Mrs. Elizabeth E. Thorpe is spending a few weeks in Northfield and Athol.

—Miss Alice M. Goodale is at the Deer Park Hotel, North Woodstock, N. H.

—Mr. and Mrs. Zadoc Long have gone to Russell's cottage, North Conway, N. H.

—Miss Emma Bond, bookkeeper at Stevens', is down east on her vacation.

—Charles Hamill expects to open his grocery store, Parker street, about Oct. 1.

—Miss Lottie Keiser, Parker street, is entertaining Miss Reed of South Boston.

—Robert Weir is absent for a few days. George Fife is driving his depot car.

—Miss Lucy E. Shannon has gone to the Deer Park Hotel, North Woodstock, N. H.

—Mrs. Levi C. Wade is in town this week from her summer home at Chatham.

—Mr. and Mrs. Ivory Harmon are at the Poland Spring House, Poland Springs, Me.

—Prof. O. B. True, D. D., of Rochester, N. Y., preached Sunday at the Baptist church.

—Dr. and Mrs. E. C. Leach are in the Northern woods of Maine for a four week's vacation.

—Miss Alice L. Sherman has returned from visiting friends in New York and Baltimore.

—Miss Stella V. McKee of William's store will commence a two weeks' vacation on Monday.

—Mr. and Mrs. John Lowell of Chestnut Hill are spending this month at York Harbor, Me.

—Mr. and Mrs. Eugene Pratt are receiving congratulations for a boy that has come to them.

—Mr. John Linnell, head clerk at Steven's store, is enjoying his vacation at his old home in Orleans.

—Rev. Henry F. Colby, D. D., of Ohio, preached at the First Congregational Church, last Sunday.

—Master Robert Leeson is with his father, Mr. J. R. Leeson, at the Profile House for the season.

—Mr. Sidney P. Clarke expects to occupy his new real estate office, opposite the depot, the first of next week.

—Mr. Charles C. Barton and Miss Catherine Barton are at the Deer Park Hotel, North Woodstock, N. H.

—Dr. S. F. Smith has gone to Bridgeport, Ct., accompanying his daughter, Mrs. Candee, who has returned home.

—Mr. Louis A. Vachon is enjoying some excellent fishing and shooting at St. Raymond, Quebec, so his letters state.

—Mr. Reuben Stone took the last of his personal property from Newton this week and is now in his new house in Berkeley.

—Messrs. E. O. Saltonstall and W. A. Dupe of Chestnut Hill are stopping at Hotel Posahtas, Gerrish Island, Kittery Point, Me.

—The addition to Mr. D. H. McWain's store in White's block, is nearing completion and he expects to occupy it by the first of September.

—Rev. Henry F. Colby, D. D., delivered an interesting lecture before the Young People's Society of the Baptist church, Tuesday evening.

—Miss Fogg, who has with her niece, been visiting her sister, Mrs. J. C. Holden for the past two months, has returned to her home in Zanesville, Ohio.

—Baggage-master Peter A. Vachon is enjoying a vacation at his home in St. Raymond, Quebec. Harvey E. Ayres of Lower Falls is taking his place at the depot.

—Miss Grace Dyer will sail for Europe, Saturday the 27th. She will spend one or two years in Florence to continue her musical education and the study of the languages.

—One of Mr. Ellis' horses with an ice cart took a spurt on Beacon street Monday morning, stirring up Mr. O. F. Smith's flower garden and leaving him more ice than he wanted for that day.

—A runaway occurred on Centre street, Tuesday, the horse becoming frightened at the steam roller. The occupants of the team were thrown out but were very fortunate in escaping serious injury.

—Among the latest arrivals at the Argyle-Winthrop beach, are Colonel and Mrs. Fred W. Wellington of Worcester, Mrs. Chesley Barton, Mr. Phillip Barton, Miss Elizabeth Barton and Miss Palmer, all of Newton Centre.

—Miss Edith Page of Chestnut Hill has gone to her extensive farm in Dublin, N. H., for the rest of the season. Mr. Calvin Gates Page, Harvard '90, and now of the medical school, will join his sister this week and remain until October.

—There are quite a number of Iron Hill men here, and the result of the recent investigations of the financial condition of the order is very disappointing. Quite a number lack only a few more months to complete the limit of seven years.

—Fred Hovey played in the Nahant tournament last week but unfortunately was attacked by illness and was unable to play his usual game. Instead of first place where he undoubtedly would have been had he been well, he was fourth on the list.

—There are letters in the post office for: Mrs. Lemuel Angevine, Mrs. Josephine

Baker, Cornelius Buckley, Mrs. Charles T. Coffin, Miss Maggie Driscoll, Filippo Falso, Ensign Hamilton (care Mr. Adams), Mrs. Cora Love, Miss Katie N. McDonald, Miss Sarah Macgowan, Mrs. Mary A. Stone, Dr. Frank Temple, Mr. Carol Thiel, George Thurston.

—A pretty home wedding took place Wednesday evening, when Miss Jennie A. daughter of Mr. John A. McAskill, Pelham street, was married to Mr. William E. Kingsbury. The ceremony took place at seven o'clock, Rev. A. J. Hughes, pastor of the Methodist church, officiating. After the ceremony a reception was held and many friends of the happy couple were present. There were a large number of presents. Mr. and Mrs. Kingsbury will reside in Waltham.

—Miss Mary W. Oliphant, daughter of Mr. John W. Oliphant, Warren street, died last week, after an illness which at the last was very brief, death resulting from consumption. She was very well known and leaves a large circle of friends. The deceased was a member of the First Congregational Church and was greatly interested in her church work. The funeral was private, taking place at 2.30 o'clock, Tuesday, from her late home, Rev. J. H. Maule officiating. The flowers were very beautiful. The interment was at Mt. Auburn.

—Mr. Francis Fitz discovered a fire in Mrs. E. H. Fennessy's stable on Cedar street about one o'clock Thursday morning. The fire was entirely destroyed and it was only by hard work that the firemen were able to save the house and other out-buildings. With the barn was destroyed two horses, two cows, several pigs, and a number of valuable carriages. The total loss will probably be nearly \$6,000. It is believed that the property was well insured. There is said to be no doubt that the fire was set by an incendiary, and the matter will be investigated. The family are away at their summer residence at Martha's Vineyard, but the stable was leased for the summer by Mr. Wales of Boston.

—A very pretty wedding was consummated at Newton Centre, Tuesday afternoon, when the youngest daughter of Rev. B. W. Barrows of Newton Centre was married to Mr. Orlando Thompson, publisher of Law Books of New York City. The ceremony was performed in the beautiful parlors of the new Baptist Church. The rooms were most tastefully decorated with tropical plants, trailing vines and flowers. The bride was assisted by the Rev. Albert A. Benne of Yokohama, Japan. There was a beautiful collation furnished and the company present numbering about 50, consisted of the relatives and immediate friends of the contracting parties. There were present friends from New York City, Yokohama, Japan, Dedham, Walpole, Boston and other places. We noticed present some prominent citizens, among whom were Judge Bishop and wife, Amos Binney from Dorchester, and Miss May Downes from Baltimore. Altogether it was a most unique and pleasing occasion, and greatly enjoyed by the company present. The collation was by mine host Paxton. The presents were numerous and costly, and included silverware, a set of china, majolica jars, and a most beautiful malacca album of scenes and views in Japan.

NEWTON HIGHLANDS.

—Pianos tuned, Farley, Newton.

—Miss Eva Denison is at Bridgewater, Mass.

—Mrs. Shaw is at Marblehead Neck for a few days sojourn.

—Mrs. Ryder of Walnut street is making a short stay at Medway.

—Mrs. P. L. Carbone is at the Orient House, Kearsarge Village, N. H.

—Rev. P. C. Headley, who has been in improving health, is now housed up again.

—Mr. Albert H. Greenwood has taken the house just vacated by Mr. and Mrs. Cole.

—Mrs. Fewkes, music teacher, has returned from her trip to Ipswich and will receive pupils at her house, Erie avenue, Sept. 1st.

—Mr. D. Bates and family, who have been on the Maine coast, have now returned home.

—Mr. and Mrs. Richard Whight will spend two weeks at North Conway and at Eaton Centre, N. H.

—Mr. B. F. Butler, Jr., and family have returned from a stay of several weeks at Lake Winnipiseogee.

—Mr. John Glover is having a house built on Terrace avenue. Mr. Daniel Hurley has the contract for same.

—Mrs. E. Moulton and her youngest son have returned from a stay of seven weeks at Kennebunkport, in good health and quite brown.

—Mr. John Weber, the baker, is having an addition built to his stable and will use the same for the storage of flour for use in his business.

—Rev. Charles P. Cresson will conduct the Union services in Lincoln Hall next Sunday morning at 10.45 and in the evening at 7 o'clock.

—Mr. C. Peter Clark and family have gone to Kennebunkport and will be guests in his father's family, who have their summer home there.

—Mr. H. A. Spinney has leased the part of the house of Dr. Burr which was formerly occupied by Dr. Bulfinch, and now occupies the same.

—Mr. and Mrs. G. A. Cole of Lincoln street have removed to Melrose Highlands, where they have purchased a house in order that Mr. Cole may be more convenient to his business.

—Mr. and Mrs. G. Avery have returned from a visit to Chelmsford, Mass., the former home of Mrs. Avery, and will go to New Salem, Mass., for a stay of several days.

—Mr. W. F. Hatch has removed from the Edmands cottage near the railroad bridge on Boylston street, and has taken a tenement in the Cooke house on the same street.

—List of letters are as follows: Rodney Campbell, J. S. Ellis, James Eagan, George Kennedy, Maggie Lynch, Charles Roy, Mr. Edward White, Mrs. Sophrinia Walton.

—Mrs. E. Thompson of Hartford street has gone to Centerville, Mass., and will be the guest of Rev. and Mrs. Cutler of Auburndale. Mrs. Thompson is a sister of Mr. Cutler.

—The prayer meeting of the Young People's Society of Christ and Church is held during this month at Deacon Hyde's, Centre street. The subject for Aug. 23, is "Heroic Christians." All interested are invited to attend on Tuesday evenings at 7.45.

NEWTON UPPER FALLS.

—Pianos for rent, Farley, Newton.

—Mr. Edward M. Billings is enjoying a week's vacation.

—Julius Woodward is in Montreal during his vacation.

—Mr. John W. Howe and family have returned from Sterling.

—Mr. and Mrs. Giles Dyson have returned from Philadelphia, Pa.

—Mr. and Mrs. W. K. Dunham have returned from Plymouth.

—Dr. Hildreth has returned from a short vacation in New Hampshire.

—Miss Nellie Osborn is entertaining Miss Nellie Place of Baldwinville.

—Mr. Wm Dyson of the firm of Cooper & Dyson is enjoying a well earned rest.

—Supt. Harry Hopkins has been quite ill at his home in Holyoke, but is now recovering.

—Wm Holiday has moved from Procter street to Otis Pettee's house on Pettee street.

—Miss Latitia Green and Mrs. Green, her mother, have just returned from Martha's Vineyard.

—Father Conley of Boston has charge of St. Mary's parish during Father Daney's absence in Rome.

—Mr. John Temperly sails Saturday for England where he will spend a one or more months vacation.

—Mr. and Mrs. John Mullen lost a little boy Tuesday, after a long illness. The funeral took place on Wednesday, interment being at Holyhood.

—A large spring was discovered this week on the U. S. Fireworks Co. plant which promises to make an additional attraction in Upper Falls. The water has been analyzed by a prominent chemist and found to contain great medicinal properties. The spring was discovered by workmen while digging on the place.

—A serious accident was barely prevented on Ellis street one day this week. Three boys of Thomas Flynn were driving down the street when they met a team and bicycle. The horse jumped toward the bank wall looking down into the house of Mr. Mullen. Mr. Mullen stood near and but for quick work on his part, horse, wagon and occupants would have gone over the wall.

—There is no street of its length in the city of Newton more travelled by visitors from out of town, than Ellis street and its approaches, and we have not yet seen in all our travelling about the city an accepted street that is more neglected. This street runs under the Echo Bridge arch, and everyone who visits the bridge must pass over Ellis street. The severe rain of last Thursday has gullied out and washed the street so badly that it is dangerous to drive over in the day time, and it is dangerous at night even for pedestrians. Great gullies nearly a foot deep have been gouged out, and the gravel washed from the street has flowed into yards of houses at the foot of the hill, covering the grass with a thick coat of street gravel, the water even entering these houses and covering the low floors. The highway authorities have had the matter brought to their attention but nothing has been done to keep even in decent repair, a street only about 150 yards long over which 2,800 carriages, by actual count, have travelled in one day, carrying their occupants to Echo Bridge.

—The fifth annual excursion, or shop picnic of the employees of the Gamewell Fire Alarm Telegraph Company took place last Saturday, when nearly one hundred of their number left Commercial Wharf, Boston, on the steamer Charles L. Mather, at 8.30 a. m., for a cruise down the harbor. Bass Point, Nahant, was visited at noon-time, and the Cafe of the Bass Point Hotel was taken possession of by the entire party, who did full justice to an enjoyable fish dinner which had been prepared specially for the occasion. The crack bowlers of the shop were given an opportunity to add to their reputation in the bowling alley and the veteran Mr. Crafts proved that his good right arm had not yet lost its cunning. Shortly after two o'clock Captain Sorensen called "all aboard" and with the exception of a few who had previously suffered the pangs of sea sickness, the entire party steamed in the direction of the fishing grounds, and were soon engaged in hauling in their rosters of fishy tribe. Fred Probert made five dollars very easily by catching the first and largest cod, while Mr. C. A. Hinckley pocketed two dollars with evident pride at having caught the smallest of the crew. Mr. Orndorff, who did their best to lessen the woes of those who had eaten too much cheese accompanied by too many bananas and had been taken unawares by the swell of the mighty ocean. This most enjoyable of all previous lake occasions was brought to a pleasing close at six o'clock, when the return to landing was made at Commercial Wharf. The generosity of the Gamewell Company in paying all the expenses of the occasion was much appreciated by the men, and testified to the good feeling existing between the company and its employees. Chairman N. F. A. Watson of the shop committee worked hard to make the affair a success in every way, and was ably assisted by W. P. Bird, Wm. Warren and Thos. King, the other members of the committee.

WABAN.

—Miss Ida Collins has returned from Cottage City.

—Mr. F. H. Henshaw spent a few days at Cottage City last week.

—Mr. Campbell is slowly recovering from a severe attack of malaria.

—Miss Maude R. Kendrick spent a few days this week at Cottage City.

—The railroad bridge on Beacon street has received a new coat of paint.

—Mr. Benj. P. Dresser has been ill for the past two weeks with malaria.

—Miss Margie Seaver left Tuesday for Hull where she is to remain a week.

—Mr. John Baxter and Miss Lincoln of Cambridge are visiting friends in town.

—Miss Coe was obliged to withdraw from the tournament on account of ill health.

—Mr. and Mrs. E. P. Seaver spent Sunday with Mrs. Prentiss Allen at Northboro, Mass.

—Mr. Alex. Davidson of Windsor Road, spent Sunday with Mr. and Mrs. L. K. Harlow at Cottage City.

—Mrs. J. F. Kent, who has been visiting her sisters, the Misses Collins, has returned to her home in Concord, N. H.

—Miss Ethel W. Ratsey of Auburndale spent a few days with Miss Maude R. Kendrick of Chestnut street, last week.

Boothblack—"Shine, sir?" Gentleman (impatiently)—"Cannot you see that my boots are blacked?" Boothblack—"Y-e-s, but it's a bad job. Guess you did it y'rself."—Good News.

—List of letters are as follows: Rodney Campbell, J. S. Ellis, James Eagan, George Kennedy, Maggie Lynch, Charles Roy, Mr. Edward White, Mrs. Sophrinia Walton.

NEWTON.

—Furnished house wanted. See adv.

—Mrs. C. J. Emery is at Wells River, Vt.

—Mr. D. F. Barber is at North Lubec, Me.

—Miss Ella M. Donkin is at Louisville, Ohio.

—Mr. C. C. Harrington and family are at Marshfield, Mass.

—Mrs. E. W. Converse, Jr., has returned from Europe.

—Mr. E. A. Whitney and family are at Ashburnham, Mass.

—Dr. A. B. Jewell and family are at Exeter, N. H.

—Miss C. W. Hyde is at Hotel Huma-
rook, Seabrook, Me.

—Mr. E. W. Gay and family are summer-
ing at Lanesville.

—Mrs. Frank Gross has returned from
Deer Island, Me.

—Mr. E. W. Williams has returned from
Portsmouth, R. I.

—Miss Wagstaff is spending her vacation
at Lacombe, N. H.

—Miss Minnie Watkins has returned from
her vacation.

—Mr. George W. Pearson has returned
from Paradise, N. S.

—Mr. and Mrs. A. W. B. Huff are at the
Oregon House, Hull.

—Mr. H. Chapin Sawin and family are at
Centre Harbor, N. H.

—Mr. J. B. Goodrich returned this week
from Deer Island, Me.

—Mr. and Mrs. E. S. Smiley are at Hotel
Churchill, Brant Rock.

—Mr. C. W. Hall and family have re-
turned from Osterville.

—Mr. C. W. Loring has returned from
Kennebunk Beach, Me.

—Mr. C. A. Drew and family are at the
Rice cottage, Plymouth.

—Mr. Carl T. Keller is at the Monadnock
House, Colebrook, N. H.

—Mr. and Mrs. J. E. Clark are at Matta
poisset for a few weeks.

—Mr. Thomas Brooke of Vernon street
is sojourning in Jamaica.

—Mr. Luke Ashley of Howes' market is
in Annesquam this week.

—Mr. F. C. Manson has returned from a
visit to South Framingham.

territory.

—Mr. W. J. Keefe of the P. O. carrier
service is spending his vacation at Pop-
pash Beach, Me.

—Miss Eleanor and Miss E. J. Robbins
of the Pomroy Home, are at Amherst for
a few weeks.

—Arthur Tobey of Morse street has re-
turned from Bennington, Vt., after a two
week's stay.

—Mr. Henry Harris has returned from a
vacation trip to Halifax, N. S., and St.
Johns, N. B.

—Rev. J. Henry George, D. D. of St.
Louis, Mo., will preach in Eliot church,
next Sunday.

—Rev. E. A. Manning has returned to
Newton and leased the house No. 76 Non-
antum street.

—Among the Newton guests at the Inter-
vale House, N. H., are Mrs. Geo. W. Shinn
and Miss Shinn.

—Miss Gertrude Hill and Master Fred
Hill of Boyd street are spending their
vacation at Naatastak.

—Mr. S. S. Crocker and family and Mr.
C. H. Crocker of Jefferson street have re-
turned from Cape Cod.

—Mr. Frank Richardson of Lebanon,
N. H., is the guest this week of Mr. H. S.
Flinn, Emerson street.

—Mrs. Grace Noyes and maid with
Master Chester Noyes are at the Intervale
House, Intervale, N. H.

—Mr. W. I. Howells and family of New-
tonville avenue, have gone from Peak's Is-
land to Bar Harbor, Me.

—Dr. George W. Bird of Boston is the
guest this week of Mr. and Mrs. E. L.
Lemon, Williams street.

—Mr. Harry Flinn has returned from a
two week's outing at Onset and departs
soon for New York City.

—Miss Annie M. Ricker and Miss Ida A.
Ricker have been stopping at the Libby
cottage, Prout's Neck, Me.

—Officer Harrison is off duty on account
of illness, and his place is being filled
temporarily by Officer Taft.

has returned from Providence, R. I., where
he has been spending his vacation.

—Rev. Benjamin H. Bailey of Malden
will preach at the Channing church, next
Sunday morning. Services at 10.30.

—Mr. Frank H. Howes of Nonantum
street will remove to one of the new
houses in Billings Park next week.

—John T. Burns has bought out Mr.
Toni's interest in the barber shop, Col-
beck, and the latter has gone to Spain.

—Rev. Geo. W. Shinn, D. D. and Mr.
Cora Rigby are among the guests at the
Hotel Madockawanda, Inner Hero's Island, I.
Me.

—Johnnot, the electrician, has just
completed the wiring of W. C. Porter's
house at Melrose Highlands for electric
lighting.

—Messrs. J. Henry Bacon, E. S. Smiley
and A. L. Gordon with their families, are
spending the week at the Churchill House,
Brant Rock.

—Mr. Hiram Barker is experimenting
with artesian wells, his object being to
secure sufficient water supply for his
starch works.

—Mr. E. P. Burnham has completed his
third century run this season. He made
the miles in 10 hours and 52 minutes in-
cluding stops.

—Inspector Henthorne recovered stolen
property valued at \$75 in Boston this week.
The property recently from the Kenrick residence,
Fairview avenue.

—Mr. W. E. Ryder, Mr. A. W. Tarbell,
Miss L. J. Manson and Miss L. F. Tar-
bell were recently registered at the
Chocoma House, Non Conway.

—Mr. Sterling Elliott is building a large
addition to his factory on Maple street to
provide room for the manufacture of his
latest unique invention—the pneumatic
sulky.

—At the Methodist church next Sunday
morning the pastor, Rev. Dillon Bronson,
will preach. There will be well attended
the evening, but a prayer or praise service
instead.

—The Waban Racquet Club plays at
Riverside, Saturday, with the Waltham
Tennis Club, and the Newton Boat Club
and Waban Racquet Club at the Waban
court, Boyd street.

—During the absence of his family until
Sept. 7th or 8th, messages for Dr. Reid left
at Hubbard & Proctor's will receive prompt
attention. He will be at his residence be-
tween 9 p. m. and 7.30 a. m.

—Miss Adair, Miss Fannie Eggleston,
Miss Kate Stinson and Miss Kate
Eggleston have just returned from a two
week's visit to Folly Cove, Cape Ann,
where they were chaperoned by Mrs.
Eggleston and Mrs. Wallace Moore.

—Probably the best cycle in the market,
perfectly simple in construction, is the
"Quadrant" of which the city of New-
ton, James H. Underwood, is general
agent. Will sell these wheels on easy
terms. E. L. Lemon, 285 Washington
street.

—Sylvester Burke has left the employ of
the Howard Ice Company to accept a po-
sition in the service of Newton's new
electric railway company. Upon closing
the duties of his former position, he was
presented by his fellow employees with a
valuable memento.

—Miss Kate Hutton entertained a large
company of friends at her home on Cres-
cent street, Monday, upon the occasion of
her twenty-first birthday. It was a pleas-
ant affair, and the young hostess re-
ceived the customary congratulations and
good wishes of those present.

—No campaign flags are as yet displayed
here or elsewhere in the city, far behind
other surrounding cities and towns in that
respect. It is a movement, however,
which is a few days more active.
Republicans of Wards One and Seven to
organize a Harrison & Reid battalion.

—The Waban Racquet Club has an ex-
cellent chance for second prize in doubles
in the interclub tennis competition. It
won at Waltham last Saturday, Condon
and Partridge beating Wadsworth and
Fuller of Belmont 7-9, 6-1, 6-4. Belmont
won in singles, Fuller beating Emery of
Waban 6-0, 6-4.

—Three suspicious looking men were
discovered by the night patrol in the square
about 2 o'clock Wednesday morning.
They had been loafing about in the
vicinity nearly an hour and were unable to
give a good account of themselves. The
men were locked up by Officers Burke and
Conroy, but were released the next day,
there being no specific charge upon which
they could be held.

—Mr. and Mrs. J. W. Farrington of St.
Paul, Minn., are visiting Mrs. Farrington's
mother, Mrs. E. H. Hames, of Walnut
street. Mrs. Hames' other daughter, Mrs.
L. W. Whitney, of Albany, is also spend-
ing a short time with her, and Dr. Whitney
is expected the last of New York arrives today
for a fortnight visit.

—The Garden City team visited Cam-
bridge, Saturday afternoon, and was de-
feated by the Beacons in a very one-sided
game. The visitors, with the exception of
Benjamin, and de Groot, with Gayton's
delivery, twelve of them striking out. The
pitching and batting of Gayton, with the
catching of Levitt, and the first base play-
ing of Shaunes' were the features.
Gayton played well for the visitors. The
score: Beacons, 25; Garden City, 3.

NEWTON GRADE CROSSINGS.

NONANTUM IMPROVEMENT ASSOCIATION
AGITATING THE SUBJECT.

The Nonantum Improvement Association
of Newton, recently organized, is giving
special attention to the best method to
be adopted for the separation of grades,
and in order to get at public sentiment
upon the subject, it is proposed to hold a
citizens' meeting in the City Hall early in
September.

Members of the city council said to favor
the plan of the Boston & Albany railroad
for an elevated roadbed through the New-
tons will be invited to speak, and Mr. John
T. Langford and ex-alderman Samuel L.
Powers will give some of the details of the
Langford plan—that of changing the loca-
tion of the present tracks and transferring
the old roadbed into a boulevard.

Residents of the Nonantum district are
inclined to favor the Langford plan, as it
would insure better railway facilities to
that locality, at present removed a distance
of about half a mile from the main line of
the Boston & Albany road. It also appeals
favorably to many other residents of the
city who object to an elevated roadbed on
account of its unsightliness and its effect
in forcing what they term a dividing line
between the north and the south sides of
the city. The Langford plan has its op-
ponents in those who object to a change
in the location of depots and who believe
that the tracks cannot be moved to a new
location except at great expense to the city.

Dr. Beaulieu of the Nonantum district is
one of the most prominent advocates of the
Langford plan. He has offered, in the event
of a change of location, a valuable tract
of land, comprising about 30 acres, for
a park. Other land owners in the
Nonantum district have offered sites for
park purposes, provided the roadbed is
changed substantially as suggested in the
Langford plan.

It is asserted that it was Colonel Cleary
who, when up in a balloon, yelled, "Be
jabs, if yez don't pull it down I'll cut
the ropes!"

The Councilorship.

The Journal last week had a letter from
Mr. E. T. Colburn, of Newton Centre,
member of the Councilor District Com-
mittee, which presents very fairly the
situation of the contest. Mr. Colburn
says:—

It has been supposed that if Newton goes
to the Councilor convention with a uni-
form delegation their choice would receive
the nomination.

Under these circumstances it is of great
importance to the city, district and Repub-
lican party that there should be no mis-
take, either in the matter of unanimity of
the delegation or in its selection of a candi-
date.

The best interest of the party demands
that the nominee should not only carry the
strength of the usual party vote for the
office but should also aid and strengthen
the gubernatorial and electoral ticket.
Such would be the case if Mr. Joseph R.
Leeson is nominated.

Mr. Leeson has resided with us for many
years, is thoroughly conversant with our
public interests, and largely identified with
our charities. In addition he is one of the
foremost merchants in Boston, and in the
various positions of trust and honor he
occupies, he has had a more varied and ex-
tended experience and larger knowledge of
the needs and wants of the business com-
munity than, perhaps, any man in our city.

When it is remembered that he is in the
prime and vigor of manhood, thoroughly
upright, able, independent and consci-
entious in discharge of all public duties,
and has never heretofore permitted the
use of his name and now consents to
stand as a candidate only after the urgent
solicitation of his townsmen, it will be
seen not only that we would make no
mistake in uniting upon him, but also that
he would render valuable service to the
party and bring strength to the party.

Mr. Leeson's candidacy is not a matter
of his own seeking, but originated with
many of the leading Republicans of the
district, among whom is Newton's member
of the Councilor District committee, and
was first publicly announced by the Boston
Journal in complimentary terms.

It has since received and is now receiv-
ing the cordial support of the Hon. Charles
A. Campbell of Chelsea, a candidate last
year in opposition to Mr. Stearns, but is
not now a candidate. Hon. Rufus S. Frost,
Hon. E. C. Fitz, ex-Gov. Claflin and many
others of the best and leading Republicans
in the district.

It is understood that Senator Gilman is
a candidate for the nomination, but it could
hardly be expected that he would add
much strength to the party ticket since he
carried his district the first time by a
plurality of only 49, and since also he has
had more than a liberal share of the
gift of the city of Newton.

It cannot therefore, be too strongly
urged upon the attention of the Republi-
cans of Newton, not only that it is of im-
portance that a delegation unanimously in
favor of Mr. Leeson should be sent to the
convention if Newton is to have the
nomination, but it would seem also that
Senator Gilman's name could not be com-
ing canvas that is needed.

E. T. COLBURN,
Member of the Councilor Dist. Committee
from Newton.

NEWTON LOWER FALLS.

—Pianos, Farley, 334 Wash. St., Newton.

—Mrs. Geo. Marshall is in Maine for
a few weeks.

—Misses Sarah and Emily Jordan are at
Kennebunk, Me.

—Miss Sarah Fuller has returned from a
trip through the West.

—Miss Dennis has returned from her
visit to Rocky Point, R. I.

—Mr. and Mrs. Fred Ford made a short
visit to Camden, Me., last week.

—Both our barbers here are absent from
business duties this week by illness.

—Miss Nellie Lyon is passing her vaca-
tion in New York City and Philadelphia.

—The Dudley Hosley Mills are very
busy having orders several weeks ahead.

—Mr. E. T. Rice and family are regis-
tered at the Forest Hills House, Franconia,
N. H.

—There is a rumor that a change will be
made in the teachers at the Hamilton
school.

—Miss Elizabeth Leonard and Miss
Arlie Leonard are at the Brant Rock
House, Brant Rock.

—Officer Seaver has been on a vacation
since Monday to continue for two weeks.
Officer Mitchell is patrolling this district.

—The friends of Dr. Sherman will be
pleased to learn that he has given up the
idea of removing to Providence and will
remain in this village.

—Mr. Mark Terry, for many years coar-
der, has removed from this village to Boston,
where he will run a cash grocery business.

—A home picnic will take place on the
beautiful grounds of St

THE CITY GOVERNMENT.

A SPECIAL MEETING TO CONSIDER THE CHEESECAKE BROOK SCHEME.

A special session of both branches of the city government was held Monday evening.

The mayor presided at the board of aldermen and all the members were present.

After the records had been approved, Alderman Coffin's motion for a recess was carried.

After reassembling, Hugh Montgomery and John Morgan were appointed private sewer layers.

A communication was received from the secretary of State notifying the board of the granting of an act of incorporation to Trinity church of Newton Centre.

A communication was received from the Boston & Albany railroad corporation notifying the board of the appointment of special officers.

The Municipal Fire alarm Telegraph Co. notified the board that they had brought suit against the Gamewell Fire alarm Telegraph Co. for infringement of patents, and that users of the latter system would be liable for damages.

BUILDING PERMITS.
Samuel W. Tucker asked for license to erect a building 44x60 feet on Brooks street, Ward One, to be used for storage and a stable, and a hearing was appointed for Monday, Sept. 12 at 7.30.

A. W. Potter petitioned for license to erect building 24x50 feet on Washington street, Ward Three, to be used as a harness shop. Referred.

J. W. Bartlett was granted permission to move a dwelling house from Hunnewell avenue to Hunnewell terrace.

D. F. Inglis asked for license to erect building 24x30 feet on Cottage place, Ward Three, to be used as a stable. Referred.

W. M. Mick was granted license to erect stable 32x45 on Parker street.

Patrick Maloy asked for license to erect wooden building on Greenwood street, Ward Two, 30x30 feet. Referred.

F. W. King petitioned for license to erect building 16x22 feet on Lincoln street, Ward Two. Referred.

W. D. Shaughnessy asked for license to erect a store 30x20 feet on Washington street, Ward Two. Referred.

Charles A. Hanley was granted license to enlarge his carriage house 6x22 feet on Washington street, Ward One.

J. E. Levesque was granted license to erect dwelling house and store 32x15 feet on Dalby street, Ward One.

A petition was received from Conrad Decker and others, Ward Six, asking for a fire alarm box at the corner of Greenwood and Dudley streets. Referred.

H. A. Jones gave notice of intention to erect a dwelling house 34x25 feet, corner of Auburn and Rowe streets, Ward Four.

A. C. Frazier asked for license to erect a building 30x36 feet corner of Pearl and Thornton streets, to be used for a tenement and store. Referred.

A. W. Peters gave notice of intention to erect dwelling house 36x31 feet on Beacon street, Ward Six. Referred.

M. J. Burley asked for license to erect a building 21x31 feet on Court street, Ward Two. Referred.

J. McGourty petitioned for license to alter building on Washington street, Ward Two, to 43x45 feet, to be used as a carriage house and barn. Referred.

H. C. Preble petitioned for license to erect a building 16x25 feet on Beacon street, Ward Six, to be used for a store. He also petitioned for an in-holder's license. Both were referred.

A GRIST OF BUSINESS.
Notice of intention to seize land of Annie A. Garrison off Chestnut street for the construction of common sewer, was referred.

V. E. Carpenter petitioned for drains and common sewer on Hunter street.

The petition of E. P. Hatch, cashier of the First National Bank, West Newton, for license to run wires for burglar alarm from the bank over the top of Nickerson's block to police headquarters was granted.

J. H. Sullivan was granted license to run one hackney carriage.

W. M. Ferris petitioned for concrete sidewalk on Hunnewell street.

An order for common sewer through Eddy from Watertown to Washington streets was passed.

Alderman Sheppard for the committee on claims reported, relative to the assessment of betterments on S. E. and J. E. Abbott, recommending that the petitioners have leave to withdraw.

Alderman Churchill presented a petition signed by owners of land adjacent to Bullough's pond asking for improvements about the pond, and offering to give their land for such improvement as was necessary. Speedy action was requested. The petition was referred to the board of health.

CHEESECAKE BROOK.
Alderman Coffin in reference to the petition of E. T. Wiswall and others that Cheesecake brook from Eddy street to the Charles river be widened and straightened, reported, recommending the granting of the petition in accordance with plans made by the city engineer. The report was adopted.

Alderman Wilson presented an order which was adopted, appropriating \$29,500 for September expenses.

Alderman Harbach reported in favor of laying common sewer on Chesley road and private lands from Beacon to Summit street, and a hearing was appointed for Monday evening Sept. 12 at 7.30.

Alderman Coffin for the highway committee, reported favoring the construction of a highway on each side of Cheesecake brook from Watertown street to the Charles river, and a list of the and to be taken was read. The report was accepted.

An order was then passed, appointing a hearing for all landowners or interested parties for Wednesday evening, Aug. 21 at 7.30.

LICENSES GRANTED.
Alderman Hyde for the committee on licenses reported on the following petitions: Granting the petitions of F. W. Young for work shop and barn, W. B. Young for carriage house and stable, A. B. Potter for harness shop and giving Geo. F. Peck for building for shooting gallery leave to withdraw.

An order was passed authorizing the highway committee to construct and repair sidewalks on Walnut from Forest to Hillside, Nevada, Parker streets, Glenwood avenue, Fayette, Cherry, Auburn, River streets and Auburndale avenue.

An order was also passed authorizing the following expenditures under the direction of the highway committee for drains and culverts: \$1,500 on Waltham street from River street to Elliot avenue, \$250 on Auburndale avenue, \$250 on Melrose and Seaverns streets, \$750 on Lake avenue to Crystal lake, \$250 on Chestnut to Linden street.

James C. Elms petitioned for common sewer on Elmhurst road, and a hearing

was appointed for Monday evening, Sept. 12 at 7.30.

H. D. Degen and others petitioned for concrete sidewalk on Centre street and in concurrence with the Common Council it was referred to the highway committee.

The petition of A. C. Frazier for permit to erect a building, corner of Pearl and Thornton street was granted.

Daniel Carey, Chestnut Hill, was granted license to drive a hackney carriage.

Stephen Moore and Jerome Sondericker petitioned for sewer on Moore street, also Henry Claffin, Lydia H. Marsh and J. C. Elms for sewer on Hunnewell avenue, and Chas. Harrington and Edward Sanderson, for sewer on Eddy street, hearings for above being set for Monday evening, Sept. 12 at 7.30.

The aldermen then adjourned.

The business of the lower branch was of a concurrent nature.

THE BOARD OF HEALTH.

A HEARING ON THE BOYD POND NUISANCE.

A meeting of the Board of Health was held on Monday evening in the assessor's room, City Hall, to give a hearing to Chester W. Kingsley, John W. Hollis and Horace W. Jordan, owners of the mill privilege and property adjacent to Boyd's pond, relative to the alleged nuisance there.

The pond has long been a source of complaint from citizens residing in that vicinity who state that the odors from the exposed banks when the water is low in the summer season are extremely obnoxious and dangerous to public health.

President Pettee presided and Dr. Baker was absent.

A letter from Chester W. Kingsley, who was out of town, was submitted, the contents of which were as follows:—

Wm. S. French, Esq.,
Dear Sir:—Your notice of August 4th, notifying me of a hearing of the 22d inst. in the matter of "alleged nuisance, power of fish, etc., at Boyd's pond and land adjacent thereto" reaches me here and I suppose Mr. Jordan is down in Maine, and Mr. Hollis not in condition to attend to business and I cannot be present in person I send you this communication on the matter.

Let me say that when the dam was built and the water power created the land flowed was in its natural state and no nuisance was created or complaint made for many years, all flowage rights were legally settled and fixed.

2d. If there is any nuisance there now it has been created by the street washings of the city of Newton, and by the citizens of Newton using the brook running into the pond as a sewage deposit, for either of which the present owners are not to blame; on the other side they have good ground to claim damages for injury to their water power.

3d. As I understand nearly all the bottom of the pond where is what is claimed as filth creating the alleged nuisance is on land owned by J. N. Bacon, Esq., which we have the right to flow, and being the upper end of the pond, and the offensive matter put into the brook has there accumulated.

4th. The only way that I can see to at once abate the nuisance, if one exists, is to fill the pond with water and keep it full; in other words cease to use the water for power. By doing so the entire surface will cease to be exposed and fermentation will cease.

5th. Last spring your city engineer claimed that the overflow of our dam was higher than by law it ought to be, which was "fifteen inches below the crossbeam over the gates." A few years ago the dam was rebuilt and as the present crossbeam was more than fifteen inches below the water level, the gates were authorized him to lower the gates until we could ascertain what was the true state of the case. He did have the gates cut down several inches, this of course uncovered more of the deposit at the upper end of the pond and if there was any nuisance, now it was much the worse. We have now consulted with the man who rebuilt the dam and received a letter from the engineer who had charge of the rebuilding, and we are satisfied that the gates were right before your engineer cut them down. That the crossbeam above the gates was raised to give better facilities to open and shut the gates, but the overflow was left precisely where the award of the privilege fixed it and we want the gates restored to where they were before your engineer cut them down.

6th. For one of the owners, if there is a nuisance existing which ought to be abated, we are willing to allow the pond to remain full and not draw it down for power provided the city of Newton will save us from pecuniary loss by so doing.

Yours truly,
C. W. KINGSLEY.

Mr. Hollis was present and was also represented by Francis Burke of Brighton.

Mr. Burke said the property owners wished to understand the matter thoroughly and were desirous of meeting the board of health with a view to abate the nuisance if one really existed. He said if there was a nuisance there the city had a perfect right to abate it and the owners were disposed to cooperate with them.

The mayor who was present at this time said it was the desire of the city to do away with the pond and water privileges and to wall the brook up, this seeming the best way to stop the foul odors now so dangerous. He understood that the Watertown authorities were willing to cooperate with this city in abating the nuisance. The value of the water privilege to them could best be suggested by the owners. Mr. Hollis said he was unprepared to name the value of the water privileges but if the hearing could be continued for one week he would be able to come to some decision.

The hearing was therefore continued to next Monday evening, August 29, at 7.30.

SEWER MATTERS.
The regular business of the board was taken up after the hearing.

Clement Gallahan of Tremont street asked an extension of time to connect with the sewer and was given until November 30.

Benj. Merritt's time was extended to November 1.

J. N. Bacon was given until October 1, to complete the plumbing in Elliot block and the Speare and Toller houses.

Mrs. Ford, administrator for the Welch estate, Waban street, was refused an extension of time.

Geo. Bridges, Washington street, was ordered to connect with the sewer by November 1.

Francis Murdock for a house on Jefferson street, was given until November 10.

The following parties had not complied in any way with the orders of the board: Nonantum street, Julia A. Brazier; Waltham street, Helen T. Hillis;

Washington street, Newton National Bank; Centre street, Isaac S. Parsons; (Howe's block); Brook street, Edward F. Waters and A. R. Clapp; Elmwood street, Anna M. C. Walker.

The agent was instructed to notify them of the expiration of their time, and that they must comply with the order of the board.

City Solicitor Slocum said in answer to request that for those who failed to comply with the orders of the board, the statutes provided a fine not exceeding \$200.

Mr. Staples moved, and it was voted, to insert a copy of this statute in the notices ordered sent out.

The matter of connecting the Whitman stable with the sewer, the board voted to decide after investigating the premises on their next field day.

A communication was received from Thomas Hooban entering complaint against the Welch and Mague piggeries.

John Leahy's time for sewer connections was extended to Dec. 1.

Wm. Pingree was given an extension to his Highcock of Hollis street was granted two weeks extension of time.

A communication was received from John Leahy's time for sewer connections was extended to Dec. 1.

Wm. Pingree was given an extension to his Highcock of Hollis street was granted two weeks extension of time.

A petition from C. B. Lancaster to allow to empty night soil on the Cotton farm was refused.

Edward Dumar was ordered to comply with the city ordinance.

A complaint was received about the Strong stable, Tremont street, and the board ordered that the straw used for bedding be deodorized.

On their next field day the premises of Mr. Moran, Shamrock street, will be visited.

A communication was received from H. S. Pearson relative to cesspool in answer to request of the board.

The following were authorized to keep fowl, live stock, etc. Edwin W. Gay, two cows and live fowl; E. Jurado, Mague's court, live fowl; C. W. Leonard, Forest avenue, live fowl; L. K. Ball, Griffin avenue, live fowl; Charles F. Hall, Dedham street, 10 cows and live fowl; David Hall, Nahanton street, 18 cows, 10 pigs and live fowl; L. R. Stone, Vernon street, two cows; J. S. Carey, Dedham street, 50 cows, 8 horses, two sheep, 10 pigs and live fowl; G. W. Butters, Nahanton street, cows, pigs and live fowl; John McNamara, Watertown street, live fowl.

Henry H. Read, Ridge avenue, petitioned for license to keep two cows during the winter.

E. L. Pope entered complaint against Mr. Read's stable, and the board will visit the premises on the next field day.

Peter Morrison's petition to keep fowl was referred to the agent.

J. B. Taylor petitioned for license to keep fowl.

A complaint against Mr. Taylor's fowl was received from E. J. Shaylor.

The petitioner was given leave to withdraw.

The board then adjourned.

Literary Notes.

The novel by Miss Mary Angela Dickens, granddaughter of Charles Dickens, entitled *Cross Currents*, is ready for publication in Appleton's Town and Country Library. The London Spectator has said, that had the veteran writer lived to see it he "would have found pleasure in the thought that, after he was gone, the name of Dickens would still be honorably associated with imaginative literature. *Cross Currents* is not only an excellent novel, but it is distinguished by a kind of excellence which is exceedingly rare in the work of a beginner. . . . Every page inspires one with a desire to meet its author again."

Prof. J. J. McCook, of Wesleyan University, has made a thorough study of the causes and the extent among people of the several nationalities of the United States in Connecticut; and the proportion of purchasable citizens is alarming. He will publish his investigation of the subject in the September Forum.

Julian Ralph, in an important article which will be contributed to the next number of Harper's Bazar, will relate what women have done and are doing in the preparations for the great Fair, and how their work will be represented there. In the same number of the Bazar, Helen Marshall North will begin a series of valuable papers, entitled "My Lady Spinster," which will be of especial interest to unmarried ladies who have attained to the dignified title of "old maid."

"Fox-hunting in the Genesee Valley" will be appropriately described in a highly interesting paper by Edward S. Martin, in Harper's Magazine for September. The article will be handsomely illustrated from drawings by R. F. Zogbaum.

Harper's Magazine for September excels in the variety and value of its illustrated articles and in the high quality of its fiction. "Fox-hunting in the Genesee Valley" by Edward S. Martin. Laurence Hutton begins a short series of interesting papers on "Collection of Death-Masks." Theodore Child concludes his very valuable series of articles on "Literary Paris." A characteristic New England town meeting is described by Anna C. Brackett in "The Aryan Mark." The series of essays by James Russell Lowell on the Old English Dramatists is continued in an article on George Chapman, reviewing some of his tragedies and his famous translation of Homer. Julian Ralph writes on "Washington: the Evergreen State." The fiction of the number is well represented in a novelette by A. Conan Doyle, entitled "Lot No. 249;" an amusing short story, "The Souvenir Spoon," by Margaret Sidney; the fifth chapter of Mary E. Wilkins' New England novel, "Jane Field," and the seventh instalment of William Dean Howells's serial, "The World of Chance." There are several poems. George du Maurier illustrates "An Unpleasant Social Duty," by the Editor's Easy Chair, by George William Curtis, and Editor's Study by Charles Dudley Warner there are, as usual, timely discussions of a variety of topics.

Not only does this great country supply Europe with bread, but it is going to supply it with fruit. The flying steamer *Majestic* took the first load of California fruit across the ocean to England recently. The luscious pears and peaches were shipped in refrigerator cars across the continent from California to New York, thence to refrigerators in the steamer, held on to England. When the packages were opened they were in good condition and the fruit was sold at auction in London. It does not seem as if the fruit raising business would be overdone in California yet awhile.—Ex.

Servant (in an intelligence office).—"How many in family?" Husband—"Three." Servant—"What do you pay?" Husband—"Five dollars." Servant—"Where do you live?" Husband—"Oh, don't bother about that. We'll move anywhere you wish."—Life.

INTERCLUB TENNIS.

PRESENT STATUS OF THE PLAYERS IN THE LEAGUE.

The final games in the Interclub Tennis League are to be played off next Saturday. There are several postponed matches, however, and the final games will not probably be played until the middle of next month. Things have changed somewhat in the league, and the clubs seemingly having little or no chance for a prize have pushed toward the top, and the clubs looked as sure winners have lost game after game.

The Wellesley Hills club is sure of first prize in both singles and doubles. For second prize in singles the Belmonts are at present in the lead, having won seven matches and lost seven. The Somervilles are after second prize, and have two postponed matches to play. Should they win all three and the match with the Newton Boat Club, which is probable, they will stand an excellent chance. In doubles, the Waban Racquet Club is now in the lead for second prize, having won eight matches and lost six. Should they win from the Walthams Saturday they will be almost sure of second place. There most formidable opponents are the Somervilles, who may finish tie. The prizes have not been selected yet, but a meeting of the league will probably be held within a week and arrangements perfected for the dinner to be held sometime in September. The league has accomplished the purpose for which it was organized by President H. A. Flinn—that of awakening interest in the suburbs of Boston in the delightful game of tennis.

Throughout the season interest in the league has not abated in the least, and it seems as though the Interclub Tennis League has a bright future.

The games last Saturday resulted as follows:

At Newton the Wellesley Hills won both matches. Noon defeating Shaw of the Somervilles, 6-1, 6-2; Noon and Hill defeating Baldwin and Shaw, 10-3, 8-6.

At Waltham the Wabans won doubles, but lost the singles to the Belmonts. Fuller beat Emery 6-0, 6-4, and Cordell and Partridge beat Fuller and Wellington, 7-9, 6-1, 6-4.

At Belmont the Newton Boat Club defaulted to the Walthams.

The final scheduled games to be played are as follows: Waban Racquet Club vs. Walthams at Riverside; Belmonts vs. Wellesley Hills at Waltham; Somervilles vs. Newton Boat Club at Newton (W. R. C. grounds).

The standing of the clubs is as follows:

DOUBLES.

Belmont T. C.	2	1	2	0	1	6
Newton B. C.	1	1	0	0	1	2
Waban R. C.	2	3	1	1	1	8
Waltham T. C.	1	3	1	1	0	5
Wellesley H. T. A.	2	3	2	3	1	12
Somerville T. C.	2	1	2	1	1	7

SINGLES.

Wellesley Hills	Won	Lost
Belmont	7	2
Somerville	6	6
Belmont	6	6
Waltham	5	7
Newton Boat Club	4	10

DOUBLES.

Wellesley Hills	12	Lost
Waban Racquet	8	6

Newton Boat Club	2	12

Ayer's Hair Vigor
Makes the hair soft and glossy.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."

—Wm. Henry Ott, alias "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor
Prevents hair from falling out.

"A number of years ago, by recommendation of a friend, I began to use Ayer's Hair Vigor to stop the hair from falling out and prevent its turning gray. The result was most satisfactory. Occasional applications since have kept my hair thick and of a natural color."

—H. E. Basham, McKinney, Texas.

Ayer's Hair Vigor
Restores hair after fevers.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to use Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."

—Mrs. A. Collins, Dighton, Mass.

Ayer's Hair Vigor
Prevents hair from turning gray.

"My hair was rapidly turning gray and falling out; one bottle of Ayer's Hair Vigor has removed the trouble, and my hair is now its original color and fullness."

—B. Onkrupa, Cleveland, O.

NEWTON TARIFF REFORM CLUB.

The Tariff is a Tax.

Every person interested in the subject of the Tariff is cordially invited to take part in the discussions carried on in this column. Respectful consideration will be given to inquiries, criticisms, and communications of every kind whether coming from Tariff Reformers, Free Traders or High Protectionists. Address Secretary of the Tariff Reform Club, Newton, Mass.

FOR PROTECTIONISTS TO ANSWER.

TWENTY QUESTIONS ON THE TARIFF ASKED BY THE NEW ENGLAND TARIFF REFORM LEAGUE.

The New England tariff reform league has issued a set of twenty questions upon the tariff which are expected to set the protectionists thinking, and are hoped to be as strong in their way as the similar twenty questions which the league issued in 1888. These have been prepared by Jabez Fox of Cambridge, and will be distributed by the league as a campaign document. The questions are fortified by citation to the very place where the authority is to be found, so any one can verify them and see if the implication in them is erroneous. Without these references, the questions are as follows:—

1. With a duty of 22-10 cents a pound, or 70 per cent ad valorem, 1 per cent of all the tin plates we use are made in this country. To enable the galvanizing iron trust to make \$200,000 worth of American tin plates the American public has to pay an annual tax of \$15,000,000. How much more nourishment will this particular infant require in order to become a truly American infant?

2. Carroll D. Wright, United States commissioner of labor, declares that the actual cost of manufacturing a ton of steel rails in this country is not more than \$3.50 greater than it is in England. The duty is \$13.44 a ton. What becomes of that odd \$10?

3. With a profit of \$10 a ton upon an annual output of 3,145,000 tons, how much can the steel rail trust afford to pay to the Republican campaign fund for the perpetuation of the McKinley tariff?

4. If the object and effect of a high tariff is to raise the rate of wages, why have there been more than 250 strikes and reductions of wages in the protected industries since the adoption of the McKinley tariff?

5. If the increase of \$1,052,573 in our exports to Brazil from 1891 to 1892 is due to our "reciprocity arrangement" with that country, what caused the increase of \$2,255,067 from 1890 to 1891, before Republican reciprocity had broken out?

6. If, as protectionists assert, it is a sign of national prosperity to sell more than we buy, how much statesmanship is there in a policy which cultivates trade with Brazil and Cuba, where we bought last year \$144,944,990 and sold \$20,345,134, and obstructs trade with Canada and England, where we bought last year \$235,157,797 and sold \$455,257,781?

7. If, as Mr. Sherman has said, a protective tariff tends to lower the price of the protected article, how can Mr. Carnegie, with his neat device for sealing wages down as prices go down, expect to satisfy his workmen that the protective tariff is made for them?

8. The woolen schedule of the McKinley tariff prepared by the national association of wool manufacturers, of which William Whitman is president, has raised the duty on the goods made by the Arlington mills, of which Mr. Whitman is treasurer, from 60 per cent to 80 per cent. Even before this increase Mr. Whitman reported the average earnings of his mill for a period of 20 years to have been 20-8-10 per cent per annum. And now Mr. Whitman declares that the tariff should be let alone, and he roundly denounces those who are "always eager to engage in crusades of tariff reform at the expense of other people." Are there enough "other people" of Mr. Whitman's kind to outvote us at the next election?

9. After an uninterrupted application of the home market theory for 20 years we find 900 abandoned farms in Massachusetts. How many more mortgages does it take to buy a home market?

10. If, as Mr. McKinley now asserts, "the foreigner pays the tax," why did he strike off the sugar tax, which yielded to our government an annual revenue of \$55,885,873-83?

11. Why did he give a bounty of two cents a pound, paid by American taxpayers, to the Louisiana sugar planter as a substitute for the foreign-paid tax on imported sugar?

12. Why did Mr. Whitman demand a tax of 44 cents a pound on imported dress goods as "compensation" for the duty on imported wool?

13. Why did W. C. Cronmeyer, secretary of the American tin plate association, demand a higher duty on tin plates; Thomas G. W. Bradley, "president of the New York knife company," a higher duty on jackknives; James W. Inches, "president of the American mineral water association," a higher duty on mineral water; A. E. Richardson, "president of the American milk sugar company," a higher duty on sugar of milk; and so on to the end of the chapter? Were all these patriots animated by the desire to have the foreigner taxed more heavily for the purpose of our government? If so, how does it happen that the bill which they framed is entitled a "bill to reduce the revenue?"

14. If, as protectionists assert, "free trade" has always worked disastrously, why is England more prosperous than any other European country, and why did Francis DeWitt, secretary of the commonwealth of Massachusetts say in 1850, 10 years after the passage of the Walker "free trade" tariff: "The result exhibits a rapid and substantial growth in our industrial resources which is believed to be without parallel in the history of the world?"

15. Why did all the Massachusetts members of Congress in 1857 vote to make the low tariff of 1840 lower still?

16. If a low tariff means low wages, why does our Republican consul in the free trade colony of New South Wales declare that "labor is better treated and better paid here than anywhere else on the earth?"

17. When Mr. McKinley said, reporting his bill: "In every case of increased duty importations will fall off," and when Senator Everts said: "Trade between nations stands for war," and when Senator Hawley said: "Transportation I know is a calamity," did these men imagine that the Boston Journal would discover two years later that the McKinley tariff actually stimulated foreign trade?

18. When President Harrison said in 1891: "I cannot always sympathize with the demand which we hear so frequently for cheap things. Things may be too cheap," did he know that Senator Aldrich would show in 1892 that the McKinley tariff had made things very cheap indeed?

19. If free competition means equality in wages, how could we send abroad

\$872,270,283 worth of the products of our high-priced labor last year to be sold in free competition with the pauper labor of the whole world?

20. If, as the Republican platform asserts, a duty should be levied upon imports "equal to the difference between wages abroad and at home," why is the duty on steel rails \$13.44 a ton when the difference in labor cost is only \$3.78 a ton? And why is the duty on pig-iron \$6.72 a ton when the difference in labor cost is only \$2.24? And why do we impose duties on copper, sewing-machines, agricultural implements, clocks, watches, breadstuffs, provisions, and numerous other things which are produced more cheaply here than anywhere else on earth?

How They Were Cured.

"I'll tell you, Daisy, something nicer than playing dominoes," said Kitty, packing them neatly away in the box. "It's to help each other improve."

"How?" asked Daisy, settling back into her chair for a "good listen," as she said when a story was in order.

"Well, just this way. 'We'll get a little blank book, and then write down each other's faults; then trade books, you see.'"

"Splendid!" cried Daisy, skipping out of her chair and clapping her hands, "and we'll have it for a secret, and not tell anybody."

Daisy lived next door to Kitty and they were almost constantly together during their waking hours, and, aside from occasional little "spats" which never lasted but a moment or two, they were the most peaceable of playmates, and it gave one pleasure to see them together.

The program was changed completely now. Instead of playing in their usual happy and contented way, they fell to studying one another critically, and making laborious entries in the little books.

A coolness and a feeling of unfriendliness, such as they had never before experienced, gradually came between them. The day at length arrived when the books were to be revealed to each other's faults. Daisy came over, and, with many misgivings, the books silently changed hands, and they sat down to read.

For a long time the ticking of the clock and the purring of the kitten in the window were the only sounds in the room. Then a little book came flying across the floor, turning many somersaults before it collapsed utterly, and an angry voice exclaimed:—

"You are just as mean as you can be to write such things about me!" and Kitty's tears began to flow.

"Well, you're a hateful old thing, and I shall never come to see you again. So there!" and Daisy, donning out of the house in high dudgeon, too angry and hurt to even think of her hat.

Kitty threw herself on the sofa, and here her mother found her, bundled into a dejected little heap in one corner of it, crying bitterly.

"Why, Kitty! what is the matter, and where is Daisy?"

"Gone home; we've fit," sobbed Kitty. "Impossible! How did it happen?" exclaimed her mother, sitting down beside her; and by a few adroitly-put questions she learned the trouble, and, picking up the book off the floor, read the following:—

KITTY'S FAULTS.

Don't bite your nails so much.
Don't go so big in your white hat.
Don't throw your glove on the floor.
Don't sit on your foot, it's improper.
Don't be mad when Freddy Blake gives me gum drops.
Don't carry my doll by the leg.
Don't blow on my bird when he sings to loud.
Button up your shoes, I do.

DAISY'S FAULTS.

Don't throw your bonnet in a chair.
Don't get mad when I dress the kitten in my doll's best things.
Put your hand over your mouth when you yawn.
Don't act so silly in Sunday school.
You make me sick.
Don't think you are so smart sometimes before the boys.
Don't open your mouth so wide when you laugh.

With difficulty Kitty's mother repressed a laugh that threatened to burst forth, and said:—

"We cannot expect to keep our friends if we criticize them in this way. We find it hard to bear when told our faults in the kindest and gentlest manner. Our enemies are ever ready to enlighten us on that score, and even then it does not wound as when a friend takes us in hand. It takes any amount of tact, my dear, and, instead of searching out the faults, it is better to find out the good qualities; then you will always be at peace with them and yourself, also. Now you would better write a note to Daisy at once and make up. You can't afford to lose her friendship, nor she yours."

Kitty dried her eyes and sat down to write. When she opened the gate to carry the note to Daisy, she spied that little girl coming out of her own, evidently on the same errand.

They hurried towards each other holding a note at arms length before them, with a look at once timid and questioning; then a smile of forgiveness beamed from both faces, and feeling that the trial was at an end, they sat sociably down on the edge of the sidewalk and read their respective notes. Daisy's to Kitty ran:

My Dear Kitty I am not mad no more and hope these few lines will find you the same.
Yours sincerely, DAISY.

And Kitty's:—

Dear Daisy I am sorry we tried to improve. Come over mamma is going to make caramels, p. s. and get your hat. Yours respectable, KITTY.

"We won't ever do it again, will we Kitty?"

"Never! Mamma says we must use 'tacks' when we tell faults."

"Tacks! how?" asked Daisy, wondering.

"Oh, I can't tell how," said Kitty, feeling herself in deep water. "I suppose we'll know when we're grown. Come Daisy, there's mamma at the window putting on her apron," and hand-in-hand they hippity-hopped on the walk as happy as two nice little girls could possibly be.—Advocate.

Little Boy (pointing to window of rubber store)—"What's them?" Mamma—"Those are diving suits, made all of rubber, so the diver won't get wet." Little Boy—"I wish I had one." Mamma—"Why, what for, my dear?" Little Boy—"To wear when you wash me."

"Be sure and come home to tea, auntie," said Marie. "We're going to have something perfectly malicious."

The Osborn Case.

Mr. Potter makes a better witness, from a certain ingrained veracity, inherited from his father, the late Robert Potter, than does that lively Republican lobbyist, Osborn the briber, in his astonishing testimony at the municipal court. How Osborn could have expected anybody but a candidate for office to believe his evidence about a conspiracy against him, and his own unselfish industry at the state-house, passes all comprehension. Such candidates, especially on the Republican side, and in Middlesex county, are very shy of running counter to a "worker" like Osborn, who has the country commissioner, the clerk of the court—rather too frequent a witness now-a-days in cases of fraud—behind him, and has perhaps succeeded the late Tom Marsh in the secret service of the Middlesex club. It is quite true, as one of your correspondents has intimated, that great efforts were made by a semi-official clique to prevent any actual trial of Osborn for bribery; but the sudden employment of Judge French as prosecuting attorney threw their forces into confusion, and well-nigh abashed the impudent Gilman himself. His associate, E. B. Callender, himself a notorious lobbyist and the partner of Tom Marsh in some of his state-house enterprises, did not appear actively in the case,—no doubt for good reason,—but he was in the background ready to assist Osborn and Gilman in their noble effort to expose a conspiracy of country members in the General Court against the immaculate virtue of Osborn. If Mephistopheles did not laugh when he heard Osborn testifying and Gilman pleading, this week, it must be because he has lost the power of grinning at suffering honesty.—Boston Cor. Springfield Republican.

The Iron Hall Disaster.

The time is therefore opportune for renewing the movement for the repeal of the statutes authorizing such schemes to be worked in Massachusetts, says the Springfield Republican. It was the Iron Hall which first appeared here and which was altogether instrumental, through its eminent attorneys, in forcing the door open in Massachusetts for itself and the brood which its example hatched out in our midst; and this same concern has been the backbone of the fight in the state-house to prevent the enactment of hostile legislation. The cowardly performances of the last Legislature on this question have not been forgotten. They were for the most part the work of the Iron Hall agents, who, by means of a large sum of money, persuaded and intimidated members, a majority of whom were weak-kneed enough to yield to the threats of dire political consequences. These members must feel pretty cheap now. Anyhow, with the Iron Hall in a state of collapse, and all the others nearly so, those political consequences do not appear very formidable at present. Thus even a Legislature of little courage or virtue might now be moved to outlaw the whole brood of endowment swindles. The opportunity should be taken before new set of similar schemes has been put on foot.

Don't Despair.

If you are weak and weary from some so-called chronic disease, don't give up. Sulphur Bitters has given hope to many invalids, where hitherto there was nothing but despair. It will build up and renew your whole system.—Editor Weekly American.

Everybody Likes

to be called handsome, especially the young ladies. But that is simply impossible as long as their face is covered with pimples, blotches and sores. But wait, and use one of our two bottles of Sulphur Bitters will remove all such disfigurements, and make your face fair and rosy.—Fannie Bell, Editress.

Coughing leads to Consumption. Kemp's Balsam will stop the cough at once.

Nervous Passenger (on southern rail road)—"Conductor, why are we running at such a frightful rate of speed?" Conductor (reassuringly)—"There's a rotten bridge, madam, half a mile ahead, and we want to get over it with as little strain as possible."—Brooklyn N. Gazette.

Just a Friendly Tilt: Magistrate.—You are charged, sir, with hitting the prosecuting witness, McFadden, with a brick. Guilty or not guilty? Mr. Grogan: Please, y'r onner, 'twas a very soft brick. Mither McFadden is a friend of mine.—Indianapolis Journal.

"Oh, dear!" sighed Henry, whose clothes are all made of his papa's old ones, and who does not like it; "papa's had his mustache shaved off, an' I suppose I got to wear it now."—Harper's Young People.

A Wife's Economy. He—"I am delighted with my new doctor. He promises to make my rheumatism disappear within a month." She (shocked)—"But then we shall have to buy a barometer."—Le Figaro.

turned by mail unless stamps are enclosed.

THE NEWTON GRAPHIC HAS BEEN CONSOLIDATED WITH THE GRAPH.

SEWER ASSESSMENTS.

The ordinance committee are reported to have at last begun their wrestle with a sewer assessment ordinance, and they held a meeting recently to hear the views of the members, and of others of the city council who had anything to say. It is reported that there were a number present and that there was a marked divergence in their views. The old ordinance which put all the cost on the land is still held in great favor by some, who want the new one to be just as close a copy of it as the new law passed at the last session, and which was presumably favored by the legislative committee of our city council, will allow. We say presumably, as none of the legislative committee appeared during the several weeks it was under consideration by the legislature to oppose any of its provisions.

This law provides that the city shall pay not less than one fourth of the cost, and the justice of this provision is self-evident. In the course of the hearings, Mayor Mayberry of Waltham, who favored the new law, said that there was a piece of land in Waltham assessed for \$700, and if all the cost was placed on the land, this piece would be assessed for \$2,000. We presume there are several such lots of land in Newton, which contain no buildings and which will probably not be built upon in years, if ever.

It is said that all parties are agreed in recommending that the city shall only pay one fourth, which is in the nature of a compromise. The divergence comes upon the way the remainder shall be assessed. Alderman Harbach, who was the chief advocate of putting all the cost on the land, and those who follow him, want the whole of the remaining three fourths assessed upon the land, without any regard to whether such land is improved or not, or whether in the nature of its location it can ever be improved.

Alderman Sheppard and a number of others believe in seeking some more equitable method, and favor putting one-half the cost on the land, and making the other one-fourth an annual assessment, divided up according to the amount of water emptied into the sewer, as can be easily done by an inspection of the water bills. There would be some justice in this, as a concern like the Nonantum Worst Company, which empties thousands of gallons into the sewer, would pay more than the owner of a lot of swamp land of the same size on which there are no houses.

The cost of the sewers, it is now ascertained, will be at least \$2,000,000, and a quarter of this would be \$500,000. There are some 4,000 water takers in the city, and dividing this among them in annual assessments for 30 years would bring great relief to the small property owners, or those holding unimproved and cheap land, who will find it hard enough to pay an assessment for half the cost of building the sewers.

The ordinance committee have thus two plans to choose from, and the latter one outlined above, would seem to appear to them as possessing more elements of fairness than any that has yet been presented. In the very nature of things no method of laying sewer assessments can be perfectly fair, and therefore the plan adopted should be as nearly fair and equitable as the nature of things will allow.

A DIGNIFIED POSITION.

It is always interesting to observe the position assumed by candidates for office. There is the old-fashioned way of accepting an honor if it is offered but refusing to work for it, and there is the new-fashioned way of the candidate holding out his hat to every one who meets and begging for votes and support. The first is more dignified and the one who follows it preserves his own self-respect, but the latter course is the more often successful and explains why so many men of no particular fitness so often secure high office. Instead of nominating the best man for an office, it has unfortunately grown to be the custom in too many cases to choose the one who asks for it most persistently.

The attitude of Mr. J. R. Leeson is a case in point. He left Newton on his vacation before the heat of the contest began and will remain away until the last of September. His attitude in regard to the nomination is most dignified. While he recognizes that the support of his fellow citizens of Newton, his friends and neighbors, would be an honor which any man might be proud to receive, he yet feels that it is due to his dignity and self-respect not to detract from

the honor by going about soliciting assistance. He has asked no man for his vote, no man for support. He did not suggest himself as a candidate for the nomination, and the mention of his name was entirely spontaneous, and the natural result of the respect that is felt for him by all who know his high character, his sound judgment and his wide experience. While it would be much to be deplored if men like him were not ambitious for public office, it is refreshing to find so general and hearty a desire for the nomination of a citizen who is willing to leave the matter to be settled, as this question will be, by the votes of the men who have known him in public and private life for years.

If those who know him well believe him to be a fit man for the place it is their duty and their privilege to honor themselves and him by giving him a unanimous delegation from Newton.

For the city to buy Boyd's pond, if it could be purchased at a reasonable sum, and fill it up, would seem to be the most satisfactory way of getting rid of what is regarded by all the residents in the city as a nuisance that is dangerous to health. According to the best authorities it is such bodies of water, which are drawn down in summer by those who own the water privileges, that are dangerous places to have and liable to become plague spots. In warm weather, the mill owners desire to use the water, and as the water in summer is generally low, a great deal of foul smelling land is left uncovered, to become offensive to every one living in the vicinity. A good deal of low land is drained by the stream that flows into Boyd's pond, and the drainage would be much more effectual by tearing down the dam, and filling up the pond. In the years that the pond has existed, a good deal of sewage has found its way there and the dam has held it back, until the whole bottom of the pond has become about as bad as the bed of Charles River below Watertown, and it smells just as bad when uncovered. The dam also prevents the free flow of water above the pond and makes a wet marsh of many acres, which is not a healthy thing to have in the centre of a city. If the owners are disposed to be reasonable, they can get a fair price for their water privileges, but if they hold out, the local boards of health may call in the services of the state board of health, with results that might be far less satisfactory to the owners.

In our last issue we said we were hardly in condition to throw stones at Newton until we had done all that we could to abate this nuisance, but after such an onslaught, we feel impelled to ask if it can be considered maintaining a nuisance to have all the fifth of a large city like Newton, dumped at our door in such quantities that you cannot remove it single handed. We maintain that the guilty city itself should shoulder part of the blame, and assist in abating this nuisance. The GRAPHIC should not descend from its usual lofty height to bear false witness against its neighbor.

The above is from the Watertown Enterprise in response to our mild statement of facts, in regard to the amount of fifth Watertown throws into the Charles River. If the whole city of Newton contributes as much filth to the Charles River as any one of a half dozen Watertown factories that might be named, we will cheerfully admit that Newton should take immediate action in the matter. Watertown prides itself on keeping the land on both banks of the river, but it seems to take no responsibility along with the land, and lets its factories pollute the stream without hindrance or regulations.

WHAT has been called "The Cheese-cake Brook Boulevard" from Watertown street to the Charles River, is a very high sounding name for a very moderate sized street, which would never, in the nature of things, be very attractive. Cheese-cake Brook is not, in its lower portion, a thing of beauty, and it would take very radical measures to make it a joy forever. Still something ought to be done to relieve the abutters, and probably this is as satisfactory as any course that could be followed. The land along the brook is not very valuable in its present condition and the improvement could not fail to benefit the abutters.

SOME curious rumors are going about among the politicians. One is that Mr. Lodge will not run for Congress again, but that the place will be left open to Speaker Barrett as a temptation to him to take it and leave Lodge the senatorship. But it is not believed that Barrett will do anything of the sort. If Lodge is that much afraid of him, then it will encourage Barrett all the more to push for the higher prize. Then, if Lodge is out of it, Alfred W. Cox of Malden is said to be the probable nominee.

The suggestion of Mr. Roger Wolcott's name for Lieutenant Governor is being received with great favor, and it would be a nomination for that office quite out of the usual course pursued by the Republican party in recent years. Haile and Wolcott would sound well, although Wolcott and Haile would sound better, and Mr. Wolcott would be able to meet the Democratic candidate on the stump and make the campaign more interesting.

MAYOR HIBBARD will have to resist a good deal of pressure if he refuses another term. From all over the city the sentiment seems to be in favor of using every means to induce him to accept a third term, and he can hardly be insensible to the great compliment this involves. No other candidate would be put up if he should be persuaded.

EX-SENATOR Francis Bigelow of Natick seems to be the most popular candidate in this vicinity for county commissioner, to succeed Mr. Frost.

MR. GEO. S. HOUGHTON of this city is the prohibition candidate for councillor, so Newton will have one nomination for the office in any event.

Thomas Nickerson's Will.

The will of the late Thomas Nickerson was presented for probate this week. The public bequests amount to \$16,000 and are as follows:

The Newton Theological Seminary, \$2,000; the American Baptist Missionary Union of Boston, \$3,000; the American Baptist Missionary Society of New York, \$2,000; the Newton Baptist Society, \$2,000; the Massachusetts Baptist Convention, \$2,000; the Massachusetts Society for the Relief of Widows and Orphans of Deceased Baptist Ministers, \$1,000; the South Baptist church of Boston, \$1,000; and the Newton Cottage Hospital, \$2,000.

A bequest of \$1,000 is left to Winslow Nickerson, a nephew; \$3,000 to Andrew Nickerson, the favorite nephew of the deceased, who is also named first as executor, and to him are left trust funds of \$8,000 to pay an income of \$10.00 to the widow of David Nickerson, a brother, and trust funds of \$800 to pay a similar bequest to Abbie C. Nickerson, daughter of the last named. These sums revert to the heirs on the death of the beneficiaries. Richard Nagle, the man of all work about the deceased's home, is left \$500.

The homestead, which was left to the wife, goes to the heirs, share for share. In part 18 of the will the following bequests are made: "I give and bequeath to my son, Theodore Nickerson, the portrait of my father, my aneroid barometer, my coat of arms, and all the works of W. M. Thackeray owned by me; to my daughter, Ella S. Rogers, my sofa rug; to my daughter, Lena A. Mason, my music box; to my grandson, Thomas Nickerson, my gold watch and chain and my picture of the ship North America; to my daughter-in-law, Kate M. Nickerson, my landscape, painted by W. N. Bartholomew; to my son-in-law, E. H. Mason, my edition of the Encyclopedia Britannica and my Black's Atlas."

The sum of \$100,000 is set aside for the benefit of the 15 grand-children of the deceased, and this sum is to be kept properly invested, and the income allowed to accumulate and be added to the principal. Each grandchild, on coming of age, is given his or her share, and if any of the children of the testator die and no grandchild of this child remains, the property reverts to the remaining grandchildren, if any, provided each are living.

Then the remainder of the estate is divided in equal shares to the wife and children, but the following provisions stop in to modify the bequest. First, one-half of the bequest only is to be paid directly to the children and secondly from this is to be deducted any debts that may be owing the estate by the children; neither do the issue of such children as owe the estate receive the full share. The other half of the bequest to the children is held in trust, the income being paid to the beneficiaries; likewise the income to the grandchildren when their parents shall die. When the wife died the provision for her fourth of the estate was that the income should go to the children, share for share. Then the trust is continued to the issue of children and grandchildren till the last of the children, husband and wife of either terminated, and the respective shares of the principal of the trust fund shall be paid to the persons then entitled to the income thereof.

It is interesting to holders of the securities which form a large part of the estate, Atchison and Mexican Central issues, to note that the testator requests that his investments be left intact, so far as possible. The testator, Theodore Nickerson, and E. H. Mason are named as executors, and are to receive \$5,000 each for their services. The property is estimated to be worth about a million and a half.

Field Day.

The Newton Natural History Society propose having a Field Day, at Newport, R. I., on Tuesday, September 6th. The party will leave Boston from the Old Colony depot, at 8:30 a. m., and returning leave Newport at 5:15 p. m. A cordial invitation is extended to all who would like to accompany the society on this early autumn outing. For further information apply to Dr. J. F. Frisbie. Round trip tickets \$2.50.

G. A. R.

Commander Sweetland and Comrade Downs visited Washington last week and has, Ward Post and friends who attended the 25th anniversary of the battle of Gettysburg in the Normandy, which is conducted by the same gentleman as Hotel Richmond.

Cured by
DR. DAM'S VEGETABLE REMEDY
All Grocers sell and warrant it.

"Boss Idea!"
Mended that old hose in one minute!
Good as new with

HUDSON'S HOSE MENDER
One twist of the pliers and the work is done in a most satisfactory manner.

75c. a box of dealers.

Ask your dealer for a box of Hudson's Hose Mender, consisting of 6 tubes, 20 bands, and 1 pair pliers, or postpaid \$1.00. Extra parts sold separately. Give inside diameter of your hose.

CHARLES E. HUDSON, Leominster, Mass.

"DO YOU COUGH?"
DON'T DELAY TAKE
KEMP'S BALSAM
THE BEST COUGH CURE

It cures Croup, Whooping Cough, Sore Throat, Croup, Influenza, and all other lung troubles. It is a sure and a safe remedy in all cases. You will see the excellent effect after taking the first dose. Sold by dealers every where. Large bottles, 50 cents and \$1.00.

Mr. Stanford has endowed the Leland Stanford Junior University, which is really a sort of home school for poor children, with property and money amounting to about \$10,000,000.

A certain duration of a luminous impression is necessary to produce an effect on the retina; hence it is that we do not see a very rapidly moving object, such as a bullet fired from a gun.

Without its atmosphere, which serves as a coverlet to protect it against the fearful cold of space, the surface of the earth would be frozen like that of the airless moon.

A device that works well in keeping loose waste paper out of the parks of Chicago is the placing of big trash baskets about on the lawns and paths.

THE LAST DESIRE.

When the time comes for me to die,
Tomorrow or some other day,
If God should bid me make reply
"What wouldst thou?" I shall say:
"Oh, God, thy world was great and fair,
Yet give me to forget it clean,
Nor vex me more with things that were,
And things that might have been!"
"I loved and toiled, thrived ill or well—
Lived certain years and murmured not,
Now grant me in that land to dwell,
Where all things are forgot!"
"For others, Lord, the purging fires,
The loves rekindled, the crown, the palm;
For me, the death of all desires
In everlasting calm."
—London Academy.

Royal Flute Player.

Frederick the Great made generous presents to all musicians except flute players. He played the flute remarkably well himself, and his proficiency sometimes led to acts that caused disappointment to his brother artists. A famous flutist once visited Potsdam and asked permission to play to the king, hoping that Frederick would show his appreciation of his skill by some valuable gift.

Frederick received him graciously, and listened attentively while he played a difficult piece.

"You play very well," he said, "and I am very glad to have heard a virtuoso of such ability. I will give you a proof of my satisfaction."

So saying he left the room. The musician waited, guessing at the probable nature of the "proof."

Presently the king returned with his own flute and played the same piece which had just been executed for him. Then he bade his visitor good day, saying:

"I have had the pleasure of hearing you, and it was only fair that you should hear me."—Youth's Companion.

How the Continents Attract Seas.

The effect of gravitation in heaping up the sea waters upon the shores of continents is one of the most interesting, as well as the most curious and least considered, facts in connection with old ocean's history. Thus the continents are all situated at tops of great hills or mountains of water, and to cross the Atlantic or any other ocean the ship has to first go down the sloping sheet, cross the valley and then climb the mountain of water on the other side before it safely reaches a harbor.

In this connection the interesting calculation has been made that in mid-ocean on the Atlantic the depression is about three-fourths of a mile below the level of the water at coast line, while a ship in traveling from San Francisco to Yokohama, Japan, must cross a valley at least a mile in depth.—St. Louis Republic.

A Storage Battery Locomotive.

A storage battery locomotive has been put into operation in Wurtemberg, running from some paper mills at Ravensburg to the station on the steam railroad, about 2½ miles away. This locomotive, which hauls passengers as well as freight, weighs eight tons and carries 100 cells of a gelatinous storage battery, which supply current to the motor. The cells weigh two tons. The line has no very heavy grades. The locomotive makes on an average four trips daily and hauls a load of twenty tons between the two points in twenty minutes. It seems to do the work.—New York Telegram.

W. C. T. U. Booming Suffrage.

Mrs. Lizzie Hill Mills, president of the Orange county (Cal.) W. C. T. U., writes: "We are 'booming' suffrage. Our local W. C. T. U. meets every week, and has given this last month entirely to suffrage and will give the coming one to the same topic. We are taking up the United States constitution and state laws. We send out written invitations to those who are not members of the union, and people are getting aroused and enthusiastic."

Where the Proof Was.

Lawyer—Of course I don't know what his defense is, madam, but we can sue him for breach of promise and see how we come out. The proof of the pudding is the eating, as they say.

Aggrieved Fair One (pensive, but businesslike)—The proof of the pudding, sir, is these here love letters.—London Tit-Bits.

Never Poultice the Eye.

It is the prevailing custom among ignorant people to put a poultice on an inflamed eye, a thing which should never under any circumstances be done. It is said to see the vast number of men, women and children made blind for life by this one thing.—Jenness Miller Illustrated.

The Delights of a Honeymoon.

She—Look here! This is the third handkerchief I have wet through with bitter tears!

He (very coolly)—Nothing but useless expense! That's how the washing bill runs up.—Popolo Romano.

Do not draw a check unless you have the money in bank or in your possession to deposit. Don't test the courage or generosity of your bank by presenting or allowing to be presented your check for a larger sum than your balance.

- Weyl, W. E., and others. Equitable Taxation. 81.210
- Six essays in answer to the question—what, if any, changes in existing plans are necessary to secure an equitable distribution of the burden of taxation for the support of national, state and municipal governments? with introduction by J. A. Lane. E. P. THURSTON, Librarian. Aug. 24, 1892.

THE GIRL AND THE CANTALOUPE.

A NEW COMBINATION FOR THE ICE CREAM CONSUMER.

"There she goes. You see she's got one in her hand now."

"Where? I don't see her."

"Why, right before you."

"Oh, yes; doesn't it look odd?"

"I should say so, but I'm told that it's the latest thing out in gastronomy, and the ice cream saloons have got quite accustomed to serving their wares in the new style."

The subject of the conversation of two clever young women was a very pretty girl who was walking along Atlantic avenue in a most nonchalant way, carrying a cantaloupe in her hand, and was the Atlantic City version of the Philadelphia Pross. She was heading for an ice cream saloon, and soon reached it, followed by the two young men who were curious to see the last of a certain departure they had heard of this week, which was nothing else than serving of ice cream in cantaloupes, the cream and the cantaloupe being eaten together. The cantaloupe girl, as the young woman who introduced the custom has come to be known, seated herself with her escort, who also had a cantaloupe in his hand, and when the waitress came up said: "Please fill one of these with vanilla and the other with orange-water ice." The waitress, who, a few weeks ago, would have looked blank on receiving such an order, took it as a matter of course, and took the two cantaloupes which had already been halved and cleaned at the fruit store, and came out in a few minutes with the four halves filled with a heaping lump of ice cream and water ice.

As they began eating, the cantaloupe girl and her escort were, as the weather-beaten phrase goes, the "cynosure of all eyes," but she didn't mind it, neither did the young man, but in this case he bowed to the superior bon vivant knowledge of his companion. "I never heard of it before," he was saying, while the answer came, "And isn't it too delicious for anything?" And it is; and while the ice cream saloons have not got to the point where they supply their own cantaloupes, for like everything else to the place born at Atlantic City, they are eternally slow, still no one minds appearances here, and it adds to the zest

o buy their own melons; and you can see almost any evening now young people bent ice cream saloons walking along the "avenue" with cantaloupes in their hands.

I asked the knowing young man to describe the sensation and the method of preparing the delicate morsel. "All you do," he cheerfully replied, "is to get a sweet cantaloupe—one of the small green ones—and then get it filled up with the ice. You take a spoonful of the ice cream or water ice and with it a shred of the cantaloupe and your digestive tract experiences a most delightful sensation. It tastes all the way down, Watermelon filled with champagne isn't a circumstance to it. I tell you the cantaloupe girl, who, by the way, is the summer girl, has made a big hit, and I know it."

Children Cry for Pitcher's Castoria.

Has to Stay over.—West Field—"It's hard to get a servant girl to come on Saturday, but I always try to manage it that way."

Greenwood Lake—"What special difference does it make to you?"

West Field—"There are no Sunday trains to New York on our road."—N.Y. Herald.

Prospective Housemaid—"The house and the wages suits me well enough. Now will ye please let me see yer husband's portrait so 't I c'n see what kind of a lookin' man he is."—Boston Beacon.

—Liver, Stomach, and Bowels, by Dr. Pierce's Pleasant Pellets. They do it in just the right way, too—by using Nature's own methods. That's why they're better than the dreadful, old-fashioned pills, with their gripping and violence.

But they're better in every way. In size, for instance, and dose. They're the smallest and the easiest to take; only one little Pellet is needed for a gentle laxative—three for a cathartic. They cleanse and regulate the system thoroughly—but it's done easily and naturally. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels are prevented, relieved, and cured.

They're the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for value received.

Something else, that pays the dealer better, may be offered as "just as good." Perhaps it is, for him, but it can't be, for you.

PASTOR KOENIG'S NERVE TONIC
More Than Satisfied. XII
08 CHESTER ST., BROOKLYN, N. Y., June 19, '90.
For over twelve years my son has been afflicted with spasms; he would have one every two weeks until about six months ago, then even two a week. We took him to a number of first-class physicians and we tried everything and any number of remedies without deriving any encouragement in his case, and had commenced to despair of ever being able to cure him at all, when we heard of Pastor Koenig's Nerve Tonic and concluded to give it a trial. The result has more than satisfied us! It is more than three months since he commenced to take this Nerve Tonic and he has never been sick since. Please accept our most sincere thanks, for we feel that you have not only cured him of a great affliction but have saved his life as well as we do not think he would have lived long in the condition he was in before he commenced taking your reliable remedy.
MRS. M. MOLODY.

FREE—A Valuable Book on Nervous Diseases sent free to any address and poor patients can also obtain this medicine free of charge. This remedy has been prepared by the Reverend Pastor Koenig, of St. Peter's Church, since 1876 and is now prepared under his direction by the

KOENIG MED. CO., Chicago, Ill.
Sold by Druggists at \$1 per Bottle. 6 for \$5. Large Size, \$1.75. 6 Bottles for \$9.

Ripans Tabules relieve headache.

WILLIAMS' ROOT BEER
DELICIOUS!

Sparkling and healthful. Enjoyed by the whole family. No other root beer extract equals Williams' in strength and purity. One bottle of extract makes 5 gallons. The great temperance drink. This is not only "just as good" as others, but far better. One trial will support this claim. Sold EVERYWHERE. Williams & Co., Hartford, Ct.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City. Late Pastor Bloomingdale Reformed Church.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., "The Winthrop," 125th Street and 7th Ave., New York City.

THE CASTORIA COMPANY, 77 MURRAY STREET, NEW YORK.

NEWTON CENTRE.

—Mr. and Mrs. W. R. Holt are at Nantasket.

—Mrs. E. B. Oliver of Parker street has returned.

—Rev. Theodore J. Holmes and family have returned.

—Mrs. James T. Carlton of Homer street is at the seaside.

—Mr. A. H. Leonard and family are at Long Island, N. H.

—Rev. Mr. Van Kirk preached at the Baptist church Sunday.

—Mr. Wm. E. Armstrong is able to be out after his recent illness.

—Miss Emma A. Bond returned this week from Thorndike, Me.

—Mr. L. Loring Brooks and family are occupying a cottage at Hull.

—Mr. Fred H. Twombly is at the Pillsbury House, Pine Point, Me.

—Mr. D. N. B. Coffin and family have returned from Woonsocket, R. I.

—Mrs. K. W. Fenner has been the guest of Mr. W. S. Mann, Pelham street.

—Mr. J. A. Rising and family have returned to their Centre street home.

—Mr. and Mrs. Augustus E. Royce are at the Lincoln House, Swampscott.

—The Misses Coleman and Rangan have returned from a week at Nantasket.

—Mrs. F. L. Baldes and child are with friends in Tyngsboro for a few weeks.

—Mr. Charles Stephenson and family are occupying their Beacon street residence.

—Mr. James Cutler of Knowles street is spending his vacation at Saratoga, N. Y.

—Mrs. E. A. Cutler and Miss Dora L. Stewart are at Mt. Wachusett, Princeton.

—Rev. D. J. Wholey is enjoying his vacation at Ranletts Hotel, Bethlehem, N. H.

—Mr. Anderson and family of Gibbs street have returned from Oakland Beach, R. I.

—C. W. Tute has put on a good looking landaulet as a public carriage at the depot.

—Mr. D. H. Andrews and family have returned from a pleasant sojourn at Cottage City.

—Mrs. Thomas L. Rogers was in town this week. She is stopping at Cananicut Park, R. I.

—Miss Cora Thompson of Middleboro has been the guest of Mrs. Wm. H. Swanton of Warren street.

—Mr. Stewart of Knowles street is celebrating at Gloucester the 25th anniversary of its incorporation as a town.

—Mr. and Mrs. W. Thorpe are at the celebration of Gloucester's 250th anniversary, Mrs. Thorpe's early home.

—The new part of Mr. D. H. McWain's store has been completed this week and he expects to occupy it very soon.

—Rev. William H. Cobb of Elgin street has been supplying the pulpit of the Congregational church, Millbury, Mass.

—Mr. and Mrs. Charles M. Scudder of Bowen street, have leased a house at Newton Highlands and will remove there.

—Mr. Henry S. Williams and family enjoyed a picnic outing at the Blue Hills, Milton, on Wednesday with other relatives.

—Congratulations to Mr. and Mrs. B. E. Taylor of Grant avenue. The boy that has come to them is known as Master Aldrich.

—Mr. Frank Clement and family started August 27, with a party from New York for a sojourn of two weeks at Jackson and Jefferson, N. H.

—Mr. Chas. Levi of Elgin street accompanied by his sister, Miss Mary, have been spending their vacation at Wolfboro, New Hampshire.

—Mr. J. R. Leeson was among the dozen or more guests of the Profile House who founded 870 scholarships for the Hampton Institute, last week.

—The students will begin to arrive next week, and the succeeding week the Newton Theological Institution will open its doors for the fall term.

—Dr. Geo. Bullen and family have returned to their home. Dr. Bullen has been in Wisconsin and M. S. Bullen has just returned from New Lenox.

—The house on Bowen street owned by George Smith has been having some alterations made. Mr. Smith expects to occupy it about September first.

—Dr. F. E. Bandfield's house on Gibbs street, has been purchased by Mr. A. J. Stearns of Somerville, who will occupy it with his family about the fifteenth of September.

—The construction work on the Unitarian church is progressing very satisfactorily to those interested. The new portion is now up and boarded in and in a fortnight the carpenters will be at work on the inside finish.

—Rev. Geo. M. Boynton of Station street who has been spending the summer with his family at their seaside home, North Scituate, is soon to make an extended tour to California and the North-West. Mrs. Boynton will accompany him.

—Timothy O'Brien fell from a window in Dennis O'Sullivan's house on South st., Tuesday evening about 10 o'clock. He was found to be somewhat injured and was removed to the Newton Cottage Hospital where he is getting along comfortably.

—There are letters in the Post Office for Mrs. Josephine Baker, Miss Mary Guild, Pietro Bellini, Mr. Chas. T. Coffin, E. H. Gibson, Jas. Harrigan, Jas. McGrath, E. H. Miles, Jas. Veeley, Chas. O. Wales, Mr. Sullivan, Dennis Sullivan, Mrs. F. J. Walsh.

—Mrs. Welch and husband of Cleveland, Ohio, came on to attend the funeral of her father, Mr. J. W. Oliphant. Mrs. Oliphant who has been so suddenly bereft of both daughter and husband in a short time, will accompany them and make her home in Cleveland.

—A water pipe burst Tuesday evening on Willow street where the sewer is being laid. The water department was notified by telephone and the break was soon attended to. Some considerable damage might have resulted if it had not been promptly discovered.

—Rev. Lemuel C. Barnes is expected home from his tour through Europe and Palestine sometime next week and he will probably speak from his own pulpit a week from next Sunday. His welcome home will be a very warm one and his joy at being once more with his people will not be less.

—Mr. J. R. Leeson and his son are now at Moosehead Lake, where they expect to remain until the last of September. They caught 1000 trout in the first four days of their stay, which broke the record at that famous fishing resort. Robert Leeson caught a 2 1/2 pounder, one of the largest catches of the season.

—Professor John H. Munsey of New York City, a brother of Mrs. Col. Haskell, was here on Monday. The Col. and family are celebrating at Gloucester the 25th anniversary of its incorporation as a town, where were settlers there as early as 1624. The Haskells and Munseys are all natives of the good old town.

—The committee of the Alumni Association of Dartmouth College has nominated

ten candidates for the two trusteeships soon to be filled and among them are noticed those of Rev. Daniel L. Furber, D. D. class of '43, Rev. Alvah Hovey, D. D., class of '44 and Rev. Wm. C. Strong, class of '45, of the Highlands.

—Mr. Joseph Work, vice-president of the Traders' National Bank, has resigned his position, and Mr. H. J. Jaquart, a director of that institution, has been appointed in his stead. Mr. Work was formerly connected with the Maverick Bank, and was to have been elected its vice-president at a salary of \$10,000 a year when the crash of that concern occurred. Within a few months he has lost by death his mother and his only child. He is suffering from nervous prostration, and has been ordered by his physician to go to the country for an indefinite rest. It is understood that his position is to be held open for him in the event of his recovery.

—Less than a week after the death of his daughter, Mr. John W. Oliphant passed away Saturday at his home on Wren street, after a lingering illness. The deceased was 70 years of age and had resided here a number of years, coming from New York where he had been engaged in business. He leaves a wife and one daughter, Mrs. Welch of Cleveland, Ohio. The funeral was held Tuesday, at 2.30 o'clock, the Rev. J. H. Malle assisted by Rev. Theodore J. Holmes officiating. There were several beautiful set pieces and a large display of cut flowers. The remains were conveyed to Mt. Auburn where prayers were held by Rev. Mr. Holmes.

—Dr. Elbridge C. Leach had quite an adventure on Sebago Lake, in Maine, the other day, some exaggerated reports of which have appeared in the Maine papers. He was out on the lake with a light canoe fishing for lake trout. The wind came up quite fresh and before he realized it he was about two miles off shore with the wind blowing a young hurricane. His companion (a Cambridge man) got quite anxious but he put him at work with a tin pan and he managed to keep the canoe from going over the canoe every few moments. Soon a steamer hove in sight and after many trials Dr. Leach succeeded in getting a line to the steamer and was towed to the wharf, both men being thoroughly wet, but being very fortunate in escaping from their perilous situation.

—Four hundred people saw the Portsmouth Athletic Club receive its defeat of the season. Priest pitched a fine game after the first inning but received wretched support, with the exception of Males and Tuffs. The playing of the Newtons was the best exhibition yet seen here. The score:

Innings.....1 2 3 4 5 6 7 8 9
 Newton.....5 0 2 0 2 0 2 1 0—12
 P. A. C.....1 0 0 0 0 0 0 0 0—1

Earned runs—Newton, 4. Two-base hits—O'Brien, Priest. Home runs—Dowd, Stolen bases—Hunt, Hunting, Lyles. First base on errors—Newton, 6; P. A. C., 1. Hit by pitched balls—Trefethen. Passed balls—Dowd (2). O'Brien. Wild pitch—Dowd. Struck out—Bowen, Warren (2), Hubbard, Lowell, Murphy (2), Dowd (2), Priest, Tuffe, Canavan, Molloy, Goodness (2), Lyles, Trefethen, Unipre—Bartlett. Time—2h. 30m.

—The recent well-earned victory by the Newton base ball club over the famous New Bedford team, one of the leading nine of the state, vastly increased the popular interest in the great game of the season to date on Walworth's field on Labor day with the crack Boston Athletic association nine.

The famous Harvard battery, Highlands and Mason, secured victory after victory for the Association club during their extended tour through the West and South from which they have lately returned, but as our nine has gained a wide reputation for heavy hitting they will undoubtedly make a creditable showing when they face the formidable Cornish pitcher. Moreover, the visitors will undoubtedly be in a down equally sturdy obstacle to success. To Newton belongs the credit of introducing this remarkable pitcher into the highest base ball circles of the state and upon a score of fields this season, his work has earned and received the unqualified admiration of his opponents as well as of his friends. He will have the full confidence of the Newton managers and if he is backed by the sturdy support of his fielders Newton has more than an even chance to win. It is needless to pre-empt every muscle will be strained to victory over this famous opponent and it is equally certain that the visitors will come prepared for a struggle to the death. In this game the lovers of base ball will be treated to an amateur contest of the highest class and as Newton has never been better represented upon the ball field we believe she can cope successfully with the more extended practice and experience of her opponents. Newton will play a practice game on Walworth's field, on the Saturday before Labor Day and will probably play a second game at New Bedford tomorrow. The full announcement concerning the B. A. A. game will be made next week.

NEWTON HIGHLANDS.

—Pianos tuned, Farley, Newton.

—Mr. and Mrs. J. F. Barnes are at home from their summer visit.

—Hon. and Mrs. J. F. C. Hyde are home from their sojourn at Pigeon Cove.

—The New England Telephone Co. have established a branch office in Bowen's block.

—Mr. S. D. Whitmore is home, but his family will prolong their stay a short time longer.

—Mr. C. O. Barrett and family are at home again after an absence of several weeks.

—Rev. J. P. Chadbourne will conduct the funeral services at Lincoln Hall, next Sunday.

—Mr. and Mrs. Amasa Crafts have as their guest, her sister, Miss Paul, of Newton Centre.

—Miss Hattie Bragdon has recovered from her illness, but has not re-opened the dining room.

—Mrs. Hilton and child are at Minneapolis, where they expect to remain for several months.

—A large party were at Echo Bridge Grove, Sunday from Boston looking over the lots. It is stated that over \$6,000 worth of lots have already been disposed of.

—Mr. Edward Cooper of Cooper & Dyson, is enjoying his vacation this week and next. He will go to New York next week with the Boston Retail Grocer's Association excursion.

—Miss Rebecca Flagg had a narrow escape Tuesday morning. She tried to board the 8.07 train at Eliot station after it was in motion and was thrown to the ground very near the rails.

—Mrs. A. T. Beal is just recovering from an accident, one of the leading nines of the state, vastly increased the popular interest in the great game of the season to date on Walworth's field on Labor day with the crack Boston Athletic association nine.

—The famous Harvard battery, Highlands and Mason, secured victory after victory for the Association club during their extended tour through the West and South from which they have lately returned, but as our nine has gained a wide reputation for heavy hitting they will undoubtedly make a creditable showing when they face the formidable Cornish pitcher. Moreover, the visitors will undoubtedly be in a down equally sturdy obstacle to success. To Newton belongs the credit of introducing this remarkable pitcher into the highest base ball circles of the state and upon a score of fields this season, his work has earned and received the unqualified admiration of his opponents as well as of his friends. He will have the full confidence of the Newton managers and if he is backed by the sturdy support of his fielders Newton has more than an even chance to win. It is needless to pre-empt every muscle will be strained to victory over this famous opponent and it is equally certain that the visitors will come prepared for a struggle to the death. In this game the lovers of base ball will be treated to an amateur contest of the highest class and as Newton has never been better represented upon the ball field we believe she can cope successfully with the more extended practice and experience of her opponents. Newton will play a practice game on Walworth's field, on the Saturday before Labor Day and will probably play a second game at New Bedford tomorrow. The full announcement concerning the B. A. A. game will be made next week.

—The season for this work is now open, and we should be glad to receive orders or make estimates for parties wishing work in private grounds.

Having laid the Newton public sidewalks for the past sixteen years, the quality of our work is well known. Communication by mail will receive prompt attention.
